**The Tranquil House.**  
We have thought for some time that the Tranquil House, at Manteo, deserved a kind word, at the opportune time, and now, when a new hotel is to be opened at Manteo, as a rival of the Tranquil, in its chosen field, we think the opportune time has arrived.

For some fifteen years the Tranquil House has been striving by careful attention to business, by kindness, by a superb table laden with all the delicacies supplied from forest, sky, marsh and stream, by nice beds and bed rooms that wooed sleep to the most restless bosom, by a delicate attention to all the wants of the invalid or sojourner, until it has become the recognized leader of all the public houses in North Carolina, the rallying centre and life of Roanoke Island. Before the Tranquil was established as a public house, Manteo was scarcely known save as a place where fishermen dried their nets and oyster tongs sorted their bivalves. Now it is known of all men as a resort for invalids and tourists, and all leave with words of praise for the Tranquil. The change is all the work of Mr. and Mrs. Asa Evans. There is but one Mrs. Asa Evans and there are not many Asas.

He is a brave man who enters the lists against such odds, and when the contest opens, if Manteo, and Roanoke Island, Eastern Carolina, and all Carolina, do not stand by the Tranquil with heart and voice and shoulder, then gratitude will have become one of the lost virtues.

**Death of Rev. G. W. Sanderlin.**  
Departed this life, in a private sanitarium, at Baltimore, Md., on Monday, Nov. 6, 1899, Rev. George W. Sanderlin, LL. D., in the 57th year of his age. Dr. Sanderlin was greatly beloved, not only in this section, where he was born and spent the greater portion of his life, but by the entire State, and his death will be greatly lamented by a wide circle of kindred and friends. The Raleigh News-Observer editorially thus speaks of the death of this distinguished North Carolinian:

"The death of Dr. Sanderlin was not unexpected. He has been a great sufferer since 1895, gradually growing weaker. Many will hear of his death with sincere regret, for he had many friends in all parts of the State. He was rarely gifted and made reputation in leading American pulpits until his health compelled his retirement. He lived then on the farm for years, and, except in many valuable and interesting articles on farming, was withdrawn from public life. In 1888 he was nominated by the Democrats for State Auditor, made a brilliant and popular canvass of the State and added much to the strength of the successful ticket. In 1892 he was a candidate for the Democratic nomination for Governor and received a very complimentary vote. In that campaign he spoke in every section of the State with telling effect. After Mr. Cleveland's election Dr. Sanderlin was appointed Deputy Third Auditor of the Treasury and held that position until his health failed. He was an honest and faithful public official, and by his courtesy and cleverness made friends with all with whom he came in contact.

As a boy Dr. Sanderlin left college to become a soldier and no young man was more gallant. He won promotion for signal bravery and in 1888 when he first came into politics his honorable record in 1861-5 won support wherever the ex-Confederates were strong. He was a graceful orator, a true Christian, and a "golden hearted gentleman" who impressed himself for good upon his day and generation."

In reply to an article of a few weeks ago recommending Mr. T. H. Woodley for candidate on the Democratic ticket for our next representation, I beg to suggest Mr. C. F. Godwin, as a more suitable man. Not that Mr. Woodley would not be a suitable man or a good representative but that the people of our county could not do without his valuable services as an attorney while Mr. Godwin is a young man who is popular and in our opinion would make a first class representative. I think the majority of the Democrats will be pleased to hear from any Democrat on the subject. ADAM AND EVE.

The gunning season is drawing near (10th inst.) when the ducks and geese will receive a hearty welcome. The prospects are not very bright at present.

Capt. John Ward, of Roanoke Island, has put in his nets again on our coast. We believe he will be successful, because the captain understands his business.

Rev. Mr. Edwards, who is stopping in this vicinity for a short time, who has been a Baptist Missionary in India for several years, gave us a talk Saturday night on Missionary affairs in that country, and preached us a very able sermon Sunday.

The steamer Comet, Capt. Gibbs commanding, went ashore at this during the late storm. Several tons of ice were lost.

Miss Pauline Simmons, of Columbia, has been on a visit here for several days to her uncle, G. W. Simmons. We wish her a pleasant stay.

Mr. R. A. Griggs, of this place, has just returned home from a visit to his mother, Mrs. Nora Midgett, at Cape Henry, Va. B. P. A.

**Waterily.**  
Our fishermen are now busy and report the catch satisfactory. After the tide water runs out which came across the beach in the recent storm they expect to do better.
