

Who Is Karin Brown?

I AM KARIN BROWN

I'm a Concerned Citizen and I'm Running for City Alderman

I Believe in Clean, Wholesome City Government

I BELIEVE:

"The Business of Brevard is People, Not Necessarily Administration"

"While good administration is very essential to efficient government operation, there would be no need for it if there weren't a lot of people with a lot of very real needs. Our emphasis should be on concern for people and their needs. Then our desire for Efficient Businesslike Administration can be justified, for it is then a valuable factor in making sure these needs are met."

"WE DON'T NEED JUST MANAGERS IN THE CITY GOVERNMENT - WE NEED PEOPLE-ORIENTED ACTION GETTERS WHO ARE GOING TO BE RESPONSIVE TO WHAT PEOPLE NEED AND WANT, AND WILL REPORT TO THE PEOPLE EXACTLY WHAT IS BEING DONE."

I Believe in BETTER INFORMED CITIZENS - and - IN BEING A WELL IN-

FORMED CITY ALDERMAN

Based on information received from questionnaires I will plan to further explore what the citizens of Brevard are thinking and needing. I will plan to act accordingly.

My recent questionnaire showed many people are vitally concerned about city government and a number of issues in this election.

- *Having a woman's voice in city government.
- *Better Zoning regulations and continued support of better housing conditions for low income families.
- *Having new programs to protect our environment while encouraging sound economic growth.
- *Having better recreation facilities and programs for our youth.
- *Programs that will help our community and at the same time attract visitors and tourists.
- *Taxes that are in line with the activities, growth and progress of the community.
- *Improved safety programs for school children.

I Believe in the People and Their Needs As I've Outlined Them Here.

If You Share My Concern for Our Community - Its People And Its Needs

These are the Issues our Citizens are concerned about, as I see them, and here is where I stand on these Issues

*** I Believe that the Woman's Voice Should be Heard in the Progress of Brevard**

The women of the community need to have more representation in the planning and governing of the city and its actions as it affects them. Women are in touch with the human needs in government, not just concerned with administrative detail.

*** I Believe in Better Housing Conditions and Better Zoning Regulations**

We need more housing programs to help our people and better zoning in line with progressive economic growth of our city. The current program in conjunction with HUD is excellent, more such projects are needed.

*** I Believe in Expanded Recreation Facilities and Sound Programs for Our Youth**

The parks we have need to be attractive to our youth and programs should be established

to guide them in using them. Programs can be developed which our youth can relate to, that will also create interest for tourists and visitors. All that is now available for our older youth is a pool hall. They need somewhere to dance or just to gather that is well supervised and open regularly.

*** I Believe in Protecting the Ecology and Beauty of Our Area**

We need to insure that while we must progress economically, we also strongly protect our streams, land, air and entire area from ecological harm and damage. Stronger environmental protection laws are needed and the ones currently on the books must be enforced - strictly and fairly.

*** I Believe in Developing Safety Programs for our School Children and Airport Relocation**

There is no question that a progressive community needs an airport, but not next to a school. Sound airport planning and development is needed along with better planning in the future for school safety.

VOTE FOR: KARIN I. BROWN FOR CITY ALDERMAN on NOV. 6

REMEMBER: YOU Get TWO votes for City Alderman--Make At Least ONE of them COUNT For the NEEDS OF THE PEOPLE, By Voting for KARIN BROWN, on Nov. 6
