

OLIN 35th ANNIVERSARY CELEBRATION — Left photo shows the food line at the Olin Welcome Center for the 35th Anniversary celebration. Serving visitors is Mrs. Pat Martin, who was in charge of food arrangements at the Welcome Center. Helping her is Mrs. Mary Hottel, left, and Mrs. Joyce Galloway. The Welcome Center was in a large tent on the north end of the Pisgah Forest plant grounds where visitors were received before being given a tour

of the grounds, the Film Division, Research Laboratories, and Fine Paper Division. After the tour, the visitors were guests of the company for refreshments. Over 20,000 people were served in the four-day period of the anniversary observance last week. The photo on the right shows, left to right, Mrs. Sylvia Patterson, Ray Simmons, and Ben Patterson examining a model and aerial photograph of the

Pisgah Forest Plant. This overall photographic view and the detailed model were centers of interest for business, professional, and private individuals because they show construction under way on the plant's \$11 million pollution abatement program. These works for smoke treatment and water purification are expected to be finished later this year.

RICE FURNITURE, APPLIANCE & CARPET COMPANY Mammoth Inventory Clearance Sale Is Now In Progress!
