Transylvania Votes Right

A long distance telephone message from Brevard, Thursday, at noon, stated that the bonds would undoubtedly be carried. The votes are going that way. Haywood votes next Saturday.

Starts SOON

Work on the new road will begin before Jan. 1, 1908. Just at what point has not yet been decided.

Review of The Result

It may be well to note, in passing, that Hendersonville township, including four voting precincts,—East Hendersonville, Flat Rock, Horse Shoe and West Hendersonville gave a majority of 859 for the aid bonds to the proposed new railroad at the recent election, or 141 more than the entire majority in the county, thus "saving the day" to our people. The other townships recording a majority for the proposition are: Edneyville, (including Bat Cave) 168 and Clear Creek 20. Mills River (including Etowah) went 11 against it; Green River (including Raven Rock) 202 in the negative; Crab Creek (including Bowman's Bluff) voted it down by a majority of 54; Blue Ridge recorded 55 against and Hooper's Creek gave a negative result of 7 votes.

The banner precinct giving a favorable result is East Hendersonville, where the prominent republican politician was "put under the floor" until an offended business man could vote. Of the registered vote in this precinct more than 96 per cent voted for bonds. Ninety-six per cent of the voters of Green River precinct put themselves on record against the bonds. It will be remembered that this is the place where the match was applied to railroad literature.
