We take this method of thanking our friends and the public for their liberal patronage which has enabled us to build up the largest amount of deposits ever held by a bank in this section, and the greatest number of customers. We have over 2,000 accounts, and not a SINGLE one has as much as \$10,000.00 on deposit. We mention this to let you know that we believe IN SMALL ACCOUNTS AS WELL AS LARGER ONES.

Farmers, Merchants, Laborers and Professional Men

are obliged to realize that such an institution is a benefit to this section, because this U. S. Government Bank always has money to lend them to buy farms, to meet merchandise bills, to engage in legitimate business, to build homes, or to supply professional needs. A great deal OF THESE DEPOSITS HAVE COME FROM OTHER SECTIONS TO SEEK A PLACE OF PERFECT SAFETY IN VAULTS OF

THE : NATIONAL : BANK.

There is no safer place anywhere to deposit your idle or active funds, because:

- FIRST. We do not deal in speculative investments, but lend our money to the public on approved security only.
- SECOND. We carry BURGLARY INSURANCE, even though our vault and safe is the very best.
- THIRD. We have assets of \$613,402.43, besides the personal responsibility of stockholders to amount of \$50,000 additional.
- FOURTH. THE U. S. GOVERNMENT REGULARLY SUPERVISES OUR BUSINESS AFFAIRS to guarantee that every detail is kept perfectly straight.
- FIFTH. The officers and directors named above are among the best men on earth, and you can rest assured that they will see that your interests are protected.
