On Tuesday evening at Bayside, the magnificent country place of Mrs. P. S. Hollowell, an enjoyable Lawn Fete was given in honor of Mrs. S. A. Graham nee Hollowell, of Salisbury, Md., now visiting her former home. The affair was one of the most charming social events of the season.

Onk Ridge Institute will open its 46th year August 18th. The school has been managed by Prof. Holt twenty-two years, and in language of Dr. Winston, recently president of the University, "has had a large share in the revival of the educational spirit of the State." It sends out the prettiest catalogue in the State. Write for one.

The steamer Newbern, Capt. Jesse Rhodes, began her regular trips to Nag's Head yesterday. She is a first class boat, commanded by a first class Captain and his connection is with a first class hotel, and it is both the interest and the duty of our people to patronize and encourage the hotel and the steamer, which is a part of it.

Another fine specimen of marble work has been erected in Edenton, by the Couper Marble Works, of Norfolk, Va. It marks the grave of Spurgeon, the son of Mr. C. T. Vann, and is said to be the handsomest child's memorial in Beaver Hill cemetery. The design and its execution are of the highest order and evidences the fact that the best of work only comes from the above establishment.

After a successful and harmonious copartnership of thirteen years the law association of W. D. Pruden and C. S. Vann, of Edenton, has been dissolved by mutual consent and with personal regrets, for business considerations alone. The notice of dissolution appears elsewhere. The new firm will be Pruden & Pruden, father and son. C. S. Vann, the will continue his business in Edenton.

A caged Ostrich will often swallow pieces of iron, brick, glass, old shoes, copper, iron, etc., but the strength of its gizzard enables it to digest the hardest substances. Not so with your reader, even a cracker made of poor materials will prove indigestible. Keep on the safe side by buying only such crackers as have "Fox" stamped on them.

The Water Works.
We had a call on Monday from Mr. C. W. Hall, of Buffalo, New York, who is visiting our town as a representative of a Buffalo syndicate, who propose to establish water works in Elizabeth City. Mr. Hall greatly interested us with his plans and the advantages to this community of having a first class system of water works. Some things he stated were familiar to us and some were new to us. His idea of purifying surface water by the use of it is new to us, and but for his experience the subject, we would suppose was erroneous.

Gentlemen commissioners, tie to him, bind him in strong conditions as to time and quality of work and give us a good system of water works and we will give the need of praise, and say nothing, as is our wont, of what we have done to further this beneficent object. We'll see you later.

Be Just, Tho' the Heavens Fall.

We wish our city Paps would do something we could approve, but as long as they do things to be condemned we will condemn, without fear or favor. Their ordinance requiring bar keepers to close their bars at 10 o'clock p. m. is all wrong. It is an injustice and an abomination. They recognize the business as legitimate by granting a license, and then cripple the business by restricting it. It would be as fair to order any business in this town to run on half time. It is an interference with private business, which they have authorized and from which they derive revenue.

Oh, City Paps! City Paps! why will you do so? We suppose they will lay the blame on the only Democrat on the Board. Were we he, we would resign from the foul association and let them shoulder their responsibility.

Wore His Old Uniform.

Two train loads of Confederate veterans left the union station this morning for Nashville, among whom was Private A. W. Grandy, of Norfolk, Va., who attracted much from the other veterans. He was clad in the same suit of Confederate gray that he wore during the war, and carried by his side the same Springfield rifle with which he had gone through many battles.

His uniform showed many ravages from time, but over the right breast was the unmistakable sign of a bullet hole. The old man insisted on baring his breast to show he was no impostor. The scar was there, showing where the bullet had entered.

Lieutenant-Colonel Wm. H. Stewart, of the Virginia Volunteers, in speaking of this soldier, said:

"I have been personally acquainted with Mr. Grandy since 1861. He was a private of company B, 61st Virginia infantry, and was true and faithful to the Confederate cause; in the front line of battle. He was severely wounded in the hip at the battle of Spotsylvania Court House, May 12th, 1864, and desperately wounded through the right lung at Hatcher's Run, February 6th, 1865. Unselfish devotion and manly courage marked his conduct through the eventful years of war, and since, gentlemanly deportment has further evidenced his true manhood."—Atlanta Journal.
