# County Baptist Charges Against Brevard ABC Store Are Answered

The chairman of the State Alcoholic Beverage Control Board said Tuesday he has been assured that irregularities uncovered in the operation of the liquor store in Brevard in connection with raids on private clubs in that area last month will be corrected.

Dr. L. C. Holshouser said the state board discussed the matter at its meeting Monday with John I. Anderson, chairman of the Brevard ABC Board; and Robert Hill, the store supervisor.

Warner Maupin, chief of enforcement of the ABC system, had found a role of tax stamps for table wine from the Brevard store's cash register in an envelope at Sapphire Valley Inn.

Cook said that subsequent investigation showed the stamps were for 54 consecutive purchases of unfortified wines, which ABC stores are no longer authorized to sell.

The Brevard store supervisor said that the sale was made by several salesmen to four men.

The sale of unfortified wines from ABC stores was authorized in mid-1972, but the state board order had long since been rescinded, Cook said.

The local chairman pointed out that the Brevard store had been authorized to sell unfortified wine — table wine — by the State Board, then Democratic, following the local wine and beer election in 1971.

The new Board, which is Republican had not informed the local Board that it could not sell these unfortified wines.

"But we have now taken this wine, 12 per cent alcohol, from the local shelves," the Brevard chairman stated.

Cook said Fred Johnson, District 6 ABC enforcement supervisor, had also checked the Brevard store's file of transportation permits for purchases of liquor up to five gallons by one customer "and found some of them to be in improper order."

Some permits were made out to a club rather than the individual making the purchase, Cook said.

Dr. Holshouser said that while the Brevard chairman acknowledged that some discrepancies against store personnel existed, he insisted that such does not occur at the Brevard store on a regular basis.

"We put them on notice that they should shore up their operation a little bit, and they agreed to see that none of this occurs again," the state chairman said.

The Brevard Chairman told the State Board that the Brevard store had been operated
