NEW SERIES, VOL. 16, No. 2.

HENDERSONVILLE, NORTH CAROLINA, THURSDAY, DECEMBER 7, 1911

ONE DOLLAR PER YEAR

OUR B. & L. ASSOCIATION

What it is Doing for Hendersonville Since Starting.

One of the best signs of the growth of a city can be shown by the condition of a building and loan association in that city. Hendersonville is fortunate in having well started and material results already derived from its flourishing association. The Laborers Building and Loan Association with offices in the Wanteska Trust and Banking Co. building, P. F. Patton, secretary and treasurer of the association has been active in getting members to build houses in many parts of the city.

Within the next few months a new series of stock will be issued by the association, while the first members are reaping a good profit having been issued a series several years ago. A building and loan association is one of the best systems in building up a city.

Mr. Willson Talks

In this issue of the Hustler can be found a page advertisement from one of the leading builders supply houses in the city, J. R. Willson. Mr. Willson has long been recognized as a man who insists on selling the very best in the market of his kind of goods. He has succeeded in getting the agency for leading lines of builders supplies and lumber for both the wholesale trade and retail customers.

With a motto, "Quality Wins" this firm soon begin another year's business with one of the most complete stock of builders supplies of the select lines which can be found in this section of the state.

In the page advertisement Mr. Willson invites all customers and prospective buyers to visit his supply house and see for themselves. There can hardly be found a more complete systematically arranged business than the one situated on the corner of First avenue West and Church street.

Zirconia Items.

Dr. Brown of Hendersonville was in Zirconia last Tuesday on business. Mr. Elliott Reed spent Wednesday and Thursday with his cousin, Mrs. Florence Kuykendall, at Zirconia.

Dr. Kuykendall is having the roof of his house repainted.

Mr. John Kuykendall moved into one of Dr. Brown's houses last Tuesday.

The chain gang is camping at Zirconia. They are improving the roads of this section.

All I have got to say for the contest. Is hurrah!

Glazener-Patterson Trial Ends

The Glazener-Patterson affair trial was pulled off in Squire Hood's court, assisted by Judge Dermid. The case was of interest on account of the prominence of the defendants, Messrs. W. A. Smith, J. E. Shipman and Charles French. Toms represented Mr. Patterson while Mr. McD. Ray argued the case for Mr. Glazener. Lasting from 10 o'clock until after 3 in the afternoon the court was busy hearing the many witnesses called in the trial. Able speeches were made on both sides by the attorneys.

The court spent only a few minutes deliberating before returning its verdict. The defendants were fined \$10 and cost each.

Mr. Editor:

In a recent issue of your paper there appeared an article from the Hendersonville Hospital Association, signed by myself, in which it was stated that the property donated to the Hospital Association in "Patton Heights" was a donation from Mr. E. F. Patton. I wish here to make a correction by saying that it was Mr. Patton's mother, Mrs. Annie L. Patton who gave the property. We are, however, very much indebted to Mr. Patton and his sister, Mrs. E. S. Hatch, for calling his mother's attention to the needs of the Hospital Association, which brought about the donation. I will appreciate it very much if you will give this space in your next issue.

Very sincerely yours,
JOHN ROY WILLIAMS,
Sec'y Hospital Association.

His Life is Spared

But McNamara Must Spend Following Years in Durance and a Life Sentence is Imposed.

Los Angeles, Cal., Dec. 5.—James Boyd McNamara and John J. McNamara, brothers, natives of Cincinnati, O., today felt the strong hand of justice which they long had sought to evade. James B. McNamara was sentenced to imprisonment for life for murder committed in dynamiting The Los Angeles Times building and killing 21 persons and his brother to fifteen years in the penitentiary for blowing up the Lewistown Iron Works.

After many months of investigation of pellagra in South, scientists of marine hospital service are as much in doubt as ever as to cause of scourge. The disease is gaining. Every physician in South Carolina has from five to fifteen cases in his private practice.

POULTRY SHOW TODAY

Doors Opened at 10 O'clock for Annual Show.

The Henderson County Poultry Show has proven a grand success beyond every doubt. At 10 o'clock this morning the room was crowded with every kind of fine chicken and people began pouring in to see the exhibits. A list of prizes will be published next week. Mr. Jolly arrived late night with the chickens. Mr. Jolly's experienced poultry man's decisions will be awaited with interest.

With the scoring and the opening hour reached this morning at 10 o'clock Henderson county Poultry Association threw open its doors for the annual show for 1911. There are birds of every color and many breeds representing the best in the county at the show.

Some of the leading citizens of the city and county has spent much time in preparing for the big show and today there efforts have been rewarded in the shape of the promise of one of the best displayed poultry shows in this part of the State.

Hundreds of people from over the county have begun to arrive today and the indications point to a record breaking attendance in the building next door to J. O. Williams.

ESCAPES DISASTER

Transylvania Train Jumps Rail all Except Engine—No One Injured.

Narrowly averting what would have been a disastrous wreck on the Transylvania railroad near Columbia Park last Saturday a week ago, the evening passenger train was stopped in time by the engineer who found that nearly all the trucks of the coaches were off the track, bouncing along the rails.

A person who saw the train rocking as it passed him going at a rapid speed said that he thought every minute to see the train turn over. The derailed coaches were dragged along for several hundred yards before the engineer could bring his engine to a stand still.

Except for a broken brake and the track torn up considerably there was no other damages done.

TILLMAN WOULDNT PAY HALF DOLLAR AS FARE.

Made Cabby in Washington. Take a Quarter Though Man Demanded Double That Amount.

Washington, Dec. 5.—Senator Tillman of South Carolina is not used to paying more than 35 cents for cab fare and he refused to change his ways today. The senator went to the White House in a hack. As he got out he went down into his pocket and brought up a quarter. This he handed to the driver.

"Fifty cents, sir," said the cabby.

"Not a bit of it," replied the senator.

"Here take the quarter. It's enough, too much."

"But the rates have gone up, sir," replied the hackman, insistently.

"I won't pay it," was the reply of the senator, as he entered the executive office.

And a quarter was all the cabman got.

Bridge Club.

The Bridge Club was delightfully entertained by Mrs. Lila Barwell, Saturday afternoon at her home on Avenue. The first prize was won by Mrs. Florida Morris and the consolation prize given to Miss Edwin Hunt. A delicious sweet course was served. The club will meet this Saturday with Miss Deja Davis.

Unavoidable Delay.

The big Mergenthaler in the Hustler office had a "break down" Wednesday night and the delay in this week's publication was unavoidable. The heavy amount of advertising and live news has caused us to use sixteen pages instead of eight pages.

D. E. Stepp Sold Out.

F. M. Simmons of Bamberg, S. C., but lately of Black Mountain where he has been staying with his brother has moved to this city to engage in business. Mr. Simmons has purchased the business of D. E. Stepp and will give it his personal attention. Mr. Stepp will remain with the firm of F. M. Simmons & Co. The Hustler wishes the new firm success.

Your claims for this year, will likely be in my office from the 12th to the 15th day of this month; those wishing their claims mailed to them, will kindly notify me by that time, giving their post office, etc., otherwise I will hold the claim, subject to your order. FREE MAIL DELIVERY

Carriers Began December Making Two Trips a Day Except Sunday.

Hendersonville's free city mail delivery began on schedule time here December 1st. With two carriers now making two deliveries a day the system is gradually getting perfected. Messrs. V. E. Grant and J. C. Brown are the new carriers, and will soon adorn their new suits.

It is only a question of a year or so before the city will afford more carriers and the patronage of the post-office increase in such proportion that the present location will hardly supply the demands.

W. B. SINCLAIR,

Six Killed in a Triple Wreck.

Pittsburg, Dec. 6.—Six men were killed and five injured today in a triple wreck of two freights and a fast express train on the Pennsylvania railroad at Devil's Bend, near Manor, Pa., 25 miles east of here. One freight train became stalled on a second crashed into it. There were twenty horses being transported west on the express train and all were killed.

Further investigation by Federal grand jury at Indianapolis may implicate men "higher up" in labor circles. Detective Burns says there will be no let up until everyone connected with outrage is in hands of law.
