A white man was found dead alongside the track of the Atlantic Coast Line R. R. Thursday, near Luray, north of this city, with one leg out off. He is unknown, and there was nothing on his person to identify him. He is supposed to have been a tramp, who was riding on the bumpers, and was caught between them on some sudden movement of the train.

Dr. J. V. McGougan, surgeon of the Atlantic Coast Line R. R. Co., had the man brought in to the city this morning, and an inquest was held over his remains. He wore overalls, like a railroad workman, and there was a switch-chain in his hat.

Beath of Mr. J. M. R. Williams.

Mr. J. M. R. Williams died about 6 o'clock Thursday, at his home at Wade, aged 45 years-a member of the Presbyterian church and a good citizen. His death was due to consumption, from which he had been suffering for two years. The funeral. services will take place at 11 o'clock to-morrow morning at the McPhail burying-ground in Flea Hill town-

A Centenarian Dead,

Chrissie Bethune, said to be 130 years old, died in Seventy-First township Wednesday. Prior to the war she belonged to Lauchlin Bethune; and, from best information obtainable, her youngest son is 76 years old. She claims to have known Fayetteville when there was only one house, but was not positive who the owner was, but thought his name was Potts. Whether or not she was as old as was asserted, she was certainly over 100 years old.

At 7 o'clock p.m. Wednesday Rev. D. H. Tuttle, pastor of Fayetteville Hay Street Methodist church performing the ceremony, Mr. D. Culbreth and Miss Iulia Sessoms were married in Flea Hill Salem Methodist church, which was tastefully decorated for the occasion. After the marriage the bridal party enjoyed a delightful reception and supper at the home of the J. J. Powers, auditor. bride's family. Mr. and Mrs. Culbreth will make a wedding trip to Richmond, Va.

Will Take Up Cape Fear Matter.

Dr. J. H. Pratt, Secretary of the State Board of Geological Survey, has been in Raleigh since Tuesday, in connection with the board's work of laying off the metes and bounds for nets, seines, traps and other fish obstructions in the streams tributary to Albemarle Sound. The board will also take up the matter of marking and clearing the Cape Fear river, in accordance with the petition of the board of aldermen of Fayetteville; but Mr. Pratt does not see how anything substantial can be accomplished in advance of the meeting of the next legislature, as the Board of Geological Survey has no funds available for the

First Quarterly Conferen :.

The first Methodist quarterly conference of this district for the present year was held at Hay Street M. E. church last week, Presiding Elder Hurley in the chair. The pastor reported about \$13,000 subscribed thus far towards the building fund for the new church, with a number of other good subscriptions in sight, but not yet reported. The outlook was reported very bright for the early beginning of the new church. Steps were taken in that direction by the appointment of the following building committee: Mr. E. A. Poe, Dr. G. B. Patterson, Messts B. C. Gorham, J. M. Lamb. Hunter G. Smith, F. H. Cotton, H. S. Sedberry, W. T. Saunders and Q. K. Nimocks. Mr. C. M. Hughes was elected treasurer of the building fund. Mr. H. E. A MITCHELL DIARY. One of the most interesting publi-

cations issued by the University of

North Carolina through the liberality

of James Sprunt, says the Manufac-

turers' Record, is James Sprunt His-torical Monograph No. 6, being a diary of a geological tour in North Carolina in 1827 and 1828 by Dr. Elisha Mitchell, whose monument and tomb, Mt Mitchell, is the highest peak in this country east of the Rocky mountains. In looking over hundreds of old families' letters Mrs. W. H. Coit, of Statesville, N. C., a granddaughter of Dr. Mitchell, discovered a lot of letters written with care and method by Dr. Mitchell to his wife in his vacations of 1827 and 1828. They were, as he said, in the nature of a diary, and bore directly upon his tours, which were mainly through what are now the counties of Wayne, Onslow, Craven, Orange, Guilford, Surry, Wilkes, Ashe, Da-vidson, Rowan, Cabarrus, Mecklenburg, Lincoln and Rutherford, and they give a daily account of his journeys, with a mass of information about geography, geology and min-eralogy, and of allusions to individuals, great and small, whom he met. The general assembly of North Carolina in 1822 appropriated \$250 a year for a geological and mineralogical of the State, and in 1826 continued the appropriation for one year longer. Prof. Denison Olmsted, then a professor in the University of North a professor in the University Carolina (afterwards of Yale), was apresignation in 1825 Dr. Mitchell took his place. A report was printed. Part I and II by Dr. Olmsted, Part III by Dr. Mitchell. In 1829 the latter made another short report. The general assembly declined to continue the survey, probably on account of the panic and consequent "hard times." The publication of these letters fills up to a certain extent the gap left by the discontin-uance of the geological survey and gives an opportunity to Dr. Kemp P. Battle, the gifted editor of the Sprunt monographs, to give in many anno-tations another illustration of the zealous care which he is devoting to the writing of the history of his

DISINFECTION IMPORTANT. Results Obtained in a Large Institution

The importance of disinfection is shown the results obtained at the Brooklyn by the results obtained at the Home for Consumptives, the finest institu-tion of the kind in New York. A letter

from the President is quoted: "We have used Platt's Chlorides in the Brooklyn Home for Consumptives for more than ten years, and find it not only a comfort but a necessity. Through its use we defy 'the germs' to make any inroads on the nurses and employees who are in constant attendance upon the sick, one hundred of whom are now in the institution, One nurse has been there well on to ten years, a second almost as long, and not one person ever employed in the Home has de-veloped lung trouble."—Mrs. S. Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stemach caused indigestion and dyspepsis, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of Indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the atomach, thus caus-ing the glands to secrete mucin instead of the juless of hatural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
