MANHOOD! HOW LOST, HOW RESTORED.

JUST PUBLISHED, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Spermatorrhea, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to marriage, &c., also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

Price in a sealed envelope, only 5 cents. The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine, or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, once himself cheaply, privately and radically cured.

This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the publishers, CHAS. J. C. KLINE & CO., 137 Bowery, New York, Post Office Box 4, 586. w-ly

REGISTER! REGISTER!! 1. Don't forget to Register. Every man must Register or he can not Vote.

2. Registrars will register names between the 15th of October, till and including the day of election, on the 3rd of November.

3. The time and place of giving notice will register, and should not register at other times. No improper voter can be challenged except when he proposes to register; hence, the people should know when and where the registration takes place.

4. The Seymour and Blair Clubs must be sure to have proper persons at the Registrar's tables to challenge improper voters at all times. See to this.

5. There is no election in Virginia on the 3d of November. We learn that negroes are being brought from Virginia into our border counties, on the pretence of working, but really for the purpose of registering and voting at our elections. Remember, no man has a right to register or to vote in this State unless he has been in the State one year before the election, and in the county, where he registers, thirty days before the election.

6. We beg our exchanges, public speakers, and friends generally, to have the people fully informed on the above subjects.

7. Tickets! Be sure to have every precinct well supplied with tickets. The names of candidates for Electors, &c., should be written or printed in full. Every County must order their own tickets in time.

A friend of ours, recently returned from a trip through St. Charles parish, tells us that he rode thirty-four miles through the parish, and in that time did not see a woman or child. On asking the reason of this, he was informed that the negroes in the parish had assumed so threatening an attitude that for their own safety the defenseless portion of the population had been sent to the city. "Let us have peace." N. O. Crescent.

Queen Isabella's trip was made with five hundred pieces of baggage. A most wretched punster in Fayetteville, N. C. says Queen Isabella should now be called; "Queen Wasabella."

ANOTHER LARGE CONTRIBUTION.—Wm. Bishop, of New Haven, Conn., moved by the example of Mr. Helmbold, has sent to Gov. English \$80,000, to be expended in aid of the Democratic national ticket in that State, and particularly in the city.—Now, who is prepared to "see" Mr. Bishop's \$80,000 and go an \$80,000 better? Gentlemen will do well to remember that less than one week is left before the election.—N. Y. Sun.

THE FLOWERS COLLECTION. Q. Who are the good Ku-Klux? A. The solid men of Boston, disguised as Indians, who pitched the tea into Boston bay.

Q. Who are the bad Ku-Klux? A. The Southern men disguised as ghosts, who shoot the negroes that rape their women.

Q. Who is a revolutionist? A. FRANK BEAR, who fought four years against rebellion.

Q. Who is a truly loil man? A. Jo. BROWN, who fought four years for rebellion.

Q. What is a republican form of government? A. Where a Union soldier can't vote unless he swears he is no better than a negro.

Q. What is impartial suffrage? A. Taking the ballot from intelligent white men and giving it to ignorant blacks.

Q. Who first dispersed State governments at the point of the bayonet? A. The Radicals. They dispersed the Southern State governments of 1865.

Q. Who was the first carpet-bagger? A. Secretary of State Seward.

Q. What was the corner-stone of the Confederacy? A. The negro.

Q. What was the corner-stone of reconstruction? A. The negro.

Q. How is GRANT to let us have peace? [The whole class gives it up.]

The election of Grant means the curse of military government for these ten Southern States; the cost of which—several hundred millions per annum—must be borne by the Labor and Industry of the country, that are already ground to the dust by Radical Robbery and Radical Oppression.—N. Y. Express.

UNIVERSITY.—Last Wednesday night, Rev. Wayman, a Bishop of the African Methodist Church, preached in the Chapel of the University of North Carolina. This was the first public use of the University buildings by its present Trustees. The next may be a meeting of the Union League in the halls of the Dialectic and Philanthropic Societies.

Every man who votes for Grant and Colfax has voted for a negro. A. H. GALLOWAY, the elector of the 3rd district is a negro. Are the white men of North Carolina willing to vote for a negro to cast the vote of the State for President?

Gen. Grant says "Let us have peace." His friend, Gen. Garfield, of Ohio, says this is to be elected by "a little triangular piece of steel."

THE NEW GOVERNMENT OF SPAIN RECOGNIZED.—London, October 20.—England, France, Prussia, Italy and Portugal have recognized the provisional government of Spain.

A new volume of the North Carolina Presbyterian commences on Wednesday, Jan. 7th, 1869. The paper will be enlarged and otherwise improved.

INTERESTING REVENUE DECISION.—The commissioner of internal revenue has had the question propounded to him: "When an administrator wishes to assign a mortgage not due, to the guardian of decedent's heirs, in order to settle his trust finally, is it necessary to stamp the assignment? No consideration, of course, passing from the guardian to the administrator."

To this the following response has been made: "I reply to your letter of the 19th instant, that the assignment of a mortgage requires, in every case, the same stamp as a new mortgage, for the sum still secured. The tax does not depend on in the case of a conveyance upon a valuable consideration."

RATES OF ADVERTISING IN NEW YORK.—Complaints are sometimes made by business men as to charges made for advertising. The following are the rates in New York:

In the New York Tribune, twenty-five cents per line for each insertion; eighth page, thirty cents per line. Business notices, fourth page, sixty cents per line for each insertion. Fancy type and cuts are charged double rates for space occupied. In the Weekly Tribune the rates are two dollars per line for each insertion, and three dollars per line for announcements.

The other New York papers charge the same rates, with the exception of the Herald, which is fifty cents higher. The business men of New York all advertise extensively and consider even these rates cheap. Compare these rates with the price of advertising in some other cities!

"When the storm is over, the Conservative party, representing, as it does, THE PROPERTY AND INTELLIGENCE OF THE STATE, will take the guidance of affairs, AND ALL WILL BE WELL." Judge Pearson's Letter.

Then why not "take the guidance of affairs" while the storm is raging? Now is the time if ever.
