

# Economist.

MAKE ADVERTISING PAY by using the columns of the ECONOMIST, the medium that reaches more families than any other paper in Eastern Carolina.

The most TIRELESS WORKER in Elizabeth City is the ECONOMIST. It goes into the homes of the people telling the news with the voice of a trusted friend.

Take each man's censure but reserve thy judgment.—Hamlet

VOL. XXVI.

ELIZABETH CITY, N. C., FRIDAY, NOVEMBER 12, 1897.

NO. 31.

**Pill Clothes.**

The good pill has a good coat. The pill coat serves two purposes; it protects the pill, and disguises it to the sensitive palate. Some coats are too heavy; they won't dissolve, and the pills they cover pass through the system, harmless as a bread pellet. Other coats are too light, and permit the speedy deterioration of the pill. After 30 years experience, Ayer's Sugar Coated Pills have been found as effective as if just fresh from the laboratory. It's a good pill, with a good coat. Ask your druggist for

**Ayer's Cathartic Pills.**

This testimonial will be found in the "Curebook," with a hundred others. Free. Address: J. C. Ayer Co., Lowell, Mass.

**REV. DR. TALMAGE ON DANGERS THAT THREATEN SOCIETY.**

The Public Criminals—Prison Reform—The Idle Classes—The Oppressed Poor—Discrimination in Charity—Putting Garments to Glorious Use.

(Copyright, 1897, by American Press Association.)

WASHINGTON, Nov. 7.—In this sermon Dr. Talmage, in a startling way, speaks of the dangers threatening our great towns and cities and shows how the shattering fires may be put out. His text is Psalm lxxxv, 18, "The roar out of the wood doth waste it, and the wild beast of the field doth devour it."

By this homely but expressive figure David sets forth the bad influences which in olden times broke in upon God's heritage, as with swine's feet trampling, and as with wolves' howling, upon the vineyards of prosperity. What was true then is true now. There have been enough trees of righteousness planted to overshadow the whole earth had it not been for the axmen who hewed them down. The temple of truth would long ago have been completed had it not been for the iconoclasts who defaced the walls and battered down the pillars. The whole earth would have been an Eden, had it not been for the sinners who have turned its back upon you and left you to consort with vagabonds and wharf rats, how much better would you have been? I have no sympathy with that executive clemency which would let crime run loose, or which would sit in the gallery of a courtroom weeping because some hard hearted wretch is brought to justice, but I do say that the safety and life of the community demand more potential influences in behalf of these offenders.

**MENACING CLASSES.**

I propose to point out to you those whom I consider to be the destructive classes of society. First, the public criminals. You ought not to be surprised that these people make up a large portion of many of our cities. In 1889 of the 49,000 people who were incarcerated in the prisons of the country 23,000 were of foreign birth. Many of them were the very desperadoes of society, oozing into the slums of our cities, waiting for an opportunity to riot and steal and debauch, joining the large gang of American thugs and cutthroats. There are in our cities people whose entire business in life is to commit crime. That is an unbusinesslike and unprofitable business. It is a business of the gutter, and it is a business that is a disgrace to our civilization. It is a business that is a disgrace to our civilization. It is a business that is a disgrace to our civilization.

FOR SALE BY DR. W. W. CRICCS & SOI.

I want you to know who are the uprooting classes of society. I want you to be more discriminating in your charities. I want your hearts open with generosity and your hands open with charity. I want you to be made the sworn friends of all city evangelization, and all new-borns lodging houses, and all Christian anti societies. Aye, and you to send the Dorcas society all the cast off clothing that, under the skillful manipulation of the wives and mothers and sisters and daughters, these garments may be fitted on the cold, bare feet and on the shivering limbs of the destitute. I should not wonder if that hat that you give should come back at you this winter, as that garment that you should mysteriously be whitened and somehow wrought in the Saviour's own robe, and in the last day he would run his hand over it and say, "I was naked and ye clothed me." That would be putting your garments to glorious use.

Besides all this I want you to appreciate in the contrast how very kindly God has dealt with you in your comfortable homes, as your well filled tables and at the warm registers, and to have you look at the round faces of your children, and then, at the review of God's goodness to you, go to your room and lock the door and kneel down and say: "O Lord, I have been an ingrate. Make me thy child. O Lord, there are so many hungry and unclean and unsheltered today. I thank thee that all my life thou hast taken such good care of me. O Lord, there are so many sick and crippled children today. I thank thee mine are well, some of them on earth, some of them in heaven. Thy goodness, O Lord, breaks me down. Take me once and forever. Sprinkled as I was many years ago at the altar, while my mother held me, now I consecrate my soul to thee, a hollower baptizer of repenting tears.

"For givers, lord, thou can't be blest, And I'm a sinner vile indeed, Lord, I believe thy grace is free, Oh, magnify that grace in me!"

Aluminum Bronze.

For certain purposes aluminum bronze is superior to steel, as it appears little subject to fatigue. Cartridge shells of this material have, it is stated, been fired 90 times in succession, and a rifle firing pin struck 120,000 blows without a change occurring in its molecular condition. It can be drawn into tubes, but is as difficult to deal with as steel. The strength of the drawn tube not annealed reaches 96,000 pounds per square inch.

Satisfied the Audience.

The young woman on the stage who was submitting to the test suddenly assumed an expression of intense suffering. Her features were rigid and distorted and her eyes fixed on vacancy with a horrible stare.

The hypnotist, alarmed at the manifestations, hastened to remove the spell.

Before doing so, however, he relieved the concern of the audience and secured tumultuous applause as a witness of his successful effort.

"Now," he said with a reassuring smile, "she thinks she is riding a bicycle."—Detroit Free Press.

Woman's Egotism.

She—Why do you get so profane? Why can't you content yourself with "Good gracious me," as I do?

He—I couldn't be so egotistical as to talk that way about myself.—Boston Journal.

HOW TO BE BEAUTIFUL.

To be beautiful you must have pure blood and good health. To do so, purify the blood and build up the health with the best Tonic and Blood Purifier of the age, Botanic Blood Balm ("B. B. B."). It is the old standard and reliable remedy. It never fails to cure all manner of Blood and Skin disease, where eminent physicians, and all other known remedies have failed. Send stamps for book of particulars to The Bland Balm Co., Atlanta, Ga. Price \$1.00 per large bottle.

POSITIVE PROOF.

A lady friend of mine has for several years been troubled with bumps and pimples on her face and neck, for which she used various cosmetics in order to remove them and beautify and improve her complexion; but these local applications were only temporary, and left her skin in a worse condition.

I recommended an internal preparation—known as Botanic Blood Balm, ("B. B. B."), which I have been using and selling about two years; she used three bottles and all pimples have disappeared; her skin is soft and smooth and her general health much improved. She expresses her self much gratified, and can recommend it to all who are thus afflicted. Mrs. E. M. Wilson, Iron Mountain, Texas.
