WAS SHOT IN MEXICO

Uncle Sam Will Investigate Shooting of Dunn Boy

SON OF MR. ELDRIDGE LEE.

Foul Play is Suspected by Father of Eugene Lee and Congressman Godwin Requests Secretary of State to Have Thorough Investigation Made by American Ambassador.

Dunn, N. C., July 29.—Mr. E. Lee received a telegram yesterday stating that his son, Eugene T. Lee, who is a civil engineer in the employ of the Mexican Government at Station de Panjano, Gto., Mexico, has been accidentally shot, but was resting very comfortably, and that the authorities would keep the parents notified by telegraph each day of his condition.

Mr. Eugene Lee is a graduate of the A. and M. College at Raleigh, receiving his degree last year. He is a young man of ability and promise, having graduated at the head of his class, and was one of the few who were recommended by the college authorities for positions.

Congressman Godwin Notified.

Washington, D. C., July 29.—Congressman Godwin received a telegram today from Mr. E. Lee, a prominent merchant of Dunn, N. C., stating that his son Eugene had been shot in Mexico, that he thought it was foul play, and asking Mr. Godwin to demand an investigation. Mr. Godwin at once requested the Secretary of State to have the Mexican Ambassador here to make a thorough investigation. This will be done.

The following telegrams, which he transmitted with his telegram to Mr. Godwin: Morelia, Mexico.

E. Lee, Dunn, N. C.

Your son accidentally shot. Condition delicate; is in hospital at Morelia.

LOUIS E. MENDEZ.

Morelia, July 29.—

E. Lee, Dunn, N. C.

Your son dangerously wounded. Now in hospital here. Come at once.

E. HARDY.

Young Lee is a civil engineer in the employ of the Mexican government. He has a brother at West Point, Cadet Robert E. Lee, an appointee of Congressman Godwin.

(Today's (Wednesday) News and Observer brings the news that Mr. Lee was still living yesterday.—The Index.)

DEATH OF JUDGE BADGER.

Was Prominent Citizen and Police Justice of Raleigh and Father of Mr. Thomas Badger of Fayetteville.

The many friends of Mr. Thomas Badger, manager of the Fayetteville Gas & Electric Co., sympathize with him in the loss he has sustained in the sorrow that has befallen him as the result of the death of his father Judge Thomas Badger, police justice of the city of Raleigh, which occurred early Saturday morning.

Mr. and Mrs. Badger left here on the one o'clock train Saturday afternoon for Raleigh. The funeral was conducted Sunday afternoon from Christ Episcopal church, of which deceased was a member.

Judge Badger had been several times elected police justice and twice mayor of the city of Raleigh. He was a unique character and for many years a distinguished figure in municipal politics. He enjoyed a large measure of popularity. He was a son of the late George E. Badger, who during his public career occupied various places of high honor, such as superior court judge, United States senator, and secretary of the navy during the administration of President W. H. Harrison.

Road Building in Hoke.

Raeford, July 31.—The first road building force in Hoke county began work on the road leading north from Raeford. Mr. N. L. Henderson has contracted to rebuild this road. Other portions of the public roads are being contracted for, and the work will soon be going on over the whole county.

Not only will sand-clay roads be built, but permanent signs will be put up giving notice of directions, speed ways and laws to prevent trespass on public roads.

GET MOUNTAIN WATER

Five Tanks Shipped to Charlotte From Asheville

THE SITUATION IMPROVES.

Southern Railway and Champion Fibre Company Get Busy to Relieve Suffering From Water Famine At Charlotte.—The Worst is Past It is Thought.

Asheville, Aug. 1.—The people of Asheville have heard the cry of distress from Charlotte, and through the medium of the Southern Railway Company and the Champion Fibre Company of Canton, five tanks holding more than eight thousand gallons each were filled tonight and sent to Charlotte for the relief of people.

The tanks were brought to Asheville from Canton this afternoon by the Southern Railway upon receipt of a message that Charlotte needed water. The Southern Railway responded and likewise the Champion Fibre Company Asheville did nothing except for the volunteers who went to the railway tracks, cleaned out the tank cars and helped fill them with water for Charlotte.

They were rubber coats and became drenched but they did not care. They worked in the interest of a suffering humanity. The tank cars were cleaned and filled with water from Asheville, and tonight sent to Charlotte by the Southern Railway. The initiative was taken by the Southern Railway and the Champion Fibre Company.

Situation Improves.

Charlotte, N. C., Aug. 1.—That Charlotte's water famine will soon be a thing of the past is the optimistic belief here tonight. Natural and human forces combined have given the situation a more hopeful aspect in the past twenty-four hours, and the citizens are now anticipating a full supply of the precious liquid in a day or two, certainly by the latter part of the week.

Among the favorable features developing today were Stewart's Creek nearly doubling in volume as a result of last night's rain-fall, this being the creek from which the reservoir is filled, 22 tanks being received in 2 hours from the Catawba river, with 15 cars this afternoon and tonight from Shelby, Gastonia and Lincolnton, and the emergency connections at Briar creek almost in readiness for pumping 400,000 gallons of water into the main daily.

The increase in volume of Stewart's creek, the tapping of Briar creek and the more rapid handling of trains from the river and nearby towns will easily run the available supply up to 1,200,000 to 1,300,000 gallons daily, which will about equal the normal daily consumption.

Believing that yesterday and last night's rains came in response to their prayers, the religiously inclined are continuing their entreaties and hoping for natural relief from the most trying situation. Charlotte citizens have ever been placed in. The total deficiency in rainfall for the year is over 15 inches, and the deficiency for July, the month just closed is 2.83. Last night's rain-fall was .32 of an inch, bringing the total rain-fall for the month to 2.87 inches.

HIGHEST IN ELEVEN YEARS.

Percentage Condition of Cotton Crop, According to New York Journal of Commerce and Commerce Bulletin is 86.9.

The Journal of Commerce and Commercial Bulletin says.

Replies from 1,945 correspondents of The Journal of Commerce and Commercial Bulletin of an average date of July 23 make the percentage condition of cotton 86.9, the highest in the eleven years of the special reports of this paper.

This compares with 85.9 per cent a month ago, or a rise of 1 point and 7.7 points above the ten-year average of 79.2. As a rule reports were of a highly satisfactory nature and it is only in North Carolina, Mississippi, Louisiana and Oklahoma that cotton has lost from its high condition of last month. The deterioration in Louisiana was 5.6 points, where too much rain and fear of boll weevil caused considerable apprehension; the other States suffered but little.

1,479. IN ONE WEEK

People Treated in Hook-Worm Dispensaries

PRONOUNCED GREAT SUCCESS.

Dispensaries Established in Robeson, Sampson, Columbus and Halifax Counties With Remarkable Success.—How to Secure Dispensaries in Other Counties.

Raleigh, July 27.—The remarkable success of the dispensaries established this month in the counties of Sampson, Columbus, Robeson, and Halifax for the free examination and treatment of hookworm disease has surprised even the most ardent advocates of the dispensary method for carrying on hookworm campaign. The four District Directors of the campaign treated twelve hundred and eighty-five cases last week and the prospects are that the number will be two thousand for this week. At the dispensary in Columbus county 412 people were treated for hookworm disease in one day.

Those counties having the dispensaries are so highly pleased that they are already asking for the dispensaries remain in the counties for a longer period than was at first agreed to. Several counties adjoining those in which dispensaries are located have already offered the financial aid which is necessary to make possible the dispensary work.

How the Dispensaries Are Secured by Counties.

Those counties asking for a dispensary proceed in the following manner. The physicians of the county endorse the plan for carrying on the work for a period of from four to six weeks as do also the county board of health and the county board of education. These endorsements are then presented to the county commissioners with a request that they appropriate such part of \$50.00 a week as may be found necessary to defray the expense of advertising the work, paying for the medicines and paying the traveling expenses of the laboratory man, provision for which can be secured in no other way. The work is accomplishing results highly satisfactory to the county commissioners. Senator J. A. Brown, who was influential in having the hospital located in Columbus county, writes as follows:

"I sincerely hope you can arrange within the next few months to locate at this point again for a much longer period. By this time the beneficial results will be known to our people and I believe a second trip will result in a complete eradication of hookworm disease in this territory."

Delightful Reception at Earnest.

Earnest, N. C., July 31.—On the lawn and porch at the home of their parents, Mr. and Mrs. A. E. Underwood Friday evening July 28, Misses Mollie and Rosie Underwood gave a delightful informal reception in honor of their guest, Miss Jeanette Watson, Culbert, Ga. The lawn and porch beautifully decorated with Japanese lanterns and ferns, and many tables and rustic seats were placed at different parts of the yard about 35 couples attended and a most enjoyable evening was spent. Delightful refreshments were served on the lawn. Many table games were played, and a very interesting post card contest was carried out. Miss Latta Green, of Thomasville, winning the prize. At a late hour the guests departed, vowing their young hostesses adepts in the gracious art of entertaining. The visiting guests were Miss Jeanette Watson, of Culbert, Ga.; Miss Latta Green, of Thomasville; Miss Lillie and Bertha Barker, of Lumberton; Sallie Thompson, of Lumberton; Miss Katie B. Underwood, of Clinton; Mr. Adams, of Raleigh; Mr. U. S. Wallace, of Fayetteville.

Mr. Cashwell's Fine Crop.

Mr. Harvey Godwin tells The Index that Mr. Jim Cashwell, of the Stedman section, has extraordinary crops of cotton and corn. He is counting on a bale and more of cotton to the acre and a remarkably heavy yield of corn. That is one section where they are farming some these latter years.

The Index, \$1.00 the year.

DEATH OF MR. C. McG. DUNN.

A Good Citizen and a Brave and Gallant Soldier Passes Away.

Reported for The Index.

It is with the deepest regret that we announce the death of Mr. C. McG. Dunn, which occurred at 5:46 o'clock Sunday p. m., on July 23 at his residence at White Oak, Bladen county. Mr. Dunn was born in Virginia, near Point Comfort, in 1829. His parents moved to Fayetteville in 1838 and was one of the most highly respected families in Fayetteville. Mr. Dunn had two sisters and one brother, Rev. Joseph Dunn, of the M. P. church. Miss Kate Dunn, who married Dr. W. W. Virdia, of Baltimore City, Miss Sallie Dunn, who married Dr. C. C. Harris, D. D., of Summerfield, Guilford county, the only surviving member of that family. Thus we see that Mr. Dunn's boyhood days were spent in the old town of Fayetteville where he was loved and admired for his many good traits of character.

At the beginning of the civil war he entered the Confederate army and fought under Jackson and was noted for being one of Jackson's marching and fighting men. He was wounded several times but never gave up till he lost the thumb on his right hand in the battle that Jackson was killed. As a soldier he was brave as a lion, and meek as a lamb.

He leaves a wife, who was Mrs. Louisa Melvin before her marriage, eight children living, one dead and twenty-two grand children to mourn their loss. But we feel that their loss is his eternal gain. Mr. Dunn was a man who lived in close communion with God, and when the final summons came, he was ready to meet his God. He will be greatly missed in the church and in the home. The funeral took place on Monday, July 24th at 10 o'clock. The services were conducted by the pastor, Rev. Dr. Reed, assisted by Rev. E. L. Stack. The music at the services was touching and appropriate. The attendance very large and the floral offering profuse and beautiful.

Earth to earth, dust to dust, the winds may howl, the thunders roar, the rain, sleet and snow may fall upon his narrow bed, but they cannot disturb his repose. He has a crown upon his forehead and a harp within his hand. He awaits our coming and may we also be ready.

How blest the righteous when he dies.

When sinks a weary soul to rest, How mildly beam the closing eyes, How gently heaves the expiring breast.

Life's labor done as sinks the day, Light from its load the spirit flies, While heaven and earth combined to say.

How blest the righteous when he dies.

Burned by Gasoline.

Raeford, July 31.—Mr. L. R. Powers, proprietor of Raeford Bottling Works, was badly burned Tuesday afternoon in a gasoline fire. Mr. Powers had been working on his engine and the machinery and his clothes were saturated. When the spark was tested outside the engine it ignited the gasoline and consequently Mr. Powers' clothing.

Mr. F. B. Sexton and others received slight burns while trying to rescue Mr. Powers.

Watson Family Re-Union.

The annual re-union of the Watson family will be held at Stewart's mill, near Maxton, Friday. This is a big annual event with the Watsons of this entire section of Carolina and hundreds attend. Ex-Sheriff Watson and others will go from Fayetteville.

A Proposed New Enterprise for Fayetteville.

Mr. W. H. Kibler, state manager for Shapiro & Smith, dealers in antiques and manufacturers of accurate copies, etc., is here from Norfolk with a view to locating a branch store and shop in Fayetteville for the handling of antiques and Sheffield silver, and for manufacturing copies of antiques; and will also make a business of restoring antiques that may be owned here. The history of this city and section is such that it should prove a rich and inviting field for such an enterprise as Mr. Kibler proposes to establish.

FALCON CAMP MEETING.

Big Annual Event This Year August 16th to 27th

DR. YOAKUM TO PREACH.

Rev. George E. Fisher, of Canada, to be Present Again and Dr. F. E. Yoakum, of California, to Participate in the Camp Meeting for the First Time—Thousands Expected.

An annual event of more or less interest to all denominations in Cumberland county and all this section, and to those of no church affiliation, because of its unique character, is the annual camp meeting at Falcon, in the northeastern part of Cumberland county, which place is what might be termed the seat or headquarters of the Holiness sect of the entire country. There is located the Holiness orphanage. For a dozen years the annual camp meeting has been held and each year thousands have been present—from all over this section and from hundreds and even thousands of miles away. It is perhaps safe to say that no other religious event in North Carolina draws such crowds as the Falcon camp meeting. While perhaps there are thousands who attend from religious motives, there are other thousands who go out of curiosity, for the character of the services is unique and even strange.

The date of the camp meeting this year is August 16th to 27th inclusive. Mr. J. A. Culbreth, of Falcon, has sent out leaflets announcing the date and describing the event. From the leaflet the following paragraphs are clipped.

"We shall have with us (D. V.) REV. GEO. E. FISHER, of Toronto, Canada, who has been with us for the past two years and needs no further introduction.

"We shall also have DR. F. E. YOAKUM, founder of 'Pisgah Home,' Los Angeles, California, and whose reputation as a mighty man of God is known almost the world over. This is the first opportunity afforded the people of this part of the South to see and hear Dr. Yoakum, and perhaps will be the last, so don't miss it.

"Dr. Yoakum is he who was so wonderfully healed of the Lord several years ago, when thirty-seven physicians pronounced him incurable, and he is now being used to minister the gospel of healing through the atonement of Jesus Christ as perhaps no other man on earth.

"Many other preachers will be present to preach and testify as the Lord may lead.

"Buy your tickets and check your baggage to Godwin, N. C., a station on the Atlantic Coast Line Railroad, between Wilson and Fayetteville, N. C.

"In spite of the general advance in prices of provisions we have arranged to furnish board at the Restaurant at the same price as before—25 cents for single meals, or 50 cents a day.

"Sleeping rooms in the Camp Sheds will be furnished with wheat straw bedding and will rent for \$2.00 for the entire meeting, the rooms being large enough for from four to six persons. We have also furnished rooms in the Dormitory that will rent for \$3.00 for the ten days, but we can not rent any one room in the Dormitory who expects to look in the room as the small rent does not justify the great expense.

All rent money applies on the expenses of the meeting."

Death of Mr. M. F. Gainey at Dunn.

Dunn, July 27.—In the death of Mr. M. F. Gainey yesterday morning Dunn lost one of her oldest and most highly respected citizens. Mr. Gainey came to Dunn in 1887 and was engaged for many years in the jewelry business with Mr. J. W. Jordan. This firm was later dissolved. Mr. Gainey going into the piano and organ business in which he was engaged at his death. He was a member of St. Luke's Catholic church here, being one of the founders and leading members. The funeral services were conducted from the church this morning by Father Irwin of Newton Grove; the interment taking place in Green wood cemetery. Mr. Gainey leaves a wife and several children to mourn his loss.

THE DROUTH IS SEVERE.

Weather Report Shows Better Conditions, However, in Some Parts.

Washington, Aug. 1.—Much needed sunshine and dry weather prevailed in the central states of the cotton belt during the past week, according to the national weekly bulletin of the weather bureau, issued today and the entire section east of the Mississippi was without any large amount of rainfall. It was practically rainless in portions of Georgia and Alabama, and there was little or none over the greater part of the Carolinas, where a large deficiency in the seasonal precipitation continues, especially in North Carolina, where in portions of the State the drouth is one of the most severe on record.

In the cotton growing states west of the Mississippi the weather generally was favorable. Conditions are greatly improved in Oklahoma, and good showers occurred in many portions of Texas, although portions of the state are still suffering for rain.

In Russia they call the harrow skirt a "jupeculotte." That ought to kill it.
