Allow me through  
the medium of your journal  
to express my views upon the  
uses and abuses of the  
Horse. In the first place  
many horses are over trained  
when it could be avoided,  
by allowing them to start  
the whole load by themselves  
and leaving them tied in the  
stern all day and several  
other abuses. which when taken  
good care of they are the  
most usefull of all animals  
except man. I hope the above  
will be sufficient for farmers  
to take the hint. be as  
carefull with your horses  
as you are with your  
wife if you would like to  
have good horses,  
Yours Truly. Horse Jockey.
