SPEAKER JUSTICE'S FINE SPEECH.

The State is to be congratulated upon the selection of Mr. Justice as Speaker of the House of Representatives. We do not know how our Cumberland members voted in the Democratic caucus, but hope they voted for Mr. Justice. His admirable speech upon taking the Speaker's chair was as follows:

'Gentlemen of the House of Representatives:
"I cannot express my feelings of gratitude and appreciation of the honor you have conferred upon me in selecting me as Speaker of this honorable body. I do sincerely thank you for it. I trust that no member of this body will have cause to feel that in the administration of my office I have been a partisan. When our labors shall have ended it is my sincere desire that you will believe that I have been just and fair to caeh of you and just to my State. Those of you who are of a different party from the one to which I belong will find me always willing to extend to you the treatment and all the courte-sies that members of this body have of the business, corporations whose the right to expect from the presiding

panies.

undertake now to recite them.'

minds are much better for some kinds

of work, and men's for other kinds.

But the brain work of women is be-

ing constantly better done, with pros-

pects of being done still better, while

"Matters of vast importance will tax our intelligence and require the exercise of great patriotism on our part at this session of the General Assembly. The people are being exploited by trust and public service corporations. The solution of the problem arising from this condition of affairs must be found and courageously adopted. It would not be possible for conspirators who have united themselves in a trust to monopolize the business of buying any of the products of the farms or the mines, or the business of selling the products of the factory. In our State the law of supply and demand does not apply to the purchase and sales of many of the necessaries and comforts of life. The price of these articles is lowered when a trust is the buyer and raised when the trust is the seller, so that those who sell and those who buy are forced to pay not what things are worth but what the unlawful combinations say they are worth. The tax the people are forced to pay to these exploiters is measured alone by their greed. The tobacco which the farmer raises is sold for but little above the cost of production, but when it is manufactured the consumer must pay the price asked in a non-competitive market. The pur-chaser of window glass, mirrors, sugar, oil, many articles of steel and of other articles must "stand and deliver," when the trust fixes the price. This result is accomplished by methods that are most immoral and reprehensible and which should be unlaw-

ful. It is so well established that the independent manufacturer cannot share the profit on the articles the trust controls, that none dare now enter these lines of business. The fate of those who have tried to compete with the trust has been such as to deter others from entering the contest. It is accepted as inevitable that the trust may buy for less than the value and sell for more than the value of articles it deals in, and that there is no power that will stop it. This through the trust, robs others, should be answerable to the criminal law. The man who does this through agents in this State, while he remains outside should be brought in to this State upon the requisition of the Executive and punished as would be the man who should send into the State through the mails a deadly machine with the expectation and purpose that it will explode when it is opened. Public service corporations should be made to perform the functions assigned to them at their creation and made to serve. The income should be limited to a fair return on their investment and for the skill and ability of those who operate them. Discriminations between persons and places, similarly situated, should be subject to such severe penalties that

fear of punishment would be stronger than love of gain. Prompt and adequate service in transporting passengers and freights and transmitting messages should be absolutely required, and the failure to perform it should be so severely punished that those whose duty it is to render the service will think first of the people's rights and second of stockholders' dividends. The use of free passes has proved such an unmitigated evil that those who give and those who receive them should be alike guilty of crime. They are rarely given with a right purpose or accepted by a person who is not embarrassed with a sense of obligation on account of it. No public service corporation should be allowed to have a secret from the agents of the State that created it or permitted it to do business in its borders. Publicity is the greatest guarantee of their doing right. The Attorney-General should be given power to inform himself, by sending for persons and papers, of all the affairs of these corporations, in order to know whether the laws are being violated and when it is discovered that they are it should be his duty to prosecute the offenders. The long failure on the part of this State to use its powers in correcting the evils, has in part given rise to the belief that the power does not exist. Under our constitution all power is with the State which

was not granted to the United States,

and there is nothing in the Federal

constitution which when fairly construed permits or prevents the State destroying trusts and regulating and controlling public service corpora-Bee's Laxative Cough Syrup containing Honey and Tar is especially appropriate for children, no opiates or poison of any character, conforms to the conditions, of the National Pure Food and Drug Law, June 30, 1906. For Croup, Whooping Cough, etc. It expels Coughs and Colds by gently moving the bowels. Guaranteed by McKethan & Co. meets in Colorado and California.

Dad's Little Liver Pills thoroughly clean the system; good for lazy livers makes clear complexions, bright eyes and happy thoughts. Sold by Mc-Kethan & Co.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made alone for Piles—and it works with certainty and satisfaction. Itching, painful, protruding or blind piles disappear like magic by its use. Try it and see. B. E. Sedberry's Son.

that of men shows little or no im-Some years ago this writer was dining at the pretty cafe which crowns the height of Mount Lavinia in Ceylon-the same, by the way, which overlooks the "coral strand" where Heber was pacing when he conceived his immortal hymn-and he asked his companion what the waiters were, men or women, for they all wore loose flowing garments of the same description. Some are men and some women, was the reply. How do you tell them apart? Those, said he, whose hair is done up in tucking combs are men, and the others wo-

Remembering that, before the British "took over" Ceylon, the reigning native dynasty was that of womenthe oldest daughter of the oldest daughter-it was but a step for the writer to imagine that, in one of the prehistoric cycles, woman had completed the race which the article quoted from the American says she has ust entered upon now, had conquered man, and had affixed the tucking comb to him as a badge of servitude. Who knows? and who knows but that the racers of our day may follow the same road? There is no doubt that the practical enjoyment of equal political rights, which democracy has ply knaves or fools. They may cling brought to women, setting them free to either horn of this dilemma. from the handicap of inferiority, is likely to have surprising results.

As the different mental and moral attributes of the sexes descend, respectively, along with the sex itself, it is quite conceivable that the cumulative force of many centuries of inherited virtue in women will now enable them to outstrip man, burdened as he is with the cumulative disability of centuries of self-indulgence.

There is more than the pleasantry of a speculative fancy in all thiscertainly there seems to be to one who has seen the women of the Orient, hardly recognized as human beings, and traced the evolution of the sex through Western Asia to Eastern Europe, from the East to the West of Europe, from England to America, and, even in America, from the oldfashioned woman of the Atlantic seaboard to the breezy Amazon one

ting, get understanding." Common drunkards are sometimes elected as Representatives in our State and nalegislatures-sometimes our county officials are of that class. It is not for kings to drink wine nor princes strong drink. Have you seen the drunken sot delivering a lecture on temperance, and, losing his grip on the desk, fell a confused heap on the floor? It was a practical lesson, of course, but that was different from the Master's example. He taught cleanliness and sincerity in all things and denounced hypocrisy on all occasions. But as a rule, to-day, the so called business men are imitating every other example except the one set by the Man who was reputed to be a sacrifice for original sin. The world is clashing much about methods of spreading the gospel, but when it comes to spreading they balk at the foot of the hill, and they will remain there until they unload all that useless lumber they are trying to carry up. God says, I don't need your surplus; if you have more than you need, give it to the poor. Then they turn aside, heavy hearted, sorrowful and try to devise some other plan but G d is unchangeable, the same vesterday, to-day and forever. Honor the common school house when the and obey me and I will make your burdens light; before you come up you must lay that burden down. If

the rubbish of this world were carried up it would mar the beauty and spoil the pleasures of heaven itself. The example of Rockefeller, Carnegie & Co. won't do. It is true they are throwing a chunk here and there, but as they pass along the one grabs a fist full from every one who is compelled to labor by the light of a lamp, while the other snatches something from all that use material manufactured from steel or iron-from the cotton chopper down in Dixie to the builder of skyscrapers on Manhattan

Carolina Methodist College.

laxton Chief, Jan 4, '07.

The Board of Trustees of the Carona Methodist College held its first neeting Wednesday in the Methodist church at this place. The following were present: Judge W. H. Neal, Rev. J. E. Underwood, L. T. Cottingham, W. N. Everett, A. J. McKin-W. H. Humphrey, J. W. Carter, Rev. E. McWhorter, Rev. S. E. Mercer, Hon H. L. Godwin and F. A. | Woodard. Judge Neal was electd permanent chairman of the board, . McKinnon secretary, and L. T. Cottingham treasurer.

A committee on charter, composed of Judge W. H. Neal, Rev. S. E. Mercer, A. J. McKinnon, Hon. G. B. Patterson, F. A. Woodward and H. Godwin, was elected. The trustees are to be the incorporators. The name of the institution is to be known as The Carolina Methodist College.

The committee to select a site for the college is as follows: Rev. E. McWhorter, Rev. S. E. Mercer, Rev. E. Underwood, W. N. Everett and

W. H. Humphrey. The chairman appointed as an exeutive committee, who are to have entire charge of the erection of buildings, etc., the following gentlemen: Judge W. H. Neal, chairman, A. J. McKinnon, secretary, Rev. A. P. Tyer, J. W. Carter, Rev. F. Mc-Whorter, W. H. Humphrey, Rev. J. E. Underwood, Rev. G. T. Adams, Hon. F. A. Woodard, W. N. Everett,

udge C. C. Lyon. On motion the board then adjournd and repaired to the Maple Shade Hotel, where an elegant banquet dinner had been prepared for them by the committee representing the Maxon Board of Trade. Hon. G. B. Patterson acted as master of ceremonies for the occasion, and several short but excellent speeches were made by Judge Neal, Hon. F. A. Woodard, Hon. H. L. Godwin, Rev. E. Underwood, W. N. Everett and was extended by the board of trustees to the board of trade and Mrs. J. Weatherly to the preparation of a most excellent or ner, and the manner in which it was served. Messrs. F. L. Armfield, of Fayetteville, O. Goodwin, of Hamlet, and W. J Upchurch, of Raeford, were elected in he place of Q. K. Nimocks, Frank Page and W. R. Land, who had re-

The executive committees met immediataly after dinner in the parlors of the Lotel, and it was ordered that a college be built to cost not less than \$100,000, and to accommodate not less than two hundred girls.] W. Carter, Rev. E. McWhorter and Rev.

THE LEGISLATURE.

Introduction of Bills-Other Committees Formed.

RALEIGH, N. C., Jan. 11.-The feature of the Senate to-day was the Introduction, by Graham, of Orange, of three important bills affecting railroad traffic and the issuing of free transportation, defining who should ride on the latter. It epens the door somewhat over the present law, but does not include newspaper men in gandie, trimmed with lace and ribthe list.

> The rest of the Senate committees were announced this afternoon. The chairmen of the most important are: Transporation, Reid, of Rockingham; Agriculture, Mitchell; Banks and Banking, Fleming; Education. Holt: Asylum for Insane, Webb; Propositions and Grievances, Long: Commerce, Manning; Penal Institutions, Aycock; Public R oads, Dawes. In the House, Stevens, of Union, introduced a bill to amend Section

2634 of the Revisal, requiring common carriers to tender payment in a certain time, and stipulates that if the amount removed shall be greater than that tendered, the common carrier shall be liable for penalty pro vided in Section 2634. Senator Thorn introduced a bill

amending Section 2632 of the Revisal, as to the transportation of
