REPORTER'S DICTIONARY, BASED ON PHONOGRAPHY.

IN PRESS and shortly to be published, a book with the above title, prepared by the subscriber, who has had nearly 20 years practice in Phonographic writing, having been at one time employed as an official reporter in the United States Senate, and who has been for the last seventeen months, and is now, reporter of the Atlanta Intelligencer.

The Dictionary will contain indications, by means of simple nomenclature, for writing with Phonographic letters, about 20,000 words of the English language, of ninety-nine one-hundredths of those in common use—the remaining words being easily written after these are learned.

In the Introduction to the Dictionary, simple instruction will be given for beginners of the study of Phonography, with lithographed illustrations, prepared by one of the best artists in the Confederacy. The object of the publication is to make a STRAIGHT FOR CONFEDERATE REPORTERS, and to render it possible for the much-coveted and beautiful art of Reporting, to be learned even without the aid of a teacher.

As the work will be expensive, new type having been procured expressly for it, only a small edition will be issued. Those who desire copies are requested to send to the author their orders in advance, (to be returned,) accompanied with the price of the same, which will be five dollars per copy. This book in paper cover, and suitable for use, will be sent to all subscribers, by mail, without additional expense.

CLAIMS OF DECEASED OFFICERS AND SOLDIERS.

Wilson, V. C. Judge 70th, 1863. THE UNDERSIGNED has been appointed a Commissioner to investigate, collect and pay over to the parties entitled thereto, all claims for bounty, arrears of pay and allowances, due to the representatives of deceased officers and soldiers from this State.

The parties entitled are: first, the widow of the deceased, if any, if there be no widow then, secondly, the child or children, if there be each, if there be neither widow or children then, thirdly, the father, if there be neither widow, child, children or father then, fourthly, the mother of the deceased, and in default of all of these then, fifthly, the executor or administrator of the deceased.

When the claim is made by an executor or administrator, the fact of the executorship or administratorship must be certified to, under seal by the County Clerk.

Any person directly interested will be furnished, upon application to me, with a proper form of these papers in full; a copy of which, for the greater convenience of parties, will be forwarded as soon as may be practicable to each County Clerk.

This commission is intended to facilitate the collection of these claims, and save the claimants all expense.

Parties interested may materially aid me in the investigation of their claims, if at the time of forwarding their paper to me, they will inform me of the date of the death of the deceased, where he died, whether or not they or any one for them, have received the personal effects which deceased had with him at the time of his death, and whether or not the deceased (if a non-commissioned officer or private) had ever received the State's bounty.

It is very desirable that all claims should be forwarded at as early a day as may be practicable. In all cases, give the claimants' Post Office and County in full.

JNO. A. STANLEY, Commissioner.

TO THE FRIENDS OF THE SOLDIERS QUARTERMASTER GENERAL DEPARTMENT, RAILROAD BUREAU.

Richmond, Feb. 20th, 1864. THE friends and relatives of soldiers in the Army of Northern Virginia are hereby notified that an arrangement has this day been effected with the SOUTHERN EXPRESS COMPANY, to carry all packages of food and wearing apparel to Richmond, Va.

To secure the advantages thus obtained through the express company the following instructions must be observed: Packages must not contain more than one hundred pounds; be well secured, and plainly marked, and sent at the expense of the shipper to either of the Soldiers' Relief Associations, which are located as follows:

In North Carolina, at Raleigh; in South Carolina, at Columbia; in Georgia, at Augusta; in Alabama, at Montgomery; or at any other point at which one of these Associations have an office.

The Agents of these Associations will there take charge of them, and ship daily, by Southern Express Company, to the proper Agents of the respective States at Richmond, who will see them distributed to the proper individual owners.

To meet the wishes of the soldiers, and to give them a certain and speedy communication with home the Southern Express Company has agreed to give this freight preference over everything else; and in order that no obstacle may occur to the success of so laudable an enterprise, the several Railroad Companies are hereby requested to render the Express Company such facilities as will enable it to make this arrangement a complete success.

FROM HOOE'S ARMY. OUR OPERATIONS IN THE REAR OF SHERMAN!

BRECKINRIDGE DRIVES THE ENEMY! FROM LEE'S ARMY. MOVEMENTS OF THE ENEMY! THE ENEMY RAIDING IN MISSISSIPPI! OPERATIONS IN WESTERN VIRGINIA! From Charleston!

ACOSTA, Oct. 10.—A correspondent of the Montgomery Mail, with Hood's army, says the occupation of Rome was effected without fighting. Wheeler's raid to Marietta was bloodless. When Sherman learned that Hood had moved northward, he crossed the river with two corps, and formed a line of observations at Vining Station. Hood's lines crossed the railroad at Big Shanty on the 4th. The two armies held this relation to each other without firing a gun.

PETERSBURG, Oct. 10.—The enemy last evening relinquished our 16th line, which they took possession of on Saturday last. To-night there were some indications on the part of the enemy to make an attack in our front, but it amounted to nothing. The enemy have burned several fine dwellings on the outskirts of our lines on their left.

OSYZA, Oct. 9th.—Scott's cavalry met the enemy's advance at Bayou Sara, on Wednesday, near Jackson. There was a severe fight. No casualties known, except 1 caisson blown up, and several men killed. Finding the enemy retreating with overwhelming reinforcements, our men evacuated Clinton, saving everything.—The Yankee cavalry entered Clinton. No particulars of what they did at Clinton or Woodville except the capture of a few officers, including Col. Pinkney, com'dg. the Post at Clinton and some soldiers at William's bridge. On Thursday a raiding party, 200 strong, struck off from the main body, visited Greensboro, Tangipah and Oryka on the railroad and remained a few hours at each place, searching houses for Confederate soldiers and arms.

Yesterday morning another yankee force of over 2,000 cavalry occupied Greensboro, and pillaged around indiscriminately. In the evening they encamped at Fairmount, 5 miles below there. Their force was reported accompanied by infantry. No tidings of them to-day.

Richmond, Oct. 10.—Official dispatches at the War Department to-day, state that Vaughn's cavalry drove the enemy from Rogersville on the 8th, killing and wounding a good many. No enemy in force this side of Bull's Gap.

It is related of a man in Newport, Rhode Island, that he married his second wife six weeks after the death of his first; the second was killed by a carpet thrown on her head, and in four weeks he married a third, who a month after was drowned. He awaited only two weeks this time, and then married number four, whose husband was killed four weeks previously in battle.

According to a statement in the New York Herald, more than one-third of the newspapers in the United States, published four years ago, have suspended publication. The aggregate circulation of the remainder has much diminished. The price of all printing materials has doubled and trebled, and of the paper has almost quadrupled.

A company in London have bought one hundred and forty acres a few miles from the city, and propose to enclose it with glass, making a climate like that of Madeira, with the fruits and foliage to be found in that island. A hotel and residences are to be built, and great prices will be charged for a chance to live under glass.

An enormous fossil tooth, found in the colite in the environs of Poitiers, was exhibited by M. Valenciennes at a late meeting of the French Academy. It is of a conical shape, regularly rounded and slightly curved. In order to show its great size, compared with those of existing species, the largest crocodile's tooth which the Museum of Comparative Anatomy could furnish was exhibited at the same time. It was one-fourth the size of the fossil. The surman to which the tooth belonged is conjectured by M. Valenciennes to have been more than one hundred feet long.

The Front.—Our front is now Sherman's rear, having Blue Mountain, Atlanta, and Cedar Town, Georgia, for our base. Reports were current last night, and have been revived this morning, that our forces are in possession of the State road from a little below Marietta to Acworth, and that our mounted infantry have captured Rome, with its entire garrison—numbering, besides white men, nearly three thousand negroes. Dick Taylor, Adams & Col. formerly of the Trans-Mississippi, are within supporting distance of our troops at Rome, and its occupation will doubtless be permanent.

We have private advices from the vicinity of West Point as late as the 5th, which is decidedly encouraging. The tide is turning!

TITHE NOTICE! To Farmers in Cotton Raising Districts. THE GOVERNMENT requires that where persons have been in the habit of pressing their Forage for market, or having Cotton presses either at home or near, that they shall deliver to the Tithe Agents their Forage in bales. The law having exempted soldier's wives and others who do not make more than 200 bushels of corn, of paying Tithes, it is hoped that the Farmers may try and facilitate the business by complying with the above.
