

Rev. Dr. J. T. Gibbs, Presiding Elder of the Fayetteville district of the Methodist church, arrived with his family last week, and went into the district parsonage on Haymount, vacated by Rev. J. B. Hurley, who had left for Durham.

Dr. Gibbs is well known here, and Mrs. Gibbs, who was Miss Overbaugh before marriage, is at home among friends.

Bad News from Over Sea. News has been received in Anderson, S. C. to the effect that Nellie Royal, ten years old, the daughter of Mr. and Mrs. Frank Royal, independent missionaries to China, met with a horrible death about the first of December. The child was playing on the banks of the river Shanghai, and was brutally clubbed to death by three Chinamen.

Mrs. Royal was before marriage Miss Sullivan, of Pelzer, S. C., and Mr. Royal is a native of Sampson county, and brother of Mrs. Kate Breece, of this city.

Railway Committee. The following extracts from the annual report of the Interstate Commerce Commission will be read with interest:

Under the law of March 3, 1901, railroads engaged in interstate commerce have made monthly reports to the commission of accidents to passengers and employes for five years. The tremendous increase in the volume of freight traffic has put a severe strain upon employes, and this has often been made the justification of excuse for working men unduly long hours, and has led to the employment of many young and inexperienced persons. In the matter of long hours the accident reports have shown instances of even worse conditions than existed in former years.

In the item of passengers killed in collisions and derailments the record for 1906 is not so bad as for 1905. This is a cause for gratification; but the only real indication of the figures is that the number and severity of great disasters has diminished. The cost of collisions as reported by the companies, excluding damages to property and indemnities paid to or on account of persons killed or injured, is \$10,591,180, nearly \$1,000,000 greater than in 1905.

The detailed statement of causes of prominent collisions and derailments constitutes the most instructive feature of the accident bulletins. The statistical tables only serve to confirm the serious and pressing character of the threefold problem which has been made the chief feature of this department of the last two or three annual reports: (1) the investigation of accidents; (2) the requirement by law that the block systems shall be used on passenger trains, and (3) the regulation by governmental authority of the evil of overwork by trainmen, signalmen, and telegraph operators.

The law requiring carriers to make monthly reports of accidents should be amended so that the monthly reports shall include accidents of every kind and to all classes of persons. The matter of accidents could then be omitted from the annual reports, since the whole subject would be covered by the monthly reports. This would simplify the law, and give greater value to our accident statistics. The benefit of these reports lies in bringing their prominent features to the public attention at the time when they are fresh and matters of public interest. The remedy is then suggested to the public much better than it can be under the present system.

"Religious Telegraph." The editor of the OBSERVER has received a letter from Alfred G. Morrison, of Tuberville, Halifax county, Va., who states that he is "trying to come upon a file or any copies of a paper published in Fayetteville between 1824 and 1827, called 'The North Carolina Religious Telegraph.' The paper was edited by R. H. Morrison, D. D., at that time pastor of the Presbyterian church in Fayetteville."

Any information on this matter, from some of the "old inhabitants," will be appreciated by the OBSERVER for Mr. Morrison.

A Needed Appropriation. The directors of the insane asylum at Morganton will ask the next legislature for an appropriation of \$40,000 to accommodate 100 male patients; \$5,000 for two pavilions, one for men and one for women, for patients suffering with tuberculosis; an additional \$145 a year for general maintenance. The treasury of the institution is just \$58.00 "to the good."

A Large Lumber Order. Godwin & Johnson, wholesale lumber dealers of Raleigh, have secured the contract to furnish, within six weeks, 750,000 feet of lumber to the Negro Development Company of the Jamestown Exposition. This department of the Exposition is under the control of the United States government, but is operated wholly by negroes.

Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by B. E. Seaberry's Sons, drugists. 50c and \$1.00. The following was sent out to the State press from Smithfield, N. C., giving the result of the trial for murder of Charles Peacock, who is well known in this city, where he has been a frequent visitor:

The expected happened when at 8:40 o'clock to-night the jury, which had for the past three days been weighing the issues in the case of Charles Peacock, charged with the murder of Alonzo E. Woodard, returned a verdict of not guilty. A considerable demonstration, despite Judge Webb's warning, evinced the spectators' approval of the verdict. There was more or less hand-clapping among the men, and some weeping among the women present. After an informal reception had been tendered the accused by his friends, he withdrew, accompanied by his family, to his home.

Will Come After the Holidays. Hon. G. B. Patterson had an interview last week with Chairman Burton of the Rivers and Harbors Committee, in which the latter stated that, while it would be difficult for him to get away at this time, he would keep his engagement if Mr. Patterson insisted on it. On the other hand, if the present engagement was cancelled, he would give two days in the State instead of one soon after the holidays.

This proposition seemed preferable to Mr. Patterson, after consultation with other members of the North Carolina delegation, and Congressman Burton may be expected during the month of January.

Cotton Statistics. In addition to the Census Bureau cotton report, given in last week's OBSERVER, the following figures will be found of interest:

Table with 2 columns: State/Territory and Cotton (bales). Includes Alabama, Arkansas, Florida, Georgia, Indian Territory, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, and Virginia.

The Sea Island cotton for 1906, distributed by States, is Florida, 21,880; Georgia, 20,794; South Carolina, 6,656.

The last report showed 10,027,868 bales ginned to December 1, 1906.

Immense Postoffice Business. It looks as if, in the course of a few years, the post-office will cease to be a tax on the government, and may become not only self-sustaining, but even profitable. The report of the receipts and expenditures is as follows:

A reduction of more than \$4,000,000, or 27.85 per cent, in the excess of expenditures over receipts of the Postoffice Department is shown in the annual report of Edwin C. Madden, third assistant post-master general, which was made public to-day. The total receipts for the fiscal year of 1906 shows an increase of more than \$15,000,000 over that of 1905, the greatest increase in one year in the history of the postal service. The total receipts from all sources were \$167,931,782; and the total expenditures \$178,449,776. The gross deficit, including losses by burglary and fire and through uncollected debts, amounted to \$10,517,994.

An enormous increase in the demand for stamp supplies, nearly 800,000,000 stamps, amounting to a gain of more than 10 per cent, over the previous year, is a striking indication of the wonderful growth of postal business due to the country's great prosperity.

Fayetteville Industries. The Manufacturers' Record contains the following: Fayetteville, N. C.—Ice Plant.—Fayetteville Ice & Manufacturing Co. has purchased site on which to erect 60-ton ice plant. Company was reported October 18 as increasing capital stock from \$25,000 to \$50,000.

Rheumatism. I have found a tried and tested cure for Rheumatism! Not a remedy that will strengthen the distorted limbs of chronic cripples, nor turn long growths back to flesh again. That is impossible, but I can now surely kill the pains and remove this dreadful disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made as freely as doer sugar when added to pure water. And then, when dissolved, these poisonous wastes freely from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer with our help. We sell, and in confidence recommend.
