Chuck Bradley Is Winner Of Brevard Jaycees' DSA

A realtor, a state highway patrolman, a cattle farmer, a teacher from Rosman High School, and a supermarket manager were all honored for their outstanding contributions to Transylvania's betterment at the 27th annual Distinguished Service Award banquet of the Brevard Jaycees held last Friday night at the Brevard College cafeteria.

Several hundred persons were on hand for the occasion, including a number of past DSA winners, who were also recognized during the course of the evening.

Charles "Chuck" Bradley, a local realtor who is with James C. Gaither & Associates, was named recipient of the DSA for 1974, which annually goes to Transylvania's outstanding young man of the year selected by a panel of non-Jaycee judges.

Mr. Bradley is the current president of the Brevard Jaycees, and served as external vice president in charge of all community projects until May of last year. He has led the Jaycees to one of their finest years ever while serving as president.

He has also served on the

board of directors of the Transylvania County Workshop, the Bicentennial steering committee, and as secretary of the Brevard Board of Realtors. He is an active member of Brevard-

Davidson River Presbyterian Church here and serves as an usher there.

Mr. Bradley is also currently serving as a director of the newly organized First

Sate Savings and Loan Association here.

He was one of three finalists named by the judges. The others, who also received handsome plaques for their outstanding endeavors, were Pete D'Angona, and Walter "Tinker" Siniard.

The beautiful DSA plaque was presented to Mr. Bradley by Mrs. John I. Anderson in memory of her late husband who was recipient of the award in 1950.

The "Outstanding Young Law Enforcement Officer" award was won by Sate Highway Patrolman Thad Elmore, who received his plaque from Brevard Mayor Charles Campbell.

Honored as Transylvania's "Outstanding Young Farmer" was Eddie Carter of Pisgah Forest, who has been most successful raising cattle in this area. His award was presented by George Turner, manager of the local Duke Power Company office.

Linda Hogsted, a teacher at Rosman High School, was named Transylvania's "Outstanding Young Educator" for the year. She also received the plaque — See Bradley, Page 3A

High Motivation Is Haggai Prescription

Describing happiness as the ability to maintain a high level of motivation despite the problems you face, Dr. Tom Haggai challenged his audience Friday night to "Rejoice evermore."

This is the advice that Paul wrote in his two letters to the despondent people of Thessalonica, Dr. Haggai said, whom he compared to Americans today.

The popular High Point man spoke at the annual Brevard Jaycees Distinguished Service Awards banquet Friday night at Brevard College, attended by 126 persons.

"He did not say be happy all the time. You cannot be happy all the time," Dr. Haggai said. If people were happy all the time, there would not be the great music, poetry and art

that was born of despair, he said.

In the face of terminal illness of serious family problems, "There is a way to not lose your motivation," Dr. Haggai said.

"Paul tells you how. When he gives you a toy, he gives you the batteries and all the screws. 'In everything give thanks. This is the will of God through Christ Jesus.'

"You cannot be thankful and depressed at the same time," he said. Unless, he quipped, it was the man watching as his mother-in-law drove off the cliff in his new El Dorado Cadillac.

New School Ready; Sleet Delays Move

1,600 Pupils Involved In Change

Brevard's new elementary and middle schools — colorful, carpeted, and attractive — Monday were forced to wait at least one additional day before occupancy because of the sleet mixed with snow which began falling around 7 a.m. in Brevard and the lower end of the county.

The 899 students at the Middle School and the 694 elementary school pupils had been scheduled to report to their old institutions Monday morning and would have been transferred to the new facilities during the day, school officials said.

Teachers and school officials worked during the Christmas and New Year's holidays in moving, books, equipment, and the accessories from the old building into the new ones.

The move was to have been an exciting one for the youngsters and their teachers, and officials predict it will be when the move does come.

The new facilities, and the Rosman elementary school which opened in October give the county some of the finest lower-grade school structures in N. C. When the two high school projects now underway are completed, the county will have one of the finest school plants to be found in the nation.

The Brevard Elementary School was built and equipped at a cost of \$1,500,000. Cost of construction and equipment for the new Middle School was \$2,150,000, school officials said.

Bids totaling almost \$1.8 million were recently approved for the new Rosman and Brevard High Schools' projects.

If weather permits, school officials said, the schedule prepared for Monday will be adhered to Tuesday. Students will report to their old schools, and shuttle buses will transport them in relatively small groups to the new facilities.

There, they'll be given a tour of the new structures and settled into their classrooms areas, while the buses bring out another group of students.

Richard Voso is the principal of the elementary school. Charles Whitley is principal of the Brevard Middle School.
