Funeral of Mrs. A. B. Williams.

The funeral services took place at 11 o'clock Saturday morning from the First Presbyterian church over the remains of Mrs. A. B. Williams, Rev. W. M. Fairley, officiating, and there was a large concourse of friends and relatives in attendance. The floral tributes were beautiful and numerous. Besides those mentioned of the family elsewhere, Miss Maggie Whitted came up from Bladen. Following were the pall-bearers: Messrs. W. E. Kyle, A. A. McKethan, H. R. Horne, J. B. Underwood, R. G. Haigh, D. A.

Memorial Exercises.

The concluding memorial exercises of May 10th were beautifully and feelingly rendered by parade of the Indedendent Light Infantry battalion, Maj. J. C. Vanu commanding the two companies. After the usual salute at the handsome monument on St. James Square, the command marched to Cross Creek Cemetery, where Rev. D. H. Tuttle, paster of Hay Street Methodist church, rendered prayer, and the old monument, mainly the work of the patriotic Mrs. Annie Kyle, and the soldiers' graves were decorated.

Then followed the superb classic address of Rev. I. W. Hughes, rector of St. John's Episcopal church, concluding with the benediction by Rev. Dr. J. J. Hall, pastor of the First Baptist church. There was fine vocal music, and the volleys by the soldiers over the graves of their comrades.

Federal Prisoners.

No public institution is doing so much for the people of our town as the public school, and the boys and girls who remain in school and avail themselves of the privileges afforded them always

come in for praise and congratulation. The large attendance upon the closing exercises of the school was in itself an evidence of the fact that the public school lies close to the hearts of all the people; and the statement that the closing year was the most prosperous in the history of our excellent system of graded schools was

received with applause. Judicial Convention.

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought

of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other dis-

comforts of this period. comforts of this period. Sold by all druggists at MOTHERS \$1.00 per bottle. Book containing valuable information free. The Bradfield Regulator Co., Atlanta, Ga.

An Improvement in Iron and Steel Roofing---PROTECTED ROOFING.

HAS it not been your experience in the use of Common Iron (or Steel) Roofing that any deterioration or so-called "rotting" was traceable to rusting from the underside?
You have wondered how this could be corrected, and the heading of this probably leads you to ask "WHAT IS THE IMPROVEMENT.

THE HYNDMAN ROOFING COMPANY, pioneer manufacturers of metal roofings, have observed closely and have recognized the difficulties you have contended with in using Common from Roofings. In their efforts to overcome such objectionable features these makers have invented PROTECTED ROOFING—which is the best iron roofing it is possible to make, with an AIR PROOF ROSIN SIZED PROTECTED COATING CEMENTED TO THE UNDERSIDE OF THE METAL. This Protective Coating a general to the finished sciented best METAL. This Protective Coating is comented to the finished painted sheets, THUS PREVENTING ANY CIRCULATION OF AIR REACHING THE UNDER-SIDE OF THE METAL, and is therefore STRICTLY THE IMPROVEMENT CLAIMED. Its uniform application supplies an airproof protector, WHICH PROVIDES ABSOLUTE PROTECTION TO THE UNDERSIDE OF THE METAL AGAINST INJURY FROM CONDENSATION, FUMES and GASES—consequently ASSURING MANY YEARS OF ADDITIONAL LIFE TO THE ROOFING OR

This protective coating prevents dropping during frosty weather, when frost is melting; it deadens sound, and being a non-conductor of heat and coal makes the building cooler in summer and warmer in winter.

We are selling agents for PROTECTED ROOFIX; and will be clad to all you the actual goods in stock. Our special arrangement with the manufacturers enables us to offer these goods to you at prices lower than you will expect to buy an article of such MERIT and HIGH QUALITY.
