THE SIXTH DISTRICT MUDGLE SETTLED.

No One Nominated and a Primary Ordered.

The Sixth District Congressional State Executive Committee last week adopted the report of the special committee which declared no one nominated for Congress and ordered a voting primary to be held not later than September 15.

Resolved, That the majority report of the special committee to investigate the Sixth District Congressional contest be adopted.

Resolved, That the chairman of the committee be authorized to name such committees as may be necessary to carry out the recommendation contained in the report of the committee heretofore adopted.

Resolved, That the voting primary shall be called not later than September 15, and that the same be had on a day separate from all other conventions or nominations.

The roll call of the State Committee which held that neither H. L. Godwin or O. L. Clark had been "fully and lawfully nominated" for Congress in the Sixth District, was the first matter heard by the committee and the decision to adopt the report of the special committee was only reached after long discussion.

The roll call of the State Committee showed 24 present in person and 11 by proxy, and following the call to order by Chairman A. H. Eller, the call for the meeting was read by Secretary W. E. Bock.

After this ex-Governor Aycock read the committee report by the chairman of the special committee, ex-Governor Jarvis, who was not able to be present.

There was an intense interest as he read the long document, the reading interrupted only once by a question from former Lieutenant Governor Winston.

Just before the reading Hon. John D. Bellamy, of Wilmington, suggested that the session ought perhaps to be executive, but Governor Aycock declared "There is nothing in the report to hurt the party," and the session went on with open doors.

After the report was read, there were speeches for and against this by members of the committee, but it was finally adopted by a very large majority and after that the discussion turned towards the manner and time of voting primaries in the county, it being finally determined to have these not later than Sept. 15th at a day separate from all other conventions or nominations.

IT IS NOW GODWIN AND CLARK ONLY.

Primary Called for Sept. 15.

The Sixth District mudgle as to whether H. L. Godwin shall have the Democratic nomination for Congress to succeed himself or whether O. L. Clark or some other Democrat of the district shall be the nominee, Godwin and Clark having both claimed the nomination in the former district convention, is to be settled September 15, with a general uniform primary throughout the district, the candidate that receives the most votes to be declared the nominee provided he receives a majority of the vote cast.

Furthermore, all who expect to enter the race for the nomination are to file notice to this effect on or before September 1.

This was the decision reached this evening by the special committee of the State Democratic executive committee, named to hold a primary, composed of Hon. J. R. Young, Col. J. Bryan Grimes and H. A. Foushee.

During the afternoon the committee heard suggestions from O. L. Clark, A. J. McKinnon, H. L. Godwin, J. C. Clifford and E. F. Young. All were found to be pretty close together in the matter of what was necessary in the way of machinery for the primary and also entirely willing to cut out any post primary convention.

The funeral took place Sunday afternoon from Hay Street Methodist church at 4:30 o'clock.

The pall-bearers were Messrs. R. G. Halgh, J. A. Barnes, K. K. Nimocks, Maj. A. A. McKeehan, Col. W. S. Cook, Dr. J. V. McGowan, Capt. N. B. Alexander, Maj. J. O. Hollingsworth.

TO SECURE UNIFORMITY IN THE WORKING OF THE PLAN OF ORGANIZATION.

In its account of the State Committee meeting last week, the Raleigh News and Observer says: "Maj. E. J. Hale offered the following Amendment to section 12 of the Plan of Organization: 'Provided, That the area to which either of the three methods may be applied shall be coterminous with that of the office involved.'"

The purpose is to require the same method to be pursued in every county with reference to district or State nominations—for example: At present, in a congressional district, one county may hold a primary, another may hold a county convention with township meetings, and still another may hold a mass meeting.

Chase, a graduate of Dartmouth College, who has studied under Prof. H. H. Home, who writes of him as 'one of the most brilliant students I ever had.'"

August Cotton Went to 20 Cents—Wild Scenes on Cotton Market.

By telegraph to the Observer.

New York, Aug. 29.—The highest action of bull leaders was reached today in the cotton market, when some of the highest street price levels since the civil war were reached. Excitement was rampant on the exchange, centering largely in August option, that option reached 20 cents at 11 o'clock and immediately W. P. Brown hurried an offer of 100,000 bales into the ring at that price.

A scene of wild excitement followed and room leaders immediately began to sell late months. However, the underlying strength was such that only moderate declines were forced.
