"A SPLENDID TICK ET!"

The General Expression in Regard to Work of County Conv. Intion.

For Senator-J, W. Mc Lanchlin For House A, D. Med in and C. O Rose. For Clerk of the Court-A. A. M. For Sherin N. J. M. Geachy. For Register & Deed - F. H. Hall. For Treasurer - David T Gaster. ethan Coroner-J. V. McGougan, For Surveyor-W. W. /. Baker. sitopers-W 1 For County Commit re, A. B. Smith, R. f Buckingham, C. Yarboro and J. W. McPhail. Isn't that a splendly 1 tteket? The wonder of the tilling is that such a ticket could be sevolved out

of the apparent chor a which marks a great Democratic Convention of Cumberland county. But so it is, so it has been (in most respects) and we trust so it will conti nue. With such a ticke t U is Democrats need have no fear.

Cumberland Ma'n Par doned. Governor Titchip Friday granted a pardon to Mary hall Williams, who

was sentenced to serve thirteen months on the roads of Cumberland county for burgl ary in the second degree, having bee a convicted at the November, 1909, tr .rm of court.

For pardoning the prisoner, Governor Kitchin se ts forth the following reasons:

"Prisoner, while drunk, got into house and was found there asleep, or stupid from liquor." It is thought he entered the wrong house by mistake. The owner of the house was away and his 16-year-old son was in charge at the time. He has served on the roads over seven months. The one whose house he entered, his attorned who aided the solicitor, the judge, and the solicitor and many reputable citizens recommend pardon.

"I therefore pardon him on condition that he remain sober, law-abiding, and of good behavior."

Death of Mr. J. J. Nott. Mr. John J. Nott died at his home

BRICK TALK

Most people think that Brick is "too expensive." This is a great mistake. The price of Lumber has advanced until a house can be built with 8-inch solid Brick walls for only a slight cost over frame-not over 6 per cent. to 8 per cent. This difference is soon wasted by the painting and excessive repairs on a frame house. No other Building Material offer, such a low cost of maintainance as BRICK. Good Brick-work needs no repairs. It never has to be painted. It does not not rust, rot, twists shrink or crack. It does not disintegrate or crumble away. Brick withstands all climates. It has stood the "test of time." It is good for centu-

The earliest records of man are found inscribed on the tablets of Brick, ries. while everything surrounding them, even the "rocks of the everlasting hills" have crumbled to dust. The Brick-work of ancient Babylon, F.gypt and Rome still challenges the admiration of the world.

WHEN YOU BUILD USE BRICK and the other necessary materials, such as Lime, Cement, Plaster, Fire Brick, Pressed Brick, Etc., that go with them. A full supply always on hand.
