ELECTRIC CARS ON MAIN STREET 'NOTHER DREAM COME TRUE OCT 19

When one more bright chapter of progress will be written in history of the one best town.

NEW EDISON STORAGE CAR TO BE DELIVERED OCT. 19.

Track laying on Main Street Monday. Line to be extended when inducements are offered.

Electric street cars will be in operation in Hendersonville by October 19th, according to the statement of the Hendersonville Traction Company officials.

Track laying operations on Main street will begin Monday and the work will continue until the depot is reached.

The Edison electric storage battery car will be delivered here by the 19th of next month.

The Hendersonville Traction Company has bought a lot at the depot upon which will be erected a storage house for the purpose of charging the car with the electric juice.

The length of the present line which reaches from Columbia Park to the depot, is about one and one-half miles.

The Hendersonville Traction Company will extend this line into any new territory when sufficient inducements are offered them.

The authorized capital stock of the company is \$100,000, with \$16,000 paid in. Mr. U. G. Stator is president and Mr. D. S. Pace is secretary-treasurer of the company.

The above bare statement of facts adds one more bright chapter to the history of the fastest growing city in the South—and that's Hendersonville.

An electric street car system here with a good roads bond issue, has been classed by many as irriscent dreams—filmy figments of a dreamer's brain, but of course utterly impossible of realization!

But Hendersonville's growth and increasing importance has been noted more attentively, its possibilities appreciated more keenly, by the outside world than by its own citizens.

Evidence of this fact may be found in the long list of real estate transfers published elsewhere in this issue—transfers made by but one real estate concern!

It is not to be doubted for one instant but that the building of this electric car line here will still further stimulate the solid growth of Hendersonville. It could possibly have no other effect—and the realization of this one-time dream is certainly a matter for heartiest congratulations all along the line.

J. M. Stepp
Committee.

Quit yer knockin'—boost!
There's only one Hendersonville. Smiles are the cheapest things in the world.

CITIZEN BANK IS PROSPEROUS

The Statement of the Citizens Bank published in this issue of the Daily Herald shows a remarkable growth of one of the city's youngest banks.

The statement shows an increase in deposits of over \$43,000.00 or 57 percent from September 1st 1910 to September 1st, 1911 which is undoubtedly one of the most favorable statements ever issued by a bank in Hendersonville.

The prosperous conditions of this institution reflects largely the confidence placed in it by the many patrons and supporters in the city and county.

WANTS TOWN CLOCK.

Editor Daily Herald: A town clock, a town clock to strike the half and the hours with a great sonorous bell which could be heard all over the city, is something Hendersonville needs.

I believe, if the matter were properly agitated, the required sum could be raised and it certainly would be a wise investment of town and county funds to aid in getting it. The clock should be placed on the court house where a place has been declared for it and is waiting.

LITTLE FOLKS ENJOY BIRTHDAY PARTY

A very enjoyable social affair among the little folks was the birthday party on Thursday, afternoon of little Miss Catherine Holt Cox of Anderson Ave. At five o'clock the spacious home and grounds of Mrs. Cox's residence was overflowing with little folks who proceeded to enjoy to the utmost the various means of entertainment provided for them. A large health merry-go-round adorned the lawn and its dizzy delights made happy every child who had the good fortune to be a guest. About six o'clock, most delicious refreshments were served from an overflowing table, beautifully decorated and appointed. The central features were three birthday cakes. One decorated with two tapers in honor of David, the little brother of the hostess, and Catherine Holt's own individual cake, upon which five bright candles blinked in beauty, while none less attractive shone the sixteen waxen tapers of the grandmother cake, which judging by the vivacity and charm of the possessor did not really need only their number of candles to pronounce her surely and truly "just sweet sixteen." Many and varied were the beautiful presents which the little hostess was the recipient of and as the big candles up in the blue overhead began to shine the guests bade their hostess good by and good night pronouncing it a "splendid time."

BEATTIE TO DIE SAYS JURY

Synopsis of Case.

Henry Clay Beattie Jr., drove his motor car into Richmond, Va., on the night of July 18 and unloaded the dead body of his wife.

The young husband's story that the murder was committed by a rough bearded stranger, and that he wrestled from the murderer a single barrelled shotgun, discredited by police authorities.

The state showed that young Beattie killed his wife in order that he might be free to continue relations with Beulah Binford, a young woman of the underworld.

Meanwhile Beulah Binford left the scene of her notoriety and after being released from jail hurried to New York to accept a stage engagement.

The jury last night returned a verdict of murder in the first degree. Beattie was condemned to die by electrocution and November 24 fixed for the execution.

WRONG IMPRESSION LEFT

In a story appearing in yesterday's Daily Herald about A. H. Daniel a local merchant mysteriously leaving the city and incidentally leaving a large number of creditors. The Daily Herald feels that an injustice has been done the well known wholesale firm of Calhoun-Wilkins in leading the readers to think that this firm was the only to levy attachment papers upon the stock of goods belonging to the fugitive merchant. This firm was not alone in the proceedings as there were other attachment papers served by local firms upon the stock of goods belonging to A. H. Daniel.

RETURNS TO RALEIGH

Mrs. M. L. Shipman, with the three children, Josephine, William and Mr. Mitchell Lee, known to fame as the young man who ordered "vice an' gavy" in preference to all other drinks served at Hicks Justus' restaurant, left for Raleigh this morning Mrs. Shipman and the children have been spending the season here and at her parents home near Hrevard. The opening of the Raleigh schools on Monday calls Mrs. Shipman back to the State capital this early in the season.

Commissioner of Labor Shipman was unable to come to Hendersonville for his family, the stream of official duties confining him to his desk at Raleigh. Mr. Shipman has spent but a few days here this season, the recently enlarged duties of the State department over which he presides compelling his almost constant presence in Raleigh.

Mr. D. S. Pace, as a consequence of the early completion of the electric street railway, will build a new home in Columbia Park.

FOR REST—Room less, than one block from the postoffice ready furnished suitable for light house keeping. Call at The Kentucky Home.
