**Study In Progress To Determine Need For Technical Institute**

A study is now in progress to determine the need for a technical institute in Transylvania County. The Board of Education has appointed a Steering Committee that is conducting surveys and compiling information relating to the County's need for a local technical institute.

Information will also be gathered to show the amount of interest and potential financial support that exists.

Tom L. Bingham, Chairman of the Steering Committee, announces that various Sub-Committees are now at work.

A Student - Adult Survey Committee, with Joe Morrow serving as Chairman, is securing data relating to interest in technical and vocational courses. Mrs. Lucy Bryson, Mrs. Jacqueline Whitaker, and Jack Hall are members of this Committee. Interested persons are requested to complete the Adult Survey Form with this story.

Charles Russell, Chairman of the Business and Industry Committee, is assisted by J. D.

Truan, Don Blankinship, Hugh Catlett, Tom Hunter, Chester Kilpatrick, and Mrs. Thelma Glazener. Members of this Committee are determining present and projected employment demands in Transylvania County.

Mrs. Peggy Hina, Mrs. Frances Waser, Bill Norris, and Dr. Robert Davis are serving on the Publicity and Finance Committee, Chaired by Gil Coan.

Steve Cochran and George Turner are working with Chairman Jimmy Gaither on the Temporary Site Committee. Facilities, if only temporary, must be available if the study results in justification of an institute in the County.

C. M. King is serving as consultant to the Steering Committee in the data gathering process. Mr. King performed a similar function in Henderson County prior to the establishment of Blue Ridge Technical Institute in Hendersonville.

"The initiation of this study does not indicate that the Transylvania County Board of Edu-

cation is endorsing the establishment of a technical institute," says a Board spokesman. "Consideration of an endorsement will only be given at the conclusion of the feasibility study. An analysis of the facts will be made by the Board before any statement of position can be appropriately determined."
