

## N. C. Office Opened In Nation's Capital

Governor Jim Holshouser announced that the State opened a North Carolina Washington office on Thursday Jan. 16.

Heading up the office is Mrs. Reppe B. Stewart, who has served as director of the Connecticut's Washington office for the past three years.

The suite, consisting of three offices and a reception area, is located at 1100 Seventeenth Street, Northwest.

The North Carolina Washington office is a part of the Department of Administration's Office of Intergovernmental Relations, established by the Governor in April, 1974, to improve communication and cooperation among the various levels of government.

"With the success of so many of the State's programs today being dependent on the federal government, it is essential for the state to have a continuous link with Washington," the Governor said.

The Governor emphasized that the office would work closely with the State's Congressional delegation as well as various federal agencies.

"This office will be able to assist the Congressmen in keeping them aware of the state's programs and priorities as well as assessing the impact on North Carolina of proposed legislation," he explained.

Serving as assistant director is William A. Crews, Jr., a Thomasville native who is currently Congressional Liaison for the Office of Intergovernmental Relations.

The Governor said he was particularly pleased that Mrs. Stewart had agreed to serve as director of the office. He noted that she had also served as special assistant for transportation to Connecticut Governor Thomas J. Meskill.

"While in Washington, Mrs. Stewart was instrumental in helping the state of Connecticut receive more federal highway funds. Since North Carolina is a donor state contributing more highway

funds than it receives back, we will be looking to improve this situation in particular.

Approval for a 24 1/2 month lease was granted during a meeting of the Council of State. Rental for the 780 square feet will be \$5,655 a year, or \$7.25 per square foot, including utilities and janitorial services.

## Family Dollar Sales Rise; Profits Dip

Family Dollar Stores, Inc., today announced unaudited sales and earnings for the three months period ended November 30, 1974. Sales for the three months were \$12,469,262 as compared with \$12,050,854 for the comparable three months period ended November 30, 1973.

Net income for the recent three months period was \$78,396 or 2 cents per common share as compared to net income of \$542,865 or 14 cents per common share for the three months ended November 30, 1973.

Leon Levine, president, acknowledged that the factors which previously adversely affected sales and earnings continued to affect the Company's first quarter results.

The company is continuing to institute more aggressive procedures to curtail shoplifting losses, is seeking to implement new programs to stimulate sales, and to keep operating expenses under control.

The company also announced that net sales for the month of December 1974 were \$7,792,313 as compared with \$7,717,428 for December 1973.

Family Dollar Stores operates a chain of 204 self-service, low price, cash and carry retail stores in the southeast.

How Research Helps  
Revolutionary changes resulting from agricultural research in livestock feeding, breeding, and marketing have made it possible to put two-fifths more beef on American dinner tables than was available 20 years ago.

He is married to the former Mary Virginia Carter of Valpariso, Indiana, and they have four children.

## UNC-A Hits New Record Enrollment

The University of North Carolina at Asheville hit an all-time record in enrollment with spring semester registration, Mrs. Jo Cadde, registrar, has announced.

A total of 1,451 students signed up by the close of registration Monday, 50 more than the previous high registered last fall and nearly 35 per cent more than the count for last spring.

Of the total, 1,064 signed up as day students and 387 registered for night classes. Last spring's Term I enrollment totaled 1,077.

Dr. Roy A. Riggs, vice chancellor for academic affairs, attributed much of the increase to UNC-A's expanded evening programs in continuing education.

## Sunday School Campaign

# Bible Discussions Are Invigorating

BY DONALD F. RUNION, JR. Pastor

Grace Baptist Church  
A crisis occurs in thousands of homes every Sunday morning. The alarm sounds and a decision has to be made of whether to stay in bed and sleep late, or to get up and get ready for Sunday School.

Surprisingly enough, considering our almost universal hostility toward alarm clocks, Sunday School often wins the battle, luring the bleary-eyed out of bed and on to church.

The reason for this achievement, is that the Sunday School hour is more refreshing and invigorating than that extra hour of sleep.

The opportunity of meeting

Attendance figures for Sunday School in Transylvania County churches for last Sunday are the following:

Calvary Baptist	177
Brevard-Davidson River Presbyterian	135
Brevard Wesleyan	148
Carr's Hill Baptist	73
Catholic	96
Cherryfield Baptist	97
Church of God	154
English Chapel United Methodist	12
Enon Baptist	69
First Baptist	334
First United Methodist	224
Grace Baptist	119
Little River Baptist	127
Morningside Baptist	80
Mt. Moriah-Calvert Baptist	36
North Toxaway Baptist	50
Pisgah Forest Baptist	138
Rosman United Methodist	25
Selica United Methodist	18
St. Timothy United Methodist	59
Temple Baptist	128
Turkey Creek Baptist	224

with men, women, or young people of about your own age to discuss the issues of daily life in light of the Bible is stimulating.

Most of us take little time in our busy schedules to stop and think about how we are living our lives, and Sunday School helps us do this as part of our worship of God.

If you are a veteran of many alarm clock wars, but still haven't found the satisfaction of regular Sunday School attendance, I encourage you to try Sunday School this week.

It is an opportunity for fellowship and reflection, for Bible study and worship. Sunday School is an hour well spent.
