

## ABOUT OUR People

THURSDAY.

George Summey, colored, drunk in jail, charged with assault on his wife.

J. M. Stepp is confined to his home by what threatens to be a serious attack of sickness. This is not good news for "Jerry" Stepp's many friends.

U. M. Orr, while moving a barn belonging to Mr. Scheper, Monday, suffered a severe but not serious injury, which will confine to his home for several days.

Will Garland, the son of Mr. and Mrs. W. A. Garland, is seriously sick at his parents' home on Anderson avenue. Miss Nell Lackney, a trained nurse, of Asheville, is in attendance upon the sick boy.

Some unknown miscreant snatched a pocket book from the hand of a lady passenger on a Southern train, at the depot last night, and escaped in the darkness. The lady was from Columbia and declined to give her name.

C. S. Fullbright, with his brother, "Thad," leave today for Ivy Log, Ga., their old home, where they will spend a few days the guests of their mother. This will be Mr. Fullbright's vacation before assuming his duties as cashier of the Peoples National Bank.

The water from the new well at Fruitland has been analyzed under direction of the State Board of Health and found to be free from all contamination—just pure water. This will be good news to all, for everyone is interested in this school which is doing so excellent a work in this county.

A little crowd of men from different parts of the country foregathered yesterday in Dr. Waldrop's office. The subject of Peary and the pole came up for discussion. Said one: "Out in my part of the county, the Ridge, there's a heap of folks who believe there's an actual wooden pole up there on the top of the world, and that Peary really did nail the flag to it!"

FRIDAY

Dr. F. V. Hunter's condition is somewhat improved.

Honey Grimbald, of Flat Rock, was in the city yesterday on business.

Rev. John Anderson, a well known Second Day Advent preacher, enroute to meeting at Clear Creek to be held Saturday and Sunday, was the guest today of J. A. Collins.

Mr. and Mrs. John Kimzey of Horse Shoe, N. C., Mrs. E. Mallett and daughter Miss Gertrude Mallett of New Orleans, La., were in town yesterday shopping and visiting.

Main street—ugh!—every little village has a "Main street." Why not change it to Broad street or something more appropriate than Main.

T. B. Graham left this morning for Greenville where he will join Mrs. Graham. After a few days spent there they will return to their home in Columbia.

A. G. Thompson, yesterday, advertised 20 shares of bank stock for sale. Mr. Thompson says they were sold to a man who saw the add in the Daily Hustler, and were sold before 10 o'clock this morning. NOW, does it pay to advertise?

Mr. S. E. McNeely, of Charlotte, has leased W. F. Edwards' cottage on Washington street, and with his family will soon move into their new home. Mr. McNeely for many years was with the Mechanics Building and Loan Association of the Queen City,

severing his connection there to accept a position with the Wanteska Trust and Banking Company.

SATURDAY

Mr. and Mrs. J. J. Spann, Jr., have returned to Spartanburg after spending the season here.

Mrs. Henry Allen, with the children, left yesterday for Spartanburg, where they will be the guests for a week of Mrs. Allen's brother.

Will Long, accused of slandering Miss Bessie Pressley, Horse Shoe, is out on bond, after spending the night in jail. W. C. Jordan went on the bond, \$100.

Mr. and Mrs. Arthur Chenoweth, who are spending the summer at Etowah, were in town today. Mrs. Chenoweth, as a consequence of a severely sprained ankle, can walk only with the aid of crutches.

Sheriff Blackwell now has eight guests registered at his pleasant place, the Hotel de Jail, who will remain in the mountains for some time. Six are dusky of hue and two are white, but all are delighted with the accommodations furnished them.

MONDAY.

Miss Hannah Frady, Chimney Rock, is in town.

Mr. Chas. H. Barber, of Spartanburg, was in town yesterday.

The store of E. Lewis and Son will be closed Thursday and Friday, Sept. 16th and 17th, on account of the Hebrew New Year.

Mrs. Hilliard Maxwell, who has been confined to her bed for nearly 60 days now, is slowly improving, but is not yet out of danger.

Mr. C. E. Brooks, with his daughter, Miss Lillie, have returned from a few days' visit to Greenville, Tenn., where they attended the Schaeffer-Ewbank wedding.

Mr. Leonard Phinizey's new store at East Flat Rock has been rented by G. W. Lentz and will be occupied by him October first. This store was rented through an advertisement in the Daily Hustler, Mr. Phinizey states.

Mrs. F. E. Durfee has returned home from Bay View, Michigan, where she has been so seriously sick. Mrs. Durfee's friends will be glad to know she is improving steadily and trusts soon to be well again.

Miss Pink Gash, a popular young lady of this city, has accepted a position at Glazener's store in the ladies' dress goods department. Miss Gash is an experienced clerk, having been with the Wilson Department store some time ago.

Ormie Edwards left Sunday for Durham, where, at the Durham Conservatory of Music, he will pursue his musical studies. Mr. Edwards has a most decided talent in that direction. He is but a boy now and the world will hear of him in the not distant future.

### The Citizens Bank Statement

The statement of the Citizens Bank, published on the last page of this issue, shows the remarkable increase of 32 per cent in deposits since their last statement.

The prosperity of the community is certainly most evident when a bank, even a bank of such high standing as the Citizens, can make a showing like this.

The Citizens Bank is about one year old, and under the careful and conservative management of its President, Mr. F. E. Durfee, and of its able cashier, Mr. C. E. Brooks, has established itself firmly and solidly in the business world of this part of the State. It has shown a constant growth since its founding, and is contributing to the upbuilding of Greater Hendersonville and Henderson County.

## Toilet Goods

AND PERFUMES

Whatever Toilet Articles or Perfumes are required can be obtained from Hunter's Pharmacy of the very best quality and the nicest assortment. We also carry a big line of

### TALCUM POWDERS

We have about eight different kinds for you to select from and we can please the most fastidious.

Near the Postoffice

### County Commissioners

Ordered Anti-Toxin.

The county commissioners have ordered a supply of anti-toxin from the State Board of Health, to be sold, at one-third regular price, to those who will appear before the Register of Deeds and swear they are too poor to buy it at its regular price.

Application for the supply has therefore been made by Dr. Waldrop, county superintendent of health, who will announce later where it will be placed on sale.

The State Board of Health desires to get a supply of anti-toxin in every county in the State. The regular price of the medicine is \$3.00 per dose, and will be sold to the poor, by these means at about \$1.30.

### Train Wrecked on Toxaway Line

The Toxaway train due here at 8.05 was wrecked near Blantyre, Monday. No one was injured.

The rails spread and the entire train left the track, one coach turning over on its side.

Passengers of the wrecked train were transferred to No. 8 and brought to Hendersonville.

It will probably be seven o'clock tonight before traffic will be resumed on the line. The wrecking crew is now at work on the scene and every effort is being made to have the track clear as soon as possible.

### ACCUSED OF SLANDER.

Will Long was arrested Thursday by Deputy Sheriff Powers, charged with making slanderous statements about Miss Bessie Pressley, daughter of Joseph Pressley.

All the parties concerned are from Horse Shoe. The warrant was sworn out before Magistrate W. M. Corn, and the accused man, after spending the night as the guest of Sheriff Blackwell, was given a hearing before Magistrate Hood this morning at 10 o'clock.

Long, represented by Charles French Toms, waived examination, and was put under bond to appear at the next term of court. He is now in jail.

### SCHOOL TO OPEN NEXT MONDAY.

Hendersonville schools, both white and colored, open next Monday. About 500 pupils will be enrolled, under the charge of eight teachers, with the possibility of another high school assistant being added. The new school furniture, given by the county board of education, consisting of desks, blackboards and teachers' chairs, all valued at \$300, has not yet arrived, but may be here in time for the school opening.

From Rev. John Hughes.

Hendersonville, N. C.,

September 13th, 1909.

Mr. T. R. Barrows,  
Hendersonville, N. C.

Dear Sir:

I learn with deep regret that you propose to publish a Sunday edition of the Hustler. I regard all unnecessary Sunday labor as a violation of the law of God and therefore I discountenance it. It will not be urged that a Sunday paper is necessary in Hendersonville when no Sunday paper is found to be necessary in London, Toronto and throughout the whole of Canada. But it may be said that the Sunday paper represents the work of the week rather than Sunday. That must be admitted in many instances, and where a paper is in reality a Saturday edition I see no worthy reason for calling it a Sunday paper. But the fact remains that the Sunday paper entails much unnecessary Sunday labor. It is estimated that 150,000 compositors and pressmen are kept at work seven days in a week in this country by the Sunday newspapers—to say nothing of the army of newsboys, trainmen, mailmen and others engaged in their distribution. If I had no regard for the law of God, humanitarian considerations would induce me to oppose the Sunday paper in order that these men and boys might enjoy that rest which practical experience and the experiments of Haegler, Voit and Pollikofer show that nature requires.

I hope that you will bring out a special edition of the Hustler but not as a Sunday edition. If you decide to do so you may count on me for the contribution of an article and for my heartiest support.

And now let me express my appreciation of the Hustler. A paper more worthy of its name or more promotive of the interest of its community it would be hard to find. I sincerely wish that you could see your way clear to continue a daily issue throughout the year.

Enclose find one dollar on my account for the Daily Hustler.

Fraternally yours,  
JOHN GRAHAM HUGHES.

### Boil Your Water.

By request of the Board of Town Commissioners of the town, we publish the following:

"It appears from the late analysis of the city water that it is not absolutely pure for drinking purposes, and it is recommended that the water used for drinking purposes be boiled, until further notice. All due diligence and efforts are being made to correct this condition in the water supply."

Even at that, the city water is immeasurably superior to that obtained from wells, and it would be extremely inadvisable for people to use well water until conditions at the reservoir are corrected.

Simply boil your drinking water for the present—a precaution which is adopted by almost every city of the North, and so avoid ALL possible danger.

### "LIGHT."

The night has a thousand eyes,  
And the day but one;  
Yet the light of the whole world dies

With the dying sun.  
The mind has a thousand eyes,  
And the heart but one;  
Yet the light of a whole life dies  
When love is done.

—Francis W. Bourdillon.

### Notice.

Having qualified as Administratrix of the estate of W. L. Brower, deceased, this is to notify all persons having any claims against his estate to present the same for payment to the undersigned or to my attorneys, Messrs. Shipp & Ewbank, within 12 months from the date hereof, or this notice will be plead in bar of their recovery.

This July 20th, 1909.
