Platform of the Citizens' Ticket.

The independent voters of Henderson county, in general mass meeting assembled, declare:

That excessive taxation, extravagance and mismanagement of the financial affairs of the county; the domination of rings and combinations in local politics; the favoritism shown certain families and family connections in the selection of county officers and the contamination of the electorate of the county by the use of money in elections, demand that the people should rise above partisan considerations, and take such concerted action as will best conserve the welfare of all the citizens of the county.

That this movement is for the benefit of all the people and not in the interest of any political party. Any candidate on this platform is enjoined from enacting or assisting in the enacting of any legislation of a partisan character affecting Henderson county.

That the corrupt use of money in political campaigns is one of the greatest evils in modern politics.

The people of Henderson county are spending from fourteen thousand to sixteen thousand dollars annually in the public schools of the county in an effort to elevate the citizenship and place our people on a higher plane of life. Much of the good accomplished along these lines is being counter-acted by the corrupt use of money in our bi-annual elections. We therefore pledge ourselves to do all we can to exterminate this evil from the politics of the county and to encourage more, stringent legislation by our Legislature looking to this end.

That the strictest economy should be observed in the management of our county's finances, and complete publicity should be given all matters relating to the collection and disbursement of the county funds.

That the office of tax collector and treasurer should be united and the compensation of the tax collector for collecting and paying out the county funds should not exceed twelve hundred dollars per year and costs and expenses connected with the office.

That the Register of Deeds should be paid a salary of one thousand dollars per year and be allowed a sum not exceeding four hundred dollars per year for an assistant.

That the Clerk of the Superior Court should be paid a salary of one thousand dollars per year for his services, provided that his salary should never exceed the income from the office.

That all moneys collected by the Register of Deeds and Clerk of the Court in excess of the amounts hereinbefore named shall be placed to the credit of the general county funds.

That the candidate nominated by this mass meeting by their acceptance of said nomination thereby pledge themselves to abide by the above recommendations and to uphold any laws enacted by the Legislature in accordance therewith.

That on all funds held by the County Treasurer a period of three months or longer he shall be required to pay interest at the rate allowed by banks on time deposits.

That experience has shown that long terms in office are productive of rings and combinations in local politics which never conserve the best interests of the people. We believe in the example set by the immortal Washington. We are opposed to the election of one man to the same office for more than two terms.

That we denounce the "Court House Ring" as a travesty on free government, a blot on the fair name of our country and a disgrace to the party to which the members thereof claim to belong.

That we demand a reasonable and fair road law under which our public roads may be kept passable.

That we endorse all reasonable and just efforts on the part of the people of our State to advance the cause of temperance therein.

That we submit this, our platform, to the respectful consideration of our fellow citizens of Henderson county, and ask all who agree with us in the principles herein set forth to give us their assistance in putting them in force in the county.

S. V. PICKENS, Chairman,
W. C. JORDAN, Secy.

True and tried friends of the family—De Witt's Little Early Risers. Best for results and best to take. Rosy cheeks and sparkling eyes follow the use of these dependable little pills. They do not gripe or sicken. Sold by F. V. Hunter.
