ELIZABETH CITY, N. C., FRIDAY AUGUST, 24, 1906.

PRICE 1 CENT

TURNER AND GODWIN WILL BEAR STANDARD

At Hertford Yesterday They Were Nominated With Little Opposition—The Convention In Detail.

The results of the senatorial convention at Hertford yesterday were just as forecasted. Turner, of Pasquotank, and Godwin, of Gates, will be the standard bearers and will represent the first district in the upper house of the next general assembly. This in brief tells the story.

Proceedings in Detail.

The convention was called to order at one-thirty Charles Whedbee, chairman of the executive committee.

ROS COE W. TURNER.

Nominated Yesterday as State Senator From the First District.

In a few words, he called Dr. T. S. McMullan, of Perquimans, to act as temporary chairman and T. W. Costen, of Gates as secretary.

The committees were appointed as follows:
 Credentials: O. G. Pritchard, Camden; Harry McMullan, Chowan; Jas. Parker, Gates; J. A. Northcott, Hertford; W. H. Cannon, Perquimans; E. F. Aydtlett, Pasquotank.

Permanent Organization: J. E. Cook, Camden; W. T. Woodley Chowan; Martin Kellog, Gates; W. P. Shaw,

Organization.

J. C. Wilson for the committee recommended that the temporary organization be made permanent, with W. L. Cohoon, of Pasquotank as assistant secretary. The report was adopted.

Currituck's Contest.

The committee on credentials reported a contest from Currituck. The majority report was made by E. F. Aydtlett and the minority by Harry McMullan. Two delegations were sent to the convention, one dominated by the gunners' and fishermen's league and the other by those who withdrew from the county convention and appointed a second delegation. Both of these being present, on motion of W. M. Bond, one man representing each side was requested to prevent the matter to the convention. This was done. The minority report (recommending the seating of the second delegation) was withdrawn and the majority report was accepted.

Voting Begins.

The counties were found entitled to the following vote:

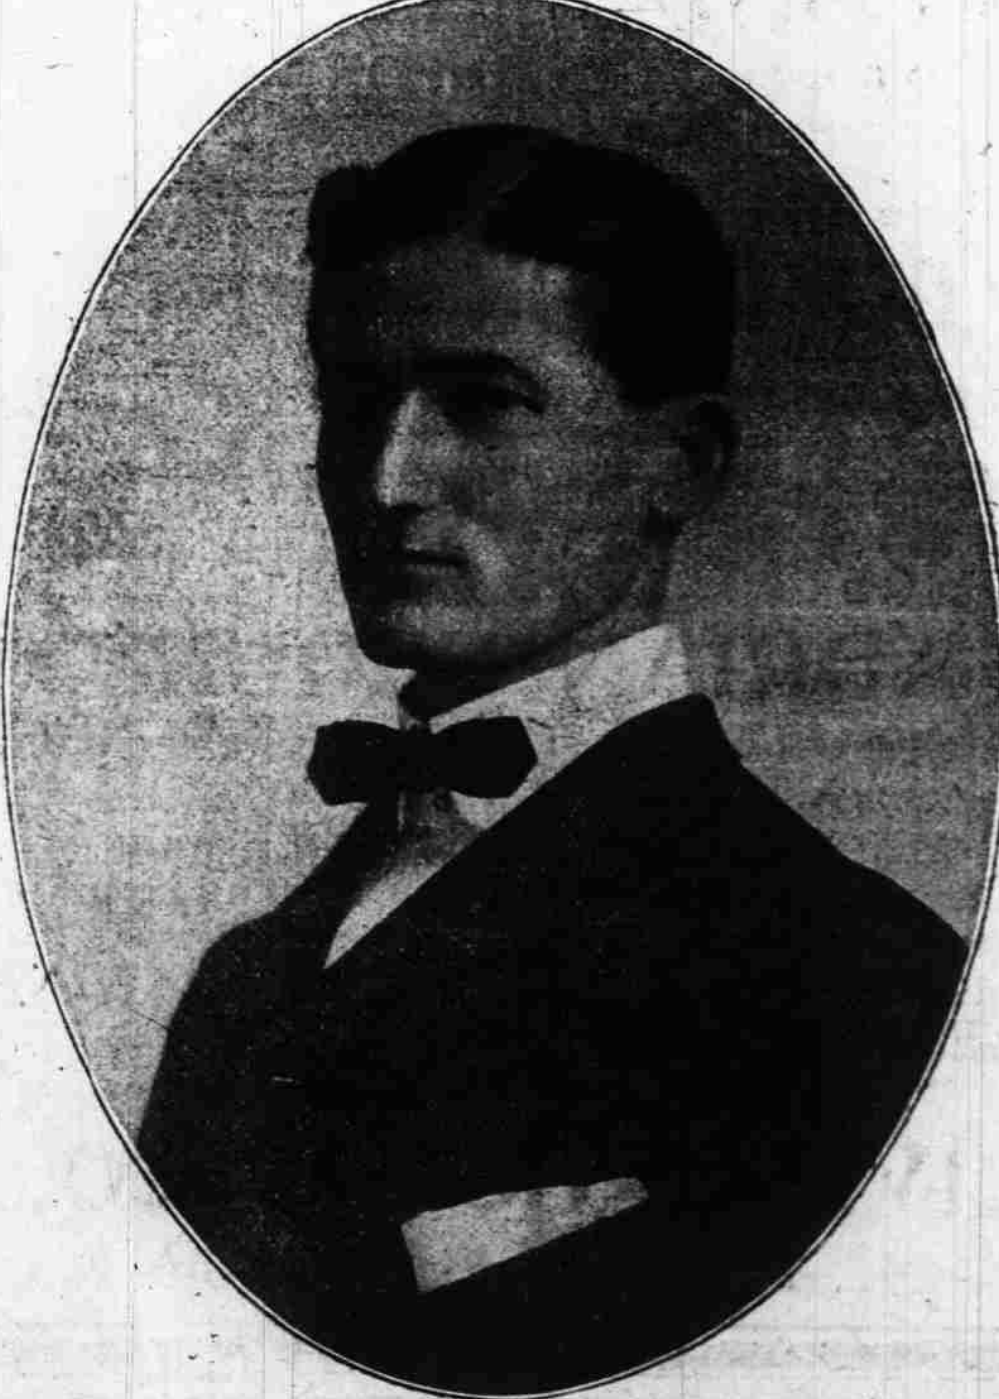

Pasquotank	20
Perquimans	13
Gates	15
Hertford	16
Camden	8
Currituck	11
Chowan	13

Nominations were declared in order. Camden, first on the list, yielded to Pasquotank and Prof. S. L. Sheep took the floor and placed in nomination Roscoe W. Turner.

W. M. Bond, of Chowan, followed and placed the name of C. S. Vann before the convention. W. T. Cross, of Gates, placed his county's favorite, A. Pilston Godwin before the house. The vote was taken and Messrs. Turner and Godwin were elected on the first ballot. The vote was as follows:

	Turner.	Godwin.	Vann.
Camden	8	8	—
Chowan	6½	6½	13
Currituck	11	11	—
Gates	15	15	—
Hertford	8	8	16
Pasquotank	20	20	—
Perquimans	13	13	—
	81½	81½	29

The successful candidates were escorted into the hall and made short

A. P. GODWIN.

Nominated Yesterday as State Senator From the First District.

Jr., Hertford; J. C. Wilson, Perquimans; M. B. Sawyer, Pasquotank.
 Executive Committee: C. G. Etheridge, Camden; E. R. Johnson, Currituck; F. W. White, Chowan; H. C.

OPEN LETTER TO THE COUNTY BOARD

THEY ARE ADDRESSED BY MR. COHOON IN REGARD TO GATES ACROSS PUBLIC ROADS IN STOCK LAW TERRITORY.

Mr. F. F. Cohoon, of this city, who owns property in the stock law fence territory, has addressed an open letter in regard to the matter to the county board of commissioners as follows:

To the Board of County Commissioners, Gentlemen:
 I, with other property owners, have received the following letter from you:

"Elizabeth City, Aug. 16, 1906.
 "Mr. F. F. Cohoon, Elizabeth City, N. C.

"Dear Sir: At a meeting of the board of county commissioners of Pasquotank county held on Monday, August 6th, 1906, it was ordered by the said board that the property owners of the stock law territory of Nixonton township place automatic opening and shutting gates across the main road where the stock law fence crosses the said road.

"Yours truly,
 "J. C. SPENCE,
 "Clerk Board Co. Commissioners.

"By order of the board."

The property owners referred to above wish to be respectful to and obey the orders of the board of county commissioners, but by them this order is considered the most cheeky thing ever spread upon the records of the county. The situation is this:

Nine out of every ten property owners have built their share of this fence and such a fence as will last 15 or 20 years with but little repairs. In addition to this, the county board have collected from these people about \$160 a year for the maintenance of the fence, and have paid over to one man, Mr. C. W. Hollowell, who represents about three-fifths or more of the taxes, every cent of said money to build his share of said fence, which he should have built at his own expense.

Now after the people have built their share of the fence and have been taxed for four years to keep up the fences represented by Mr. C. W. Hollowell, and after the treasury has been drained of the last cent, the board now calls on the property owners to place these expensive gates on the roads. These gates should be placed as demanded by the people and the property owners living or owning land within should be required to pay for the same, and we know it would be done promptly if these people had been treated fairly and justly. We have briefly stated these facts. Soon we will give the history of this shameful affair, with all the details.

Yours respectfully,
 F. F. COHOON

test from Currituck, all was harmony yesterday.

 The action of the convention, gives eminent satisfaction to the Democrats of the district and to the public generally. It was predicted weeks ago that Turner and Godwin would win and the forecast has been verified.

 The two new senators will serve the district faithfully. Of course Pasquotank has much pleasure in the selection of her gallant son Roscoe Turner, but she is equally pleased with the nomination of Godwin. He is of the best type of Gates county Democracy and is a young man who is rapidly making a name for himself. As a practising lawyer he has made a success from the very start and he has won the entire confidence of his people. Clean, absolutely true in every respect, above reproach, these two will make public servants of the right type.

 The district especially delighted in honoring Gates' son for that county certainly deserved recognition of its good work for Democracy. Gates and Currituck, on the two extremes of the district, have always rolled up their

UP TO PATRONS TO SAVE ROUTES

THREE OF THESE WILL BE REDUCED TO THRICE A WEEK SERVICE UNLESS VOLUME OF MATTER IS INCREASED.

It is up to the patrons of the rural free delivery routes leading out from this town to save their service from reduction. An order has gone out from department, at Washington which says that unless the volume of mail matter handled on routes number two, three and five is materially increased in the near future they will be reduced to a three times a week service.

No. two is the route from here to Weeksville, served by J. C. Jennings. No. six goes to Newlands, being Woodville, carried by Thomas Harris. No. five goes to Newlands, being "loop" route from the Stafford rural station.

Mr. Barber, the inspector of rural routes who was here recently said that these routes were not handling enough mail to justify a daily service and upon his recommendation the department notified the local office that after sixty days the service would be reduced to three times a week if the mail was not increased. Ten days of this time have passed.

The patrons can save their routes if they wish to, by increasing the quantity of mail handled, thus showing that they appreciate the service given them. By writing more letters and subscribing to papers, daily and weekly, the volume of mail can be so increased that the present service will be continued.

Ladies' Ball Game Will Attract A Crowd

Not a little interest and curiosity has been created by the announcements of the ball game which is to be played at the park this afternoon. The interest arises from the fact that the game will be played by eighteen young ladies whose identity has so far been pretty well concealed. It is safe to say that the game will be attended by a large crowd.

The Clay Foreman Damaged By Fire

Fire last night partly destroyed the tug Clay Foreman, which was lying at Woodley's wharf. About 7:45 a blaze was discovered and the alarm was given by the frantic blowing of the whistle and ringing of the fire bell. The firemen and citizens turned out in full force and began to fight the flames which were rapidly gaining headway. The dock hose and the apparatus of the fire company were called into play.

The woodwork of the boat burned rapidly and it looked as if the whole thing would be totally destroyed. It seemed to be necessary to sink the tug and she was pushed off from the dock and preparations made for sinking her. A small hole was cut, but by hard work she was saved, with the greater part of her top and forward parts burned.

The tug is a very valuable one and is the property of the Foreman-Blades Lumber Company of this city. The damage is considerable.

MR. TAYLOR HERE.

Mr. Robert R. Taylor, of Gatesville, spent last night and part of today in the city, shaking hands with his many friends. He was on his way to his home on Roanoke Island for a brief vacation, after attending the senatorial convention at Hertford yesterday.

Mr. Taylor is one of the youngest bank cashiers in the state, being in charge of the Bank of Gates at Gatesville. Since going there his many good qualities and his remarkable business acumen have won him a high place in the esteem of his asso-

A week of lively offerings in our under price store.

Our "Surprise"

is greater than ever. Remodelling the entire store begins next week. Still lower prices are being offered through the entire store in all summer goods containing Clothing, Shoes, Hats, Underwear, Etc.

SHAMELESS, HE STILL PRETENDS TO PREACH

SANITATION UNDER GOV'T CONTROL

SURGEON RUPERT BLUE OF THE MARINE HOSPITAL SERVICE TO SUPERINTEND SANITARY WORK AT THE JAMESTOWN EXPOSITION.

Norfolk, Va., Aug. 23.—Owing to the government's extensive participation in the Jamestown Exposition, to be held on the shores of Hampton Roads, Va., in 1907, officials at Washington have determined to put the supervision of the sanitary arrangements under government control.

Following up this decision, Surgeon General Wyman, of the United States Marine Hospital Service, has appointed Surgeon Rupert Blue, of that service, as sanitary officer of the Jamestown Exposition. Dr. Blue's detail on this work was to take effect some time ago, but on account of his position on a medical board that was in session at Washington, he has been unable to report for duty at the exposition until recently.

In connection with his work Surgeon Blue said: "It is as necessary for me to be present, while the buildings are being constructed as afterwards, as the installation of proper sewage arrangements and ventilating apparatus is of great importance." An elaborate drainage system has been established, and it is promised that when the exposition opens, that the grounds will be absolutely free from mosquitos and other pests that might arise from the lack of proper sanitary conditions.

At the time of the San Francisco disaster, when that city was in a state of general demoralization, and when it seemed that contagion would break out there, and perhaps add other terrors to what the fire and earthquake had already caused, Surgeon Blue was dispatched post-haste to the scene of the trouble and immediately took charge of the situation. The entire work was under his care and by heroic measures a serious outbreak of fever was prevented.

The exposition is being built very much like a small city or town and it is the intention of the Marine Hospital Service, to equip each building with all the devices known to modern sanitation, and Surgeon Blue is especially commissioned to advise with the architects and builders in this particular.

Dr. Blue is one of the most noted surgeons in the Marine Hospital Ser-

SO-CALLED REV. LINGERFELDT WENT TO OLD TRAP FROM DURANT'S NECK AND IS NOW HOLDING FORTH THERE.

It turns out that the so-called Rev. Mr. Lingerfeldt, who on Saturday night was run out of Perquimans county for gross immorality did not go very far. In fact, from all accounts he only went to a neighboring county and resumed operations. A gentleman from this town was at Old Trap, in Camden county on Thursday and brings back the very startling information that he saw this very man standing on the pulpit of the Sanctificationists' church, pretending to preach the gospel. Nothing has been seen of the woman.

Apparently the people of the community had not heard of the trouble which the man had gotten into and received him in ignorance of his real character. This paper had a phone conversation this morning with a gentleman at Old Trap who stated that Lingerfeldt went there the first of the week and had been holding services every day since. This tallies exactly with the time he left Durant's Neck. The gentleman further stated that the people had heard nothing of the exceedingly disreputable report. They had evidently been imposed on.

Another gentleman told a representative of this paper that the so-called preacher told some of his friends at Old Trap that his work at Durant's Neck had been very unsatisfactory, owing to the lack of appreciation of the people. He also said that he was thinking of leaving this section and wiping his hands of the whole people.

And the people referred to above devoutly say, "So mote it be."
