FAYETTEVILLE, N. C., TUESDAY, AUGUST, 2 1887.

NO. 81.

LOCAL NEWS.

Excursions are all the go, now. Dr. W. M. Fowlkes, of Rockingham, is in the city. Miss Lilla Cook, returned Saturday from Bartow, Fla. The latest thing now is an invitation to the President. We have had rain every day for about a week or ten days. Miss Katie Johnson, of Wilmington, is in the city, visiting the family of Mr. M. F. Cook. Mrs. M. A. Cain is quite sick at her residence on Court House Square. Miss Fannie Smith has been quite sick for the last few days. She is somewhat improved to-day. During this continued wet, rainy spell considerable precautions should be used to prevent and keep down sickness. Judging from the amount of rain that has fallen for several days past the Cape Fear River is in fine boating order. Old Kate, the well known family horse of Mr. A. A. McKethan, died yesterday. She had served the family about 30 years. Mr. Dougald McDuffie continues quite sick with fever. He has been very low for sever days, and his condition is not any better. W. B. Draughon, A. B. Williams and Wm. H. Elliott were appointed by the County Commissioners yesterday a committee upon bridges in Cross Creek Township. H. D. McLean was appointed by the County Commissioners yesterday Constable of Queshuffle Township, who gave his bond in the sum of \$500 which was accepted. Mr. H. R. Horne left Monday for Asheville, to attend the meetings of the State Board of Pharmacy and North Carolina Pharmaceutical Association, which will be held to-morrow and Thursday. We learn from the Wilmington Messenger that Capt. Sam'l Skinner, of the Ship Railway, of that place, will commence at an early date to build a steamer to ply between Wilmington and Fayetteville, to be called the Green.

There will be a hop given by the young men of Haymount to-night at Buieville. A pleasant time may be expected by all who may attend. There has not been a burial in Cross Creek Cemetery in thirty-nine days, that the death occurred in Cumberland County. How does this speak for the health of Fayetteville? Mr. Winburn's show window is one of the most attractive features on Person Street now. He has displayed there one of the handsomest collections of photographs that we have ever seen. They show that he is master of his art. Wanted.—A good, reliable Printer of several years experience, desires a permanent situation on either a city or country newspaper. References furnished. Address "X." Care EVENING NEWS, Fayetteville, N. C. We have heard it suggested by one of our worthy Justices of the Peace that the many violators being brought before the J. P.'s of Cross Creek Township, could be put to work on the streets, to work out the costs, instead of being confined in the County Jail, to the great expense of the tax-payers. Our excellent Board of Commissioners ought to look into this. Yesterday evening, at 5 o'clock, according to announcement, the draymen's procession, headed by the Fayetteville Cornet Band, drove up Person to Hay Street, just West of the C. F. & Y. V. R. R., thence back down Hay to Gillespie, thence to the Fair grounds where they were met by their invited guests. After the band had played one or two pieces, Mr. Jas. Atkinson, in a few very appropriate remarks, introduced the Hon. W. J. Green, T. H. Sutton and H. L. Cook. Hon. W. J. Green addressed the crowd in a well received speech; he was followed by Mr. T. H. Sutton, who also did honor to the occasion. Mr. H. L. Cook closed the speaking with remarks both timely and fitting. Doing credit to himself and those who selected him. He is a rising young lawyer, and for him we predict an upward march on the road which he has mapped out for himself. The afternoon was pleasantly spent by all the participants who left with best wishes for the prosperity and happiness of our draymen.

The Carolina Roler Mills started up yesterday evening. Mr. Styron will, in about 90 days, put in a flour plant and has secured the services of a first class miller from the Gambrel Mills in Baltimore to take charge of his new enterprise.

The repairing and remodeling of the interior of the Presbyterian Church has commenced. The plastering overhead is being removed, and will be replaced by natural pine, finished in oil. Paint will be freely used, inside and out, and when the improvements are completed, it will be the handsomest church in the city.

FAYETTEVILLE MARKET.

CORRECTED BY A. E. RANKIN & CO.

Table with market prices for various goods like Bacon, Hams, Meats, Coffee, Flour, etc.
