DALE BUNYAN STUDS

These are the "most used" pieces of lumber around. In fact, the do-it-yourselfer could hardly be without them! They come pre-cut to standard lengths and ready to use as studs in walls... as utility shelving... as partitions when paneling... as sawhorses... anywhere that supportive lumber is needed. #07002.

69c EACH

SCREEN DOOR

Let the summer breezes blow through, but keep pesky animals and insects outside. This fir screen door measures 2'8" x 6'8" and has heavy-duty grill on the bottom for extra protection against pet damage. #11202.

\$19.88

Installation Available

TOUCH DOWN STORM WINDOW

This window will help you save on fuel costs because it keeps the heat and air conditioning inside! When glass panels are in place, they provide insulation by creating a dead air space between panels. When you'd rather have ventilation, the panels "Touch Down" instantly to let fresh air through. #13046.

\$10.88

INSTALLATION AVAILABLE

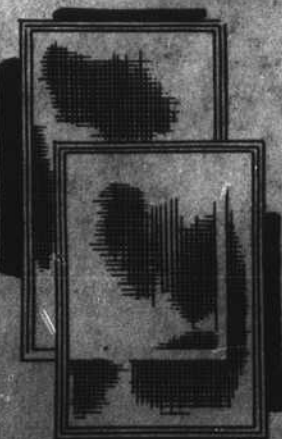

Aluminum WINDOW SCREEN

Are you tired of looking at gaps in your screens and the insects they let in? Well, now is the time to replace your old worn-out screening with new aluminum frame screens from Lowe's. These screens never need painting... they'll never rust, either. 28" x 36". #14451.

\$3.29

Installation Available
