A WORD TO DELINQUENTS.

We are mailing bills to subscribers who are in arrears. If you are in this class and have received a bill, will you not kindly remit the amount at once? Do not put the bill aside because it seems too small to think about calling to pay it, or writing a check, or getting a money order to remit. You would probably think of it no more. The amount doubtless seems insignificant to you. But, consider that you are one of several hundred who owe us small sums and that the aggregate is a great deal to us.

Resigned as Director.

GONE OUT OF BUSINESS.

What Will Teddy Say?

We are looking for the "big stick" to reach out from Washington and descend upon Cumberland county, smiting those persons who, only a few days ago, called themselves Republicans. One can imagine the rage of Boss Roosevelt when he learns that the Grand Old Republican Party has gone out of existence in Cumberland county. This is a cold fact, however. On Saturday the committee which the Republican party in convention in this city the previous Saturday (at which convention so much was said of the "grand old Republican party"), had delegated its authority to place a ticket in the field, surrendered "the grand old Republican party" to a party no one ever heard of before; nor yet knows where it sprang from, or whether it goeth—"The Citizens Party."

THE RADS AN THE "LIKE COMMITTEE" MEET.

Place a Ticket in the Field.

From Saturday's Daily. Several members of the committee appointed by the Republican County Convention, held in this city last Saturday, to meet with a "like committee" and place a ticket in the field, in opposition to the Democratic ticket, met with said "like committee" at the Martin house at noon and after a conference lasting until 2:30 o'clock this afternoon, appointed the following persons to run on the ticket. What that ticket is, we are unable to state. When asked after the meeting what he called the ticket, the chairman of the meeting, Mr. Cyrus Murphy, ex-Republican Clerk of the Court, said he did not know. If he did not know, we certainly do not and so for the present we will call it the "Spook Ticket."

Here it is. Senate: J. McP. Geddie. House of Representatives: Andrew Broadfoot and John Underwood. Sheriff: J. L. Allen. Register of Deeds: W. E. Geddie, Plea Hill. Treasurer: Jno. S. McNeill, Seventy-First. Coroner: Dr. J. C. Gilbert, Rockfish. Surveyor: Augustus M. Culbreth, Plea Hill. County Commissioners: S. J. McLaurin, Plea Hill; Neill Lindsay, Seventy-First; Dan McNeill, Rockfish; Ras Hair, Cedar Creek; L. W. Clark, Cross Creek.

Mr. Cyrus Murphy was Chairman of the Republican Committee, and Capt. Jas. D. McNeill was chairman of the "Like Committee." Asked what Democrats were present at the meeting besides Capt. McNeill, Mr. Murphy could remember Messrs. D. J. Ray, of Seventy-First, and H. G. Talbot, of Plea Hill. Asked for further information he said: "I won't tell you any more, you will make fun of us."

Capt. McNeill More Definite. Capt. McNeill, when seen, was more definite and unlike our friend Murphy, was not afraid to talk. He said: "The ticket named by the joint committee to-day is strictly a non-partisan one, being composed of Democrats and Republicans alike, the only motive of the committee being to name good and true men, citizens and tax payers. Quite a long resolution was adopted, which will be published in your paper next week. It concludes as follows: 'We therefore, without regard to party lines, leaving every citizen absolutely free to vote as his judgment dictates, upon National and State issues, for or against National or State candidates, do most respectfully and urgently appeal to every good citizen to carefully consider present conditions and join with us in electing the following good and true men, citizens, tax payers and property owners, to the offices for which they have been named.'

"The ticket will be called the 'Citizens Ticket.' There was a Democrat from every township present at today's meeting."

Opening of the County Campaign. From Tuesday's Daily. The county canvass by the Democratic nominees for the Legislature and county offices was opened in great style yesterday at 11 o'clock at their first appointment, Currie's Mill. Quite a number of voters were present and from the applause and enthusiasm displayed the Seventy-First Democrats are going to give a big increase in their usual large Democratic majority. National, State and county issues were discussed by the speakers and many of the misrepresentations made by the opposition were fully exposed. Capt. J. H. Currie and Mr. Q. K. Nimocks both made good speeches and the former being in his home precinct, encouraged his friends and neighbors to stand by the Democratic ticket. Mr. John Underwood also made a telling speech and, we are told, that he informed his friends and supporters that he would be glad to have them all vote for him and his associates on the Democratic ticket, but he was a Democrat and expected to vote that ticket from President to constable, and, when he went to Raleigh, he was going to vote for Hon. Lee S. Overman for the Senate. Almost all the nominees were present and announced their candidacy.

Quite a large crowd was also present at Raftered last night, at which time Hon. N. Sinclair was also with the campaigners. Mr. Sinclair dealt some heavy blows to the opposition and made many votes by his speech. One quite prominent man who heard him, says that he has not heard a better speech during the whole campaign. From the crowds which attend and the interest displayed there seems to be no reason why Cumberland should not give a Democratic majority of from 1,000 to 1,500.

The candidates speak today at Cabin Branch, the Democratic "Banner" stronghold, where everybody votes the Democratic ticket.

Hon. H. L. Cook, Democratic Presidential Elector, will speak at Wood's School House with the candidates on October 16th.

MODERN ROAD BUILDING.

By U. S. Government This Month. The following letter in regard to good roads demonstration work has been received:

October 10, 1908. UNITED STATES DEPARTMENT OF AGRICULTURE. OFFICE OF PUBLIC ROADS, Washington, D. C.

Mr. F. R. Rose, Secretary, Chamber of Commerce, Fayetteville, N. C.

Dear Sir: I regret that your letter of September twenty-fourth has remained so long unanswered. This was due to the fact that the Chief Engineer, to whom it was referred, has been out of town.

Since your letter was written, Mr. R. E. Toms, Assistant Engineer of this office, has visited Fayetteville, and I assume that he has conferred with you in regard to the proposed road improvement. Mr. A. R. Nichols, Superintendent of Road Construction, has been assigned to assist you in your road work, a little later in the month.

Trusting that this disposition is satisfactory to you, I am, Very respectfully, J. E. PENNYBACKER, JR., Acting Director.

WHAT IS THEIR MOTIVE.

Mr. Editor: It has been named—that independent get-up between a handful of Republicans, called a "committee" appointed by a Republican convention to confer with "another committee" (consisting of one disgruntled Democrat) to name an independent or "Citizens' ticket." This ticket we presume is so-called for the reason that it is the product of the combined wisdom of a few mossy-back members of the Republican party and a corporal's guard of men representing no particular political party. But what puzzles this writer is wherein lies the necessity for another ticket in the field? Is it because in their judgment the men composing this latter-day ticket are better men, wiser and more patriotic than the gentlemen named by the Democratic Convention? Do they think they can give the people a better administration of the county? This is the only just reason why Democrats may bolt the nominees of their party and by their votes and influence give aid and encouragement to the greatest enemy that Cumberland county and the State of North Carolina ever had.

Will good, honest, loyal Democrats be led into such a movement by a few soreheads and disgruntled and disappointed office-seekers, whose only motive can be to bring about a disintegration of the Democratic party? This is their ulterior motive, we must conclude, otherwise they would have named a set of men more capable of discharging the duties of the several offices for which they have been named.

We have not a word to say that could be misconstrued as an insinuation that the gentlemen named are not competent men and men of good character. But are they better men in these respects than the nominees of the Democratic Convention? If not why should a member of the Democratic party close his eyes to the splendid record his party has made, trample under his feet its principles and follow a blind leader into, and ally himself with, the Republican party? If there is some particular man named for the office on the Democratic ticket whom they think incompetent, why could not the "committees" have inducted some better man to run "independent." Why name a whole ticket.

The Democratic voters of Cumberland county are "citizens," but they are not likely to forget that they are Democrats—partisan Democrats, if you please—and are Democrats from principle, and are not going to waver off after an ignis fatuus.

H. I. McDUFFIE.

Mr. Menefee in Big Enterprise.

Our former townsman, Mr. J. W. Menefee, has associated himself in business with Messrs. Swanson Bros. & Overby, of Danville, Va. and the firm name will hereafter be Swanson, Menefee, Overby & Co. The Messrs. Swanson are brothers of the Governor of Virginia and stand high in the commercial world. Mr. Overby is president of the Bank of Danville, and one of the wealthiest men in Virginia. Mr. Menefee, as our readers know, is one of the best citizens of North Carolina.

The Danville Register, of Oct. 11th says of this new firm: "The Messrs. Swanson Bros. & Overby have recently associated with them Mr. J. W. Menefee and formed a company for the purpose of selling Southern mill products to the wholesale dry goods trade. Mr. Menefee has been engaged in the commission and dry goods business for many years and is thoroughly versed and experienced in this line. The main offices of the company will be located in Danville, with branches in New York and other large cities. This enterprise, which will be backed by ample capital and men of splendid business integrity means much for this city and its section and should receive the endorsement and hearty co-operation from the general public."

A SURPRISED MINISTER.

"For many years I have been a sufferer from bronchial catarrh, and had despaired of anything like a cure. Judge of my pleasant surprise when I first used Hyomel, which brought complete relief. Hyomel has been a veritable godsend."—Rev. Charles Hartley, Sardinia, Ohio.

"Thousands of catarrh sufferers have given up in despair. They have tried stomach dosing, snuff, sprays and douches without success, and now believe catarrh to be incurable. But Sedberry's Pharmacy, the druggist, holds out hope to all distressed. It sells a remedy called Hyomel which is guaranteed for catarrh, colds, coughs, bronchitis, asthma and croup."

Hyomel (pronounced High-oh-meh) is medicated air, full of the healthy virtues of the mountain pine. You breathe in the delightful antiseptic air, and as it passes over the inflamed and germ ridden membrane, it allays the inflammation, kills the germs, and drives out the disease.

A complete Hyomel outfit, including a hard rubber inhaler, costs but \$1.00, and an extra bottle of Hyomel, if afterwards needed, costs but 50 cents. See Sedberry's Pharmacy about it to-day.

GOVERNOR HASKELL PURSUES THE DISGRACED ROOSEVELT.

Gov. Haskell's Latest Letter.

"Mr. Roosevelt, I have said that you were responsible for granting the franchise to the Prairie Oil and Gas Company before Statehood, thereby creating vested rights in that company that our State authority is powerless to interrupt. But why place your word against mine? I cannot imagine that any citizen of the United States would to-day give your word any greater weight than they would that of any other citizen. What halo of integrity on account of your office may have surrounded you a few weeks ago has certainly, like the mists, faded away and left you on the undignified, discredited basis that you yourself have chosen.

But neither my word nor your word need be taken as final. In the office of the Interior Department the records will speak as between us. I say you granted that franchise. I say that you did it at the solicitation of Senator Depew and others, and that within a few days thereafter, chiefly by subscriptions of Standard Oil men, according to Harriman, the sum of two hundred and sixty thousand dollars in cash was added to your campaign fund.

"I challenge you to publish the records of the Interior Department on the subject of this franchise, and mark you now, Mr. Roosevelt, you must not garble the records nor suppress any of them. The public shall know the truth. If you have been sufficient four years ago for you to wipe out the truthful statement made by Judge Parker by simply calling him a liar but that was four years ago, and your controversy now is with a man who will not accept a bluff in exchange for a receipt in full settlement.

"You criticize me for directing the dismissal of the suit against the Prairie Oil and Gas Company, which could not have been successfully maintained by the State. Tell me, please, what your reason was for directing the dismissal of the suit against the Atchison, Topeka and Santa Fe Railroad, being prosecuted by Judge Harmon and Mr. Judson, special counsel, when the facts disclosed that a member of your cabinet, Paul Morton, was being uncovered as the prime offender. Answer this, will you?"

AN ADDRESS. To the Tax-Paying, Property-Owning Citizenship of Cumberland County, Greeting:

At a meeting held this day, Saturday, Oct. 10, 1908, by a representative, non-partisan body of tax-payers and property-owners from every section of the county, for the purpose of discussing the political situation from a business, rather than a political standpoint, and to suggest some remedy to relieve the almost universal dissatisfaction and discontent existing among the people regardless of their political views, upon National and State issues, with existing county conditions. It was unanimously resolved that, as the Republican party had deemed it best for the business interests of the county to make no party nomination for county officials this year, and as any set of men from any party, kept continually in power, will naturally abuse that power and as the people should be given a free and fair opportunity to express their sentiments on all public questions and issues; that a citizens, non-partisan, taxpayer's ticket as named below, be presented to the voters of Cumberland county at the November election, for their support for the Legislative and county officials, in opposition to the one put out by the recent manipulated politician's convention.

For the past 10 years the management and control of our county affairs has been in practically the same hands. During this time, notwithstanding we have been enjoying a time of peace and unprecedented prosperity, your taxes have more than doubled with but little, if any, corresponding benefit.

We ask each tax-payer and property owner to look at his tax receipt for 1898 and then look at the one for 1908 that you have recently paid, and compare them for yourself. Then ask yourself what are you getting in 1908 that you did not have in 1898 from a tax-payer's standpoint?

The records show that the entire tax collected by the sheriff in 1897 was \$50,261.28. The records also show that Sheriff Watson has just settled for \$102,901.10 collected for 1908. Let us also remind you, fellow citizens, that in addition to this large and as we claim, unnecessary increase in taxation, that the present Court House management has only recently issued \$15,000 of additional 5 per cent 30 year bonds for you to pay interest upon and for your children to inherit as an additional burden upon them. Is it not time that somebody was calling a halt in this heedless indifference to the public welfare? Is it not time that the interests of the people were being considered? Have not the politicians had a picnic long enough. We think so, and therefore, without regard to party lines, leaving every tax-payer and citizen absolutely free to vote as his own judgment directs upon National and State issues, for, or against, National or State candidates. We most respectfully and earnestly appeal to every good citizen to carefully consider present conditions from a tax-paying, property-owner's standpoint, and join with us in electing the following good and true citizens and property owners to the positions for which they have been selected:

For the Senate—Jno. McP. Geddie. For the House of Rep.—Jno. Underwood and Andrew Broadfoot. For Sheriff—John L. Allen. For Register of Deeds—Wm. C. Geddie. For Treasurer—Jno. S. McNeill. For Coroner—Dr. J. C. Gilbert. For Surveyor—A. M. Culbreth. For County Commissioners—L. W. Clark, R. J. Hair, S. J. McLaurin, N. J. Lindsay, D. A. McNeill.

Respectfully, JAS. D. McNEILL, Chm'n, Dem. Committee of 12. CYRUS MURPHY, Chm'n, Rep. Committee of 25.
