C. S. Corpening has been appointed by the State Tax Commission as county assessor-representing the State. He is to receive four dollars per days months each year. The township assessors will receive three dollars per day, and are to do the work in two months that three men have heretofore done in one month.

It is the intent of the law that the assessors shall personally visit the homes of the tax-payers for the purpose of assessing the value of property.

It is questionable whether one man can do this in Hendersonville township. The board has the right to appoint more than one assessor for a township.

The county assessor is to instruct the township assessors, " attend at least one day with each assessor while making assessments, and is authorized to review their work.
