Notice of Farm Life School Election in Cumberland County.

Notice is hereby given that an election will be held in all the voting precincts in Cumberland county at the regular, usual and established precinct voting places on

Tuesday, July 31, 1917,

upon the question of levying and collecting a special tax, not exceeding 3-4 cents on the \$100 valuation of property and not exceeding 10 cents on the poll, for the maintenance and equipment of a Farm Life School in said county.

A law registration having been ordered, as required by law, all persons within the said county desiring to vote in the said election, are required to register for this election. The registration books will be open on Monday, July 2, 1917, and closed for registration at sunset on Saturday, July 21, 1917, as provided by law.

This June 12, 1917.
Board of County Commissioners of Cumberland County, N. C., by ALBERT WADE, Chairman, R. E. Boston, Clerk.
Board of Elections of Cumberland County, North Carolina, by JNO. W. JUDGE, Chairman, D. N. Geddes, Clerk.

Terms of sale, Cash
Amount due, \$25.00 and expenses of
G. L. PARKER.

Wonderful Stuff! Lift Out Your Corns

Apply a Few Drops then Lift Corns or Calluses Off With Fingers—No Pain

No humbug! A corn, whether hard, soft or twisted the toes, will loosen right up and lift out, without a particle of pain or soreness. This drug is called freezezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezezone, which will cost you a trifle, but is sufficient to rid your feet of every corn or callus.

Put a few drops directly upon any tender, aching bump or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezezone doesn't eat out the corn or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezezone have him order it for you.

AID THE KIDNEYS

Do Not Endanger Life When a Fayetteville Citizen Shows You the Way to Avoid It

Why will people continue to suffer the agonies of kidney complaint, backache, bladder disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Fayetteville testimony:

Mrs. R. S. Pearce, 237 Russell St., says: "Doan's Kidney Pills have proven a beneficial medicine in our family on several occasions when there has been kidney trouble or backache. Some years ago my back felt pretty bad but after I had taken part of a box of Doan's Kidney Pills, I felt much better and stronger. Since then when my kidneys have caused me any trouble, Doan's Kidney Pills have never failed to give good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pearce uses. Foster-Milburn Co., Props., Buffalo, N. Y.

Heavy, impure blood makes a muddy, pimply complexion, headaches, rashes, indigestion. Thin blood makes you weak, pale and sickly. For pure blood, sound digestion, use Doan's Blood Bitters. \$1.00 at all stores.

Gen. Pershing.

Keeping Cabbage.

Cabbage can be kept by pulling them up, leaving a little dirt on their roots, and stacking them in piles upside down. Cover with trash, cornstalks and dirt, and leave a little space for ventilation at the top, and they will keep very well.

To Repel Flies From Cows.

Make a mixture of two parts fish oil, one part machine oil, and one part kerosene, and apply with a large flat brush. This will not injure the animal, and if brushed on often enough, and it will stay on several days. It is just as good as any other fly repellent—thoroughly test the material found on the market.

Soft Eggs.

When the hens lay soft eggs, see that they get an abundance of good green stuff, such as cabbage, lettuce, clover, or rye. Give them lime in some form, too—old plaster or ground oyster shells. You will then have little trouble along this line.

The awful question "What shall I have for dinner?" is easily answered if your shelves are full of home-canned products.

That rubber ring you put on a preserving jar helps to stretch your income.

Home preparedness—can be had with food.

You May Talk to One Man

But an advertisement in this paper talks to the whole community.

Catch the Idea!

Is your barn a cotton warehouse?

WHEN you store a ton of old style cottonseed hulls you give space to almost 500 pounds of lint and all the extra bulk that the lint causes.

When you store a ton of

BUCKEYE COTTONSEED HULLS

you give space to 2000 pounds of real roughage, free from lint, compact, concentrated, solid. Buckeye Hulls save half your storage space or enable you to carry twice as much roughage.

Other Advantages:
2000 pounds of roughage value to the ton—net 2400. Priced much less per ton. Every pound goes further.

Mr. John Wicker, Forest, Miss., says: "I had his first experience in feeding Buckeye Hulls was unsatisfactory as he fed them improperly. He now soaks the hulls over night, then feeds them and has very satisfactory results. Mr. Wicker states that these hulls are more economical than the old style hulls and thinks that they go almost twice as far as the old style hulls at a considerably less cost to begin with."

To secure the best results and to receive the complete plan, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by waiting them down night and covering for the next morning. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free
Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye-Hull and gives directions for using them properly. Send for your copy to the nearest mill.
