

Murchison & ~~Mill~~ and  
advocate the election  
of Messrs Harrington & Barber.  
We believe they are better  
Democrats and warring  
their local affinities we  
believe they are better  
-ocrats to send to a dem-  
-ocratic legislature,  
because the others declare  
an open contempt for con-  
ventions, and because  
they are not acting in  
good faith to the party.

We must be excused from  
inserting the Card of  
Messrs Piquem & others.

We commend the straight  
forwardness of the Circular  
except in one particular  
where it advertly gives  
no name to the "great scheme"  
involving our chief inter-  
ests and "over looked by  
the Charlotte Convention."

We are afraid ~~that~~ <sup>from</sup> Ed  
Murchison's antecedents that  
this "great scheme" does not  
contemplate the peculiar in-  
terests of Hazletville, or  
gives any color of confidence  
to the Card of the latter in  
announcing his intentions to

the people of Cumberland  
Our suspicions has painful  
confirmation, in the fact  
that he has taken man-  
agement in two great "Schemes"  
which prevents him from being  
a faithful representative  
of either interest and impairs  
the confidence of honest men  
in his true designs.

we appended some of the Remarks  
of our Neighbor, the Carolin-  
ian and endorse them  
heartily, Ed Nation,

Communications;  
To the citizens of Cumberland  
and Masswell.  
Democrats: Will you stand  
aloof and let petty disor-  
ganizers come in and  
defeat the nominees of the  
Democratic Party no fellow  
democrats we can't believe  
it. It is coming to  
a bad pass when men  
who pretend to be democrats  
pursue in direct opposi-  
tion to the regular nomi-  
nees of their own party  
Rally to the polls on  
the 5th of August and show  
them that they can't trample on  
our rights. — A True Democrat.
