Brave and loyal he stood high in the affections of all who knew him and his death will cause great grief.

One of the sons, Edward Bain, is a lieutenant in the United States army, being stationed in one of the western states. The other son was with his father here at the time of his death. The funeral will be at ten o'clock Tuesday morning.

Rev. Mr. Loftin

Well Received

Addressed a large congregation last Sunday both morning and night—making fine impression.

Rev. I. N. Loftin, the newly elected pastor of Blackwell's memorial, greeted his congregation for the first time in the capacity of pastor last Sunday morning and again last Sunday night. The congregation in attendance upon the services was unusually large, and was most favorably impressed by the young pastor. The impression that Mr. Loftin has made upon his membership both in the pulpit and in the home, is exceptionally fine, and every indication now points to a most successful pastorate.

Mr. Loftin is at present stopping at the Southern Hotel.

FULTON DAY

AT EXPOSITION

SPECIAL DAY TO BE SET ASIDE AT JAMESTOWN EXPOSITION IN HONOR OF THE INVENTOR OF THE STEAMBOAT.

Norfolk, Va., Oct. 10.—Believing that it is especially appropriate that the name of Robert Fulton should be honored at the Jamestown Ter-Centennial Exposition to be held at Hampton Roads near Norfolk in 1907, the authorities of that great celebration have decided to set aside a day to be known as Robert Fulton day. The New York state commissioners have appointed Hugh Gordon Miller, now of New York, but formerly of this state, a representative to arrange with the authorities for the special honors which will be paid to the memory of Robert Fulton at the Exposition. He will appoint such committees as may be necessary.

A movement is now on foot in New York city to have a gigantic monument erected in some part of the city commemorating Fulton's name. It is proposed to build this memorial at a cost of more than \$600,000. It will serve not only as a monument to the man who introduced steam navigation but also as a tomb. Cornelius Vanderbilt is the president and Mark Twain the first vice president of the association which has been organized to erect the monument.

Those at the head of the movement desire to raise the money necessary to erect the monument by public subscription and are making vigorous efforts to popularize the movement. The official name of the organization is Park Row, N. Y. A number of designs have been submitted to the association for its approval. The one which has so far secured most approval from the committee was submitted by the sculptor Leopold Bracony and shows on its base in base relief the industries that have developed through the help of steam navigation. It further symbolizes the manner in which the steamboat has brought together the four corners of the earth. The monument is surmounted by a statue of Robert Fulton contemplating a model of his first steamboat, the Clermont. It is proposed to mount the statue on a ho-loose shaft inside of which will be a winding stair.

Among the famous persons associated in the project to honor Fulton are the following people: John Jacob Astor, Andrew Carnegie, Joseph H. Choate, Frederick Gallatin, Governor Frank W. Higgins, Levi P. Morton, Melville E. Stone, George J. Gould, Bishop David H. Greer, Mayor George B. McClellan, General Frederick D. Grant and Nicholas Murray Butler. It is expected that the setting aside of a special day in honor of Fulton at the Jamestown Exposition will give quite an impetus to the project for erecting a monument.

Mr. Temple

Killed a Bear

BRUIN BEEN DOING UP THE CITIZENS' HOGS, NOW THE CITIZENS DOING UP BRUIN—THERE'S GOING TO BE ANOTHER BEAR HUNT, AND THE ECONOMIST MAN WILL BE THERE.

As was some time ago mentioned in the Economist, the people of Newlands last Saturday had a big bear hunt, in which Mr. Cortez Temple slew a mammoth animal of the tribe of Bruin.

Bears have been unusually thick this fall in the Newland section and have been particularly exasperating to the citizens of that community on account of their depredations.

The losses of the farmers in the way of hogs, &c., have been quite numerous.

KEEP OUT OF

CUBAN FUSS

TAFT LIMITS DUTIES TO TENDER OF GOOD OFFICES IN CASE OF TROUBLE—CUBANS TO DEAL WITH DISORDERS WITHOUT AID.

Havana, Oct. 9.—William H. Taft, as provisional governor of Cuba, and secretary of war of the United States tonight issued an order to General Frederick Funston outlining the duties of the American forces in Cuba. The officers of marines stationed in various localities, are advised they are not expected to take part in an active way in the suppression of disorder, unless extreme emergency arises in which it is absolutely necessary for them to protect life and property.

The duties of the marines are generally limited to tendering their good offices between conflicting elements and prevention of that friction which in the high state of tension between the political parties, is inevitable during the present crisis.

The order says it is expected that the presence of the marines in the community will create such a sense of security that the rural guards and the police will be able to suppress any disorder which manifests itself.

Keep Out of Trouble.
The order concludes as follows:

"The president of the United States deems it of the utmost importance that the American forces do not engage in conflicts with Cubans, but that disorders by Cubans be suppressed by Cubans.

"It is also expected that the officers and men, both of the army and the marine corps, will exert every effort to show all courtesies possible to Cubans of all parties, and avoid in any way injuring their sensibilities."

The order makes it plain that the marines will remain in the island, for the present as an adjunct to the infantry.

Governor Taft said today that practically all the American warships now in Cuban waters soon would be withdrawn.

Amnesty Today.
An amnesty proclamation, of the most sweeping character possible, pardoning every serious crime which has been an outgrowth of the recent revolution and its causes, will be issued by Governor Taft tomorrow.

Complete pardon is granted all persons involved in the killing of Congressman Villuendas at Cienfuegos in September, 1905, as well as to every body implicated in the killing of rural guardsmen at Guanabacoa last February.

Trouble is predicted by some Cuban publications as a result of this decision to withdraw the prosecutions against the murderers of Villuendas.

Lawbreakers Excluded.
The proclamation serves notice that armed bands, breaking the law, after tomorrow, will be proceeded against, and denied the benefits of amnesty.

The amnesty is declared to cover rebellion, sedition and conspiracy. It gives immunity from prosecution for seizures and expropriation of property for military use by the insurrectionary forces.

Proceedings already under way, for offenses omitted, are ordered discontinued forthwith. Prosecutors are ordered to have the proclamation applied to cases in which judgment already has been rendered and, further, to those in which sentence is being served on account of the assaults on the rural guardsmen at Guanabacoa and in the hills.

CLUB WOMEN

MEET TODAY

ANNUAL CONVENTION OF THE WISCONSIN STATE FEDERATION OF WOMEN CLUBS—MRS. EDGAR P. SAWYER PRESIDENT.

(Economist's Special News Service.)
Wausau, Wis., Oct. 10.—The annual convention of the Wisconsin State Federation of Women's Clubs was called to order in the First Methodist church at 9:30 o'clock this morning by Mrs. Edgar P. Sawyer, the state president. The church was elaborately decorated. Several hundred delegates and visiting club women were present.

Mayor Duncan, speaking for the city, and Mrs. A. L. Kreutzer, on behalf of the local clubs, made addresses of welcome, to which response for the visitors was delivered by Mrs. C. A. Emerson, of Beloit. Mrs. Emerson thanked the women of Wausau for the cordial greeting extended the visiting club women and complimented the local clubs as models.

The sessions begun this morning will continue until Saturday, the business of the convention being liberally interspersed with features of social entertainment. Educational and civic matters will form the principal topics of addresses and discussions. An innovation in the program will be the "President's sessions," Friday, when the retiring president will make her address and when Mrs. J. Washburn, president of the Minnesota federation, will speak also.

A warm though friendly rivalry exists for the presidency in succession to Mrs. Sawyer, whose two year term expires with the present convention.

Prominent among those mentioned for the honor are Mrs. Fanny Galloway, of Eau Clair, Mrs. E. E. Teetshorn, of Green Bay, Mrs. C. J. Medbury, of Fond du Lac, and Mrs. C. A. Emerson of Beloit.

GATES COURT

HAS 57 CASES

COURT RIGHT DOWN TO BUSINESS AND THE CASES BEING RAPIDLY DISPOSED OF—LARGE CROWD PRESENT MONDAY, WHO HEARD THE CAMPAIGN ORATORS.

Mr. J. Q. A. Wood returned last night from Gatesville, N. C., where he was in attendance upon Gates' superior court last Monday and Tuesday.

Mr. Wood stated to an Economist reporter this morning that there were fifty seven cases on Gates' criminal docket, which will claim Judge McNeill's attention this week.

The court is rapidly removing the cases from the docket, and before the week is ended the criminal docket will be consumed.

The cases are of only local importance, larceny, pistol toting and such other cases as fills a criminal docket.

No doubt Gates will send a full delegation of ebullient students to Prof. Massey's road building school, located in Mt. Hermon township, this county.

Mr. Wood reported a large crowd of Gates' citizens in attendance upon Monday's court, and that the campaign orators did ample justice to the occasion, by delivering the best of political speeches.

Beautiful Wedding at First Baptist Church

ONE OF THE HAPPIEST EVENTS OF THE SEASON, IN WHICH MISS WILLIE EDNA WHITE AND MR. JAMES MULLEN WEEKS WERE MADE MAN AND WIFE—OFF ON HONEYMOON TO BOSTON.

At two o'clock this afternoon, the main auditorium of the First Baptist church of this city, was the scene of one of the happiest events to happen in Elizabeth City in many a day. It was the White-Weeks wedding, in which Miss Willie Edna White, one of the most charming young ladies of Elizabeth City was united in marriage to Mr. James Mullen Weeks, one of Elizabeth City's most popular young business men. The church previous to the happy hour had been beautifully decorated in ferns and flowers by the hands of loving friends.

Before the hour for celebrating the nuptials, the doors of the church was thrown open, and in a very short time the spacious auditorium was filled with a host of admiring friends, who had assembled to witness the happy event.

The ushers for the occasion being Mr. W. C. Sawyer Dr. W. W. Sawyer, Mr. W. P. Wood and Mr. S. G. Scott, all of whom wore the conventional black with grey gloves.

At the appointed hour the bridal party arrived at the church door, and just before they entered, Miss Evelyn Weeks, beautifully gowned in pink crepe de chene with black picture hat beautifully sang, "Answer Me."

After which to the strains of Lohengrin's wedding march beautifully rendered by Mrs. Edward F. Aydlott, the bridal party entered.

The bride's maids were Miss Hackney, of Wilson, N. C., handsomely gowned in pink peau de crepe silk over pink taffeta, wearing pearls and diamonds with white Gainsborough hat and gloves to match carrying white carnations, and Miss Mary Weeks beautifully robed in blue crepe de chene over taffeta wearing turquoise and diamonds with white Gainsborough hat and gloves to match carrying white carnations.

North Carolina Will Have Expo. Building

SENTIMENT FOR A HOME ON THE GROUNDS DEFEATS PLAN FOR GENERAL EXHIBIT WITHOUT BUILDING.

The North Carolina ter-centennial commission, at a meeting held in Raleigh yesterday, definitely decided that the Old North State will have a building at the exposition next year in common with her sister states.

For some time North Carolina has been wrestling with the problem of having a state building or making a magnificent state exhibit in one of the exposition exhibit buildings. Finally the pressure from native Carolinians, now seeking fortunes in other states, as well as from Carolinians at home, became so great for a state building that the commission yielded, and a handsome state structure will be at the ter-centennial as a "meetin' place" for all "down homers."

The commission set apart \$15,000 for the North Carolina building. Funds to assemble a large state exhibit will be sought by popular subscription, and in this way the Old North State expect to make an extensive exhibit of her natural resources as well as of her manufacturing products.

No action was taken on the plans of the North Carolina building. The sentiment among the commissioners is to build a substantial structure and after the exposition sell it as a club house or a dwelling.

It is also the plan to have historical and educational exhibits with pictures of schools and educational statistics all attractively arrayed. Commissioner Joseph E. Yogue was authorized to confer with the state agricultural department regarding the agricultural exhibit, which the law requires that department to make. The commission first secured 3,500 feet of floor space in the main exposition building from the exposition company, but the latter has given a thousand feet more and the commission then bought 1,174 feet additional.
