ASSURANCE OF INSURANCE. (From The Insurance Index January, 1907.) The Aetna Insurance Company of Hartford.

NET LOSSES PAID IN 1906 \$5,901,025.00. TOTAL ASSETS JANUARY 1-1907 \$15,950,843.64. SURPLUS TO POLICYHOLDERS JAN. 1-1907 \$8,466,072.43.

able to say that the Aetna failed to pay every dollar of every just claim for which it was liable, although it has, more than once or twice, been necessary for the shareholders to contribute largely to their own private funds to enable the company to maintain this record.

For this reason, and from the further fact that the same generous treatment extended to its policyholders is accorded every agent of the company, the Aetna is prominently an agent's company. They entertain a filial affection for it, and are every ready to guard and protect its best interests.

It would be impossible to determine the exact amount of the loss of the company in the treatment of its agents, but there can be no question that it is a large one.

Although always in receipt of a generous share of the public patronage, at no time in its previous history did it enjoy the same degree of prosperity as has come to it under the management of its present president, Mr. William B. Clark. Both for executive ability and for a thorough and intimate knowledge of the business of insurance in all of its details, Mr. Clark has no superior, and few peers.
