30TH STILL

One He Has Been Chasing for Two Years,

From Monday's Daily. Yesterday afternoon Sheriff Watson Deputy Sheriff Culbreth and Mr. R. D. Jones captured a moonshine outfit in Rockfish township twelve miles use it as a pivot, and turn the State from Fayetteville. This makes the 30th still that Sheriff Watson has captured in Cumberland county during the three years as sheriff. The still, which is a 15-gallon copper one, in where Fayetteville is, and use it as first-class condition, was found in the centre of a big swamp. Though there was no evidence of humanity near the outfit, it had evidently been in operation only a day or two before.

Sheriff Watson says that he has been after this still for the past two years, and has chased it from one place to another several times.

Mr. Smith, of Hartsville, S. C., will be induced to come, for he has made a fine impression upon our people, and we think he would make a most popular pastor and add strength to the church. He has been filling the pulplt of the Presbyterian church and he has been preaching some strong and orceful and most impressive sermons, and we have been charmed with the portions of the State, and found friends matter of his discourses, the elegant beauty of his choice diction and the Wilson as one of our preachers, for e is a most charming gentleman and most delightfully affable. The following personal letter written by a former Cumberland boy, now a prominent citizen of Mexin, Texas, to his old school boy friend, now a friends. But when I looked upon ent citizen of North Carolina, was so charmingly written and full of much of local interest, that we asked permission to publish it:

Mexia, Texas, August 18th, 1909. W. J. McDiarmid, Esq., Fayetteville, N. C.

My Dear Friend: I arrived home Sunday last from N C., after the most delightful, pleasant and instructive trip I ever enjoyed in my life. I have been from Canada to Mexico, from the extreme East to the far West, but the trip back to the old North State was decidedly the most pleasant of all the trips ever taken by me. That trip will furnish food for pleasant thoughts for many years to come. I enjoyed every moment of it, from the time I set foot on N. C. soil, until I passed beyond the confines of the historic and beautiful old State. When I crossed the boundary line I felt sad indeed, because knew I was leaving behind the best see them again. Of all the people

friends I ever had, perhaps never to the United States, the N. C. people are the best. Their hospitality is unlimited, and it is my desire that when I pass from this earth to the unknown beyond, I would like the privilege of breathing my last breath in North Hale, C. G. M. Hale, E. J. Hale, Jr., Carolina, and resting under the sod of the State of my nativity, close to the people that are so near and dear company was organized yesterday, to me. I tell them in Texas that it is not necessary to die in N. C. to reach heaven as it is to me a heaven in its-

> I left Asheville at 3:15 Friday last and reached Texarkana at 9:15 the following evening, so you see I made an extra quick trip home, but I was not home after all when I reached Texarkana, for it took me 15 hours more to reach Mexia after reaching Texas. Distances are immense in this great State. If you could place Bronwsville, Texas, (our most southern town), where Favetteville is, and around, our northern borders would reach 200 miles beyond New York city. Or, if you could place Texarkana, Texas, (our most eastern town) a pivot, turning the bate around, then our most westerly town (El Passo) would lie about where Little Rock 's. so you can judge of our distances by omparisons made.

I found crop conditions fully as bad in Texas as I had anticipated. The drought has played havoc all over Texas, or a great part of it. I don't be-SERIOUS FIRES AT MAJ. By the way, speaking of oil, the passenger trains burn oil for fuel and there is a notable absence of cinders valuable, these files, all bound, of and smoke when travelling in this section. You know how much fun you After an hour of heroic work by made of me for getting cinders in my neighbors and the Fayetteville Fire eyes every time I boarded a train in Department, under Chief J. D. But our nights are as a rule splendid, reminding one of the nights in Colorado, more or less. If it was not for the nights we could not stand this intense heat. But we do not suffer with the heat as much as you do in Fayetteville when your thermometer

reaches 90 degrees, or less. I don't believe I will ever get through teiling the people here of old North Carolina, and what a nice time I had. Didn't we have a giorious trip to Little River (now called Linden) and meeting all our old time school boy those pretty girls up there, children, and grandchildren, of some of our old sweethearts, I tell you it made me feel pretty sad, for I realized that I was getting old. And some of those children were the exact images of their mothers and I almost imagined was a school boy again, and re-enacting the roll of 1869 and 1870. Thay are a good and giorious set of people up there, but this applies to everywhere I went, Red Springs, Rockfish, Wilmington, Raleigh, and various other points, and last but not least good old Fayetteville. But it is not OLD Fayetteville any longer. It is NEW Fayetteville, for the people have at last been aroused from their long Rip Van Winkle sleep and have gotten a move on them, and now Fayetteville stacks up with almost any of the N. C.

towns. I expect you are weary reading this ong and rather sentimental letter and I guess I had better begin to hunt a landing to make a close.

You know I am pretty full of sentiment, while on the contrary you are not. You were always poking fun at me for hunting graves in N. C. and I retalisted by coming back on the pine log proposition. If I would talk pine timber and sawmills to you you would keep awake all right, but when got on the "grave and cemetery" question you generally found it time to take a little nap, but that was all right for I had a better one to talk o in Mrs. McDiarmid, your most ostimable wife. She did not mind talking "graveyards" with me. You know I dealt entirely with reminiscenses and iwelt entirely in the past while in N. C., but I will promise that if you come to Texas on a visit I will live in the present with you and talk of the present and future, eliminating the past entirely. And if you want to talk pine timber and sawmills, I am your man and will take pleasure in going with you to the largest lumber plants and pine forests in the Southwest right here in Texas. I will go any gait you may desire if you come.

In conclusion allow me to thank you and Mrs. McDiarmid for the kind hospitality and many courtesies shown me while with you. I assure you I appreciate it more than I can say or write. I only hope you will both decide to stop in Mexia some day and make us a long visit and give me un opportunity to return in a feeble way the hospitality you showered upon me My wife joins me in this wish and she sends her best love to Mrs. Mo-Diarmid and her regards to you.

Give my regards to Mrs. McDiarmid. have told my wife what a housekeeper she is and all about your pretty home, etc.

Let me hear from you whenever you feel disposed to do a little letter writing, for I appreciate letters from my North Carolina friends.

Sincerely your friend, W. L. MURPHY. P. S .- I stopped off in Morganton 12 hours and met my kinfolks one of whom was the late Dr. P. L. Murphy's widow, cousin Bettle. Of course the first thing I did was to go over to the asylum and visit Livis' grave. He is buried on the lawn in front of the main building of the asylum in a beautiful spot. It was his desire to be buried there. I only hope the State will erect fine monument to his memory for the asylum was his life work. He has made it the most beautiful spot in N. The old Murchison road, which has been put in such fine shape beyond the Mile Branch, will now likely be joined with the city over the new road running into Rowan street, which will ban drive way. There was quite an animated discussion over this matter before the County Commissioners this morning, it being claimed that the fine work beyond was really not known nor appreciated until joined up with the city. CONFEDERATE REUNION AT LONG

Unveiling of Monument to Capt. John McKellar, Company A, 5th N. C. Cavalry-Erected by Surviving Members of His Company-Large Crowds In Attendance-Fine Addresses and Bountiful Dinner.

Saturday last (Sept. 4th) there was ssembled on the old Long Street church grounds an immense throng c representative Cumberland count yeomanry. The crowd of men, wo men and children was estimated ver near 1,000 people.

For a period, dating back perhaps a hundred years and more, this section of Cumberland county has been noted for its thrift, intelligence and culture Before the war also for its wealth The old white church standing on to of a hill, with its tall colonial pillars its quaint pulpit and sanctuary win dows, the old brown stone walls en closing its grave yard, the old stone marking spots of burial so many years ago-all these present much of interest to an interested observer, and awaken thoughts of times and of people years long gone by and passed away.

It had been arranged that a granite to the memory of Capt. McKellar, Co. A. 5th North Carolina Cavalry (whose ashes lie buried under the shadows of this old church) should be unveil ed at this time. During the exercises the original roll of this Company was called-less than half dozen respond ed. On the speakers' stand, besides the choir of ladies and gentlemen, who rendered the old war songs, your co porter noted the following persons Revs David Fairley and McFadyen (the latter being one of the Lieuten ants in Co. A); Majors McLauchlin and Chas. Haigh; L. A. Murchison, Esq. Messrs, J. H. Currie, John W. Mc-Lauchlin, A. D. McGill, W. L. Williams and F. R. Rose. After prayer by the Rev. David Fairley and music by the choir, the master of ceremonies, Mr. A. D. McGill, introduced Mr. Murchison, who made an eloquent and inter esting address of welcome. It was

responded to by Mr. A. D. McGill; afterwards Mr. McGill introduced Mr. J. H. Currie, who gave a most interesting address on the life and services of Capt. McKellar both before and after the war, which was listened to throughout with the closest attention and interest by the large crowd of Confederate veterans, ladies and citizens present on this occasion. This address will be published later.

At its conclusion and before the veterans were formed in marching order to proceed to Capt. McKellar's grave for the unveiling of the monument, the Rev. Mr. McFadyen, Maj. McLauchlin and Mr. F. R. Rose were called on. and responded in brief speeches Following the lead of the veterans,

the vast throng then proceeded to the old cemetery to unveil the monument of Capt. McKellar, which was draped in a Confederate flag. Two young ladies performed this ceremony; after which the choir rendered suitable music, and to the sound of the fife and drum the soldie:s were marched again to the speaker's stand, where some routine business was transacted, and the place for next year's reunion fixed, to be at the battlefield, 5 miles away. The soldiers and immense throng were then invited to partake of the splendid dinner which had been prepared and spread on long tables nearby. This feast was a most bountiful one; its careful preparation and exquisite cooking showed that the people of Long Street section know how to live as well as the deeds, recounted by the speakers during the morning, and shown how the soldiers of

die. After doing justice to the liberal spread of substantials and dainties again assembled about the speaker's stand where impromptu speeches and anecdotes were indulged in until the shadows of the afternoon began to fall and the orderly and most highly entertified crowds dispersed to their homes, well pleased with their pleasant reunion.
