

**WOMAN'S PART IN WAR.**

**Fair Japanese Are Working Heroically at Home and in Field.**

All the women in Japan, native and foreign, are at work for the soldiers. American and English ladies are scarcely less interested in making socks and caps for the brave little brown men who are fighting the Russians than the Japanese women themselves.

One may see Japanese princesses alongside women of various gradations in social position working with might and main at rolling bandages in the great Aoyama Military hospital. They

**JAPANESE NURSE IN JINRIKISHA ON THE WAY TO THE FRONT.**

all wear the regulation white cotton dress and cap whether their rank is high or low. Ordinary social diversions in Japan now give way to what is connected in some way with the war. If the women meet for an afternoon musicale or a garden party one can be sure that the object is to raise funds for the work of the national Red Cross society, its auxiliary, the Ladies' Volunteer Nursing association, or the Alkoku Fujinkai (Ladies' Patriotic society). If a tea party is given, instead of devoting themselves to gossip and fancy work the women make their needles fly in sewing garments for the soldiers, and the talk is all of the boys who are fighting the Russians in Manchuria or on the war vessels of Japan's wonderful navy. If one of the party has four or five sons at the front, she is the heroine of the day and the envy of the fond mother who has only one or two boys to give to the service of the emperor.

While the little Japanese women are working bravely at home the Red Cross nurses with the army in the field are displaying a courage that often equals that of the men.

The Japanese have had a national Red Cross society since 1880, when Japan entered the Geneva alliance and was placed on the same footing as other nations under the international laws of war. A society which had been organized in 1877 to do a work similar to that of the Red Cross then became the Red Cross Society of Japan. Under its direction nurses have for many years been trained in so thorough and scientific a manner that they are able to be of great service now that their beloved country is in the midst of a life and death struggle with its enemies.

**Symptoms of Decay.**

"I am afraid you are not so strong as you used to be, John," said a fond wife to her husband. "I think it is about time you were getting some insurance on your life."

"Insurance on my life! What are you talking about? I am as healthy as ever I was. Insurance, indeed!"

"Well, dear, I only mentioned it, you know, out of respect to yourself. I thought you were failing."

"And what in the world put it into your head that I am failing? Me failing? Why, I am as strong as a horse and can run up three flights of stairs without taking a breath."

"Well, that may be so, but I am afraid you are deceiving yourself."

"Deceiving myself! Goodness gracious, woman, what do you mean?"

"Don't be so impatient. What makes me think you are failing is this: When you were courting me you could hold me on your knee for three hours. Now you cannot hold the baby on your lap three minutes."

**A Startling Test.**

To save a life, Dr T G Merritt, of No Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at B E Sedberry & Sons.

**When the Sap Rises**

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure cures coughs and colds and gives strength to the lungs. Mrs G. E. Fenner, of Marion, Ind., says, "I suffered with a cough until I run down in weight from 148 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by all druggists.

**JOINTS PAIN YOU THIS MORNING?**

First sign of RHEUMATISM. Dangerous to let it run. Easy to cure now. A single bottle of

**Rheumacide**

Will probably do the work. Bad cases require more. RHEUMACIDE cures by getting rid of the cause, so that no trace of the disease lingers in the system. It purifies the blood, relieves the inflammation of the kidneys, the chronic constipation and the catarrh that follows such a condition of the system.

Though Mrs. Mary E. Welborn, of High Point, N. C., is 80 years old and had suffered from rheumatism for 20 years, she was completely cured by RHEUMACIDE, and declares she feels "years younger" and is anxious for "all who are suffering from any of the forms of this dread disease" to try RHEUMACIDE and be cured.

REV. J. R. WHEELER, a noted Methodist minister, of Reisterstown, Md., writes enthusiastically of RHEUMACIDE, which cured him. He is 75 years old and has been in the ministry 50 years.

**WE WILL BOND YOU!**

In this progressive age, the custom of asking friends to go your bond is rapidly passing away, and instead, Bond Companies are performing this necessary service. It is an unreasonable tax upon friendship to expect friends to go on bonds and thereby expose their property to risk and themselves to the expense and trouble of a possible law suit, and all for nothing, when we will execute all classes of surety bonds for a moderate fee, and assume all liabilities incident to the risk.

The laws of North Carolina permit the premium on Bonds to be charged against the estate in the case of Administrators, Guardians, Receivers, Trustees, and other fiduciary trusts.
