TRUTH AND FICTION

Mr. Business Man:

Do you know that the Index and News have a combined circulation twice as large as all other papers published in Cumberland County.

This circulation is in the territory doing its trading in Fayetteville. If you want to reach the people and extend your business acquaintances in Cumberland, Hoke, Robeson, Harnett, Bladen and Sampson the News-Index affords you the best medium for doing so.

Another good sign is that if you will take the trouble to find out what Fayetteville merchants are doing the most business you will find them advertising in the News and Index.

Why is this? Just because they reach the people and produce results.

You can extend your trade by doing likewise.

Remember that the News-Index reaches two to others one giving you double advertising value.

The Purpose of an Advertisement

is to serve your needs. It will help sell your goods—talk to the people you want to reach. An advertisement in this paper is a reference guide to those whose wants are worth supplying.

A very beautiful star showing her charms and graces in the perfection of Parisian gowns is one attractive feature of the strong photodrama "An International Marriage."

The story of the life of a girl after the death of her father in the Morocco-Paramount photo-play, "An International Marriage," is easily understood when the beauty of the millionaire's daughter as portrayed by Rita Jolivet, is considered.

Miss Jolivet's vivacious, ingenious rendering of the young American girl the idol of her millionaire father's heart and the goal for which these strong men of affairs contend—is of stellar quality as to almost eclipse the strong supporting cast.
