Early Cotton.

We saw a cotton boll fully opened Saturday from J. M. Faircloth's farm in Cedar Creek. This specimen opened on the 12th inst., and since then a good deal has opened all over the field.

Probably a Fatal Affray at Savannah Church.

Last Saturday night, during a drunken row at Savannah church, colored, in Cedar Creek, Mink McDonald cut another negro named Williams so severely that he is now in the Highsmith hospital here in a serious condition. Mink made his escape and has not yet been captured.

DO YOU WANT A SCHOLARSHIP?

For a Little Work it is Yours.

A complete course in bookkeeping, or shorthand and typewriting, in the American Shorthand and Business College, at Durham, N. C., will be given by the Observer to the young lady or young man who gets the largest number of subscribers from August 24th to November 1st. The successful contestant should have not less than fifteen subscribers. The value of the Scholarship is fifty dollars.

COMMENTS ON SIXTH DISTRICT MATTER.

By Press of the District. The Lumberton Robesonian says: "What recommendations the special committee appointed by Chairman Eller, of the State Democratic executive committee, to investigate the situation in this congressional district may make is still a matter of conjecture. Congressman Godwin's statement that he will abide by whatever decision the committee may make simplified matters and he will lose nothing by such a course. There has been quite enough Cain raised in the district to last for a while and whatever may be the decision of the committee we hope that the tangle will be unraveled peaceably and patiently."

The Bladen Journal, of Clarkton says:

"They met, heard all the evidence and adjourned last Saturday. No one knows what their decision is. At the proper time they will make their report to the State Committee. The members of the committee are keeping their own counsel and giving nothing out to the public. Even the enterprising newspapers have nothing to relate. We will wait patiently until they decide to make a statement. Mr. Godwin has consented to leave the whole matter with the committee. This leaves the way clear to call a new primary, to call the same delegates back or declare who is nominated. Which shall it be?"

The Maxton Scottish Chief of last week says:

"The Republicans in this section and throughout the State and even the nation, so far as its congressional campaign committee represent the nation, are shocked at Hon. H. L. Godwin's action in promising to abide the decision of the harmony committee. As to their hopes: "What was I begun for, if I am so soon done for." The legalized primary idea is growing. The latest expression on the subject is the following from today's Wilmington Star:

"The unfortunate political situation existing in the Sixth Congressional district because of the fact that two Democratic nominees for Congress are in the field, each claiming to be the regular nominee of the party, has accentuated the interest in a legalized primary election for the entire state. Democratic sentiment seems to be practically unanimous in favor of the passage of such a law at the next session of the general assembly which convenes in January. Some of our Republican contemporaries also favor the nomination of officials by an election to be held under a state law regulating such nominations. The Republicans are interested for the same reason that the Democrats are interested for their methods of nominating candidates. "The reason why the masses of the Democratic and Republican parties favor a legalized primary election is that the nominating methods of both parties now in vogue do not give satisfaction to the voters of the respective parties. The plans of organization of both parties are bunglerous affairs under which nothing but dissatisfaction and probable disruption can result at some period sooner or later. The Republicans are dissatisfied with their plan and the Democrats are convinced that their present plan of organization is decidedly at fault. The real cause of the Democratic trouble in the Sixth District can be traced in its origin to the unsystematic and impracticable primary plan of holding precinct meetings, mass meetings, or loose primary elections, etc."

REUNION OF CONFEDERATE VETERANS.

At Norfolk Sept. 6, 7 and 8.

Headquarters North Carolina Division, United Confederate Veterans, Durham, N. C., Aug. 18, 1910. General Orders No. 42.

Paragraph 1. The Major-General commanding the North Carolina Division of the United Confederate Veterans has the pleasure of announcing that the next annual reunion of this division will be held in the City of Norfolk, Virginia, on the 6th, 7th and 8th days of September, 1910, in accordance with a most pressing invitation from the Board of Trade and Business Men's Association of that city.

Par. 2. A most interesting programme is being prepared for the occasion, including side-trips to the famous seashore resorts near Norfolk, and every possible effort will be made by the public spirited citizens of Norfolk to make our reunion there the grandest and most enjoyable we have ever held. Free entertainment will be provided for all veterans who are unable to pay for their meals and lodging, but all who wish free entertainment must at once notify Mr. Joseph A. Hall, Secretary, at Norfolk, so that ample preparations may be made for their comfort. This is important and must not be overlooked or delayed. Commanders of camps are urged to attend to this without delay.

Par. 3. The railroads will give reduced rates as usual, and the exact rate from any station can be learned from the local agent. A delightful trip is in store for all who attend this reunion and it is hoped that there will be a large attendance of our old "Tar Heels," all of whom will receive a hearty and hospitable welcome from our Virginia neighbors. Let the cry now be "On to Norfolk!" By order of Major-General J. S. CARR. H. A. LONDON, Adjutant-General and Chief of Staff.

BIG DAY WEDNESDAY AT LUMBER BRIDGE.

Governor Kitchin Speaks to a Great Throng.

Wednesday was indeed a gala day at Lumber Bridge. It is estimated that there were two thousand people assembled there to enjoy the big Farmers' union, Masonic and military celebration and picnic. The Fayetteville Independent Light Infantry, Co. F, Second Regiment, N. C. N. G., went down on the early morning train and the boys were royally entertained by the Lumber Bridge Company.

The soldiers and other Fayetteville people who attended say it was one of the pleasantest days they ever spent. Governor Kitchin was the central figure and he made a splendid address of course. Prof. J. B. Carlyle, of Wake Forest, an old Robeson boy, also made an excellent speech. The picnic dinner, spread on great tables, in a beautiful grove, was one of the most sumptuous feasts imaginable and only such a one as the people of this magnificent section of country can provide. The reception Tuesday night by Mr. and Mrs. W. S. Cobb at their lovely home to Governor Kitchin was a brilliant affair, Mr. and Mrs. Cobb adding to their already enviable reputation as entertainers.

HISTORICAL PAPERS.

"Valuable Documents Given to State by Major E. J. Hale."

A dispatch from Raleigh last week to the Wilmington Star says: "A mass of correspondence of great historic value has just been procured by Secretary R. D. W. Connor, of the North Carolina Historical Commission, from Fayetteville. It is a collection of letters and other manuscripts of the late E. J. Hale, for many years editor of the Fayetteville Observer and father of the present able editor of that paper, Major E. J. Hale. These letters and manuscripts have, during their private ownership, passed through four fires and are considerably damaged from this cause. Major Hale has determined to run the risk of no further loss, and therefore turns them over to the State, to be filed in the Commission's quarters in the State House, which is fireproof. The collection includes 396 letters from many of the most eminent men of the State and of the United States. They include letters from ten governors of this State—Manly, Holden, Graham, Ellis, Fowle, Caldwell, Swain, Vance and Worth. Among the others are letters from Judges Ruffin, Ashe, Battle and Pearson, John Pool, Giles Mebane, Henry W. Miller, Francis L. Hawkes, Gen. D. F. Hill, John A. Gilmer, Tec. Davis, Paul C. Cameron, D. M. Barringer, Victor C. Barringer, Mrs. Cornelia F. Spencer and others.

"This is the eleventh valuable collection of letters and manuscripts that Secretary Connor has induced the owners to deposit with the State, in the custody of the Historical Commission. The others are papers of John H. Bryan, Z. B. Vance, Mrs. Cornelia F. Spencer, Governor D. L. Swain, the Charles E. Johnson collection, containing letters of James Iredell, judge and governor, and of Governor Samuel Johnston; Calvin H. Wiley, Lord Dartmouth, Governor Jonathan Worth, Judge Archibald D. Murphy. It has come to pass that the Historical Commission has accumulated in these documents and the public archives of the State, which the commission has in custody, one of the most valuable collections of historical matter to be found in any country."

Mrs. J. J. Crosswell and Miss Jessie are spending while at White Sulphur Springs, Mount Airy.

Winner of the first prize in the recent hat contest held in Paris, in which there were 500 contestants. This shows the revival of the Charlotte Corday bonnet, which is very popular with the fair sex in Paris at present. The bonnet is of very soft, old-fashioned mull, trimmed with fine lace. A wreath of forget-me-nots and small roses, with a band of black velvet, finishes the edge, from which falls a ruffle of lace. The hat is of fine illusion net and royal d'Alencon lace. Immense black and white aligrettes, with a knot of velvet, furnished the trimming. Note the prevailing style of a fall of lace around the brim. This combination hat and bonnet was valued at \$500, and was the handiwork of Lewis. In the contest this odd head covering was worn by the well known Gaby Deslys, of the Capucines Theatre. The gown shown is intended to be worn at such fashionable watering places as Trouville or Dinard. The gown was made by Ney Soers. Photo by Manuel.

FEDERAL HEALTH REGULATION EVOLUTIONARY.

Mr. Talcott Williams, Editor Philadelphia Press and Member of the Committee of One Hundred on National Health. National experience of a century has shown that all forms of infection—moral, social and physical—can be effectively controlled, in a Federal Republic, only by the use of Federal power. The lottery could not be suppressed and was never suppressed wholly by any State until Federal power over communication was invoked. Game protection, a social problem, and neither moral nor immoral, was never secured until Federal action controlled not only shipments from state to state but the foreign movement, and defined seasons for game in the territories. The Federal act on furbearing animals in Alaska is the last act. The Federal act protecting sea birds is another. The regulation of liquor-selling still waits for an act reaching interstate liquor sale in the "original package."

THE RALEIGH HOME-COMING.

We have pleasure in publishing the following, sent to us by Col. F. A. Olds, secretary of the Raleigh Chamber of Commerce: "Thousands of North Carolinians have migrated to all parts of the country. This State has played a great part in the winning of the west and in the development of all sections. North Carolina virility, pluck and ability have proved notable factors in many other States. People from the Old North State have set their mark everywhere but have never lost their love for their mother State, North Carolina. Complete arrangements have been made for a great "Home-Coming Jubilee and Reunion" for all persons born in North Carolina; this is to be held at Raleigh during the fifth State fair, October 17-22. Major J. S. Wynne is chairman and Fred A. Olds secretary of the committee which has this matter in charge and they desire to obtain the names and addresses, as far as possible, of any people from this community who now reside in other States, in order that invitations may be sent them."

REPUBLICANS FIX DATE OF COUNTY CONVENTION.

The county Republican Executive Committee, of which Mr. C. C. McClellan is chairman met in this city Saturday and fixed the date for holding the Republican county-convention to nominate county officers and a legislative ticket (or not to nominate a ticket, as they deem fit) for September 17. The primaries were set for Sept. 10. If there are any Republicans so foolish as to waste their time in running for office in Cumberland they certainly have only a short time to set their booms in motion. It may be, though, and it is more than probable, that the bosses have already made up the ticket and the convention will be a mere matter of form, as has been the case heretofore. The rank and file of the Republican party certainly have nothing to do but vote as the bosses say.

Atlantic Coast Line to Give Telegraph Force Better Wages.

Announcement has been made by the Atlantic Coast Line Railroad Company that beginning with the present month all telegraph operators in the service of the corporation will receive an increase, the raise being on a percentage basis, and while no definite maximum limit has been fixed it is stated that it will be approximately 8 per cent. In the future where one man is in charge of an office his working day will consist of eleven hours; where two or more men are retained working day will be nine hours.

Death of Mrs. Christiana Monroe.

Mrs. Christiana M. Monroe, daughter of the late Alexander Johnson, at one time sheriff of Cumberland county, died last Saturday at 4 o'clock after an illness of two weeks. Mrs. Monroe was 77 years old, and is survived by two sons, Mr. W. H. Monroe, of this city, and Mr. C. J. Monroe, of Mississippi. The funeral took place Sunday at 3 o'clock from McPherson church. The deceased was an excellent Christian woman, and her death will cause much sorrow to a large circle of friends and relatives.

Marriage Licenses.

The register of deeds issued the following marriage licenses Saturday: Mr. Robert Lee Smith, Beaver Dam, and Miss Mabel Melvin, Roseboro; Mr. W. H. Bullard, Stedman, and Miss Ida Aury, Fayetteville.

CORRESPONDENCE OF THE LATE MR. HALE.

Raleigh correspondence Charlotte News and other papers.] The correspondence and other valuable manuscripts accumulated by the late E. J. Hale, at Fayetteville, have just been contributed to the North Carolina Historical Commission by the distinguished son of this honored sire, Major E. J. Hale, the present editor of the Fayetteville Observer, which his father edited for many years before him. The correspondence, which comprises about 400 letters, besides other documents, has encountered fire and water. It is considered a very great addition to the historical records of the State and includes correspondence on issues of the day with such men as Governors Manly, Holden, Graham, Ellis, Fowle, Caldwell, Swain, Vance and Worth; with Judges Ruffin, Ashe, Battle and Pearson and a great number of distinguished men of the epoch of the State's life in which Editor Hale lived. There has been a steady increase in the number of historical manuscripts collected by the historical commission through the efforts of Secretary Connor and others until these, with the regular archives, have come to be regarded as among the most valuable and varied in this part of the country. The Charlotte Observer of Saturday says editorially: "Major E. J. Hale of The Fayetteville Observer has done the entire State a notable service in contributing to the North Carolina Historical Commission about 400 letters left by his distinguished father. The correspondence includes letters from Governors Vance, Holden, Graham, Fowle, and others, and will constitute an invaluable addition to the archives now preserved."

SIXTH DISTRICT COMMITTEE. Will Make Report to State Committee Wednesday Night.

Winston-Salem, N. C., Aug. 20.—The State Democratic executive committee is called to meet at Raleigh Wednesday night, August 24th, 1910, to receive the report of the special committee on the sixth district contest. A full attendance is desired. A. H. ELLER, Chairman. It is the general opinion that the committee will either recommend a re-assembly of the convention, a new convention or a primary. That the committee will say there was no nomination there is little doubt.

JUNIOR ORDER CONVENTION. At Wrightsville Beach This Week.

The State council of the Jr. O. U. A. M., will be in session at Wrightsville Beach this week. A large delegation of the Cape Fear council of this city will attend. Senator Overman will be among the distinguished guests who will attend the convention. He will address the convention at Lumberton on Tuesday evening. The Wilmington Star of today says: "The elegant souvenir programme issued by the committee will be out Monday and will announce the various features of the big week for the order at the seashore."

BIG CROWD AT FALCON SUNDAY DAY.

A Number of Fayetteville People There. It is estimated that between three and four thousand people attended the great Sanctification-Unknown Tongue meeting at Falcon, in this county, Sunday. Quite a number of Fayetteville people went up to view this new religious body. There were fully a thousand vehicles of all sorts parked on the grounds. Several religions, all branches of Sanctification, were represented, the most popular being the unknown tongue. A dozen preachers were addressing as many different audiences at the same time. It reminded one of a great carnival. There were several degrees in this religious body. First the "Round House," where mourners were prayed with; next the chapel, where the higher officers presided, and the mourners invited to receive the blessing of Sanctification. Then the highest degree, the Unknown Tongue, with Sanctificationists trying and praying to receive this mysterious gift. Here the interpreters, the highest officers of the body, presided, and interpreted the mysterious language and sayings of those who had the gift of the "Unknown Tongue."

A Krupp Laboratory Blows Up.

By cable to the Observer. Berlin, Aug. 22.—One of the experimental laboratories of the Krupp group works was wrecked today by an explosion and several workmen were killed.

WHY THEY HATE BRYAN.

A Lincoln (Nebraska) telegram says: William J. Bryan declines to approve the recent editorial suggestion by Col. Henry Watterston, of Louisville, that Bryan should consent to the nomination of a candidate in 1912 who bolted in 1896. Bryan serves notice that he will fight any such plan. In the Commoner, Bryan says: "It seems to be assumed upon the part of those for whom Mr. Watterston speaks that no man is fit to be a Democratic President unless he be elected to elect a Republican President in the critical campaign fourteen years ago. If it would promote harmony for the six and a half millions to announce that they would gladly follow one who laid down his arms and went over to the enemy, would it not also promote harmony for those who left to announce that they will gladly support some one who has an unbroken record of regularity Generosity should not be one-sided."

British Cruiser Wrecked and Lives Lost.

By cable to Observer. London, Aug. 22.—Eighteen lives were lost when the cruiser Redford ran ashore on an island in the Yellow Sea of Korea. The extent of the disaster was announced today by admiral-ty. The Redford was undergoing speed trials when the accident occurred, and she was going at full speed. Japanese war vessels today reached her, but adverse weather made attempts to aid her hazardous.
