HOPE MILLS LOCALS.

THAT TROLLEY LINE.—Still no trolley cars from ye Fayetteville! Let ye olde towns beware lest she sink into a Rip Van Winkle sleep, and not be awake on the 21st of June to celebrate ye Liberty's Pointe Declaration.

DEATH OF AN INFANT.—We regret to announce that the infant child of Mr. Heman Desver died Friday night. The funeral took place on Saturday afternoon. The bereaved parents have the sympathy of the community.

DELIGHTFUL ENTERTAINMENT.—One afternoon last week Mrs. W. L. Thames delightfully entertained the ladies of the Rockfish Baptist Church Missionary Society at her home. The guests were agreeably entertained and went away with the feeling that their good hostess was a charming entertainer.

"SUPPER" AT MASONIC HALL.—The young ladies of the Methodist Sunday school will serve "supper" at Masonic Hall next Saturday night, May 8th. Ice cream, cake, fruit, confections, in fact all the delicacies of the season will be on sale. The proceeds will go to the Methodist church. All are cordially invited to attend.

THE V. & C. S.—Right across the streets and lots of Hope Mills the road bed of the Virginia & Carolina Southern is being graded now. Soon the bridge will be thrown across Rockfish. Then the trains will begin to roll in, and the lusty voice of the porter will be heard: "Hope Mills! Change cars for all points north, south and west." Verily, "the world do move."

THE WIND AND THE PEACHES.—Fruit growers in this section tell us that the heavy winds of last Friday and Saturday and Sunday blew quantities of peaches from the trees. Most of the trees were overloaded, however, and a full crop is still left intact. So perhaps the wind was a blessing in disguise, as the remaining fruit will be larger and mature better. At any rate, "the wind bloweth where it listeth," and the farmer can neither change nor temper it.

REVIVAL OF RELIGION.—Rev. T. H. Sutton, pastor of the Methodist church here, will commence in his church on the third Sunday of the month a revival meeting. He will be assisted by the Rev. Raymond Browning, who is reputed to be a young preacher of earnestness and power. Rev. Mr. Sutton extends a most cordial and urgent invitation to all the people, irrespective of creed or lack of creed, to attend this meeting, assist in the work and hear and receive the glad tidings of salvation and light.

90TH ANNIVERSARY I. O. O. F.—On Sunday, April 25th, our lodge of Odd Fellows observed the 90th anniversary of Odd Fellowship by marching in a body to the Methodist church, where Rev. J. M. Gibbs preached to them a forcible and instructive sermon.

By the way, about 40 members of Hope Mills Lodge attended the District Convention held in Fayetteville recently, and their team conferred the first degree. This team is considered a crack one in the State, and their work on this occasion was said to be very fine.

THE SAND OF HOPE MILLS FOR CONCRETE WORK.—Mr. B. Cole, an expert in the employ of the Besser Manufacturing Company, of Apena, Mich., was in Hope Mills last Saturday. While here he made a thorough examination of the sand and gravel of this section, and his opinion, as given to this writer, is that they are decidedly the best for making concrete of any sand and gravel he has ever seen. Think of that statement. Mr. Cole has had long experience in concrete working, and his observation and knowledge are widespread. So such a statement, coming from such a source, will have great weight and do much to place Hope Mills before the public. Let those who intend buying concrete remember that concrete turned out at Hope Mills is made from the best material to be found in this country.

HOPE MILLS PERSONALS.

Mr. M. W. Driver, superintendent of the Eureka cotton mills at Chester, S. C., is visiting Hope Mills, his old home.

Mr. Dillon Jordan went to Richmond Saturday night. He was joined at Fayetteville by his brother, Mr. Robert Jordan. These gentlemen went to Richmond to be with their brother, Mr. Walter Jordan, who had his leg amputated in St. Luke's hospital Monday.

Mrs. Lynn Mathis was taken to Highsmith hospital for treatment Monday.

KILLED BY ACCIDENT

Capt. A. L. Guy Dies of Injuries Received.

Capt. A. L. Guy, conductor of an Atlantic Coast Line construction train died, at a hospital in Fayetteville Sunday night from a blow received from a heavy chain Friday morning. The remains were buried at Lebanon Baptist church near his old home Monday afternoon, the funeral being conducted by Dr. J. J. Hall, pastor of the First Baptist Church.

Board of Education Meets.

The county board of education met Monday in regular monthly session, but no business was transacted except routine matters of a minor order. Some matters of greater interest were deferred until a later date.

ELECTION WAS QUIET

Experimenting is Dangerous.
There is nothing experimental about our optical examinations. Who but yourself can prevent your having them wrong if you don't get them at the right place? Not the average spectacle seller. His mission seems to be to get your nose harassed with a pair that strikes your fancy and opens your purse. It is by knowing the optical business thoroughly and attending to it properly that we hope to build and to keep a reputation.

Home Building No Trouble
If you only have the right material to work with. If your lumber is all right, your sash, doors, blinds moulding and sawed work fit just as you order it, and then if the prices are not made too high by passing through several hands there is a real joy in building a house—seeing it grow. We are first hand from the stump to the finished product. Here's what we ask: Send us your bid and let us figure on anything you need. If our prices don't suit, why we have no more to say.
