MORE FIGURES TO PROVE
THERE'S MONEY IN COWS.
The creamery idea is growing in Caldwell. Until our county has enough cows to maintain a plant, our farmers will find it profitable to establish creamery routes and send the product to Hickory. In a recent interview with a gentleman from another county, we learn that he sold \$636 worth of cream last year from about 10 to 12 cows. The skim milk was fed to his hogs, from which he realized \$300 in cash, making a total of \$936 received in one year from the business. The gentleman referred to—who is too modest to allow us to use his name—has kept an accurate record and he finds that he can produce a pound of cream, valued at 30 cents, as cheaply as he can produce a pound of pork, worth from 10 to 12 cents. Will more of our Caldwell farmers get the idea?—Lenoir Topic.

Here's Where We Stand In Regard to Keeping This Town a Clean Place to Live In!

PUBLICITY is the one sure cure for IMMORALITY. VICE CANNOT THRIVE WHEN THE SPOT LIGHT IS THROWN ON IT.

THE HOME NEWSPAPER does more to preserve the morals of a community than any other single factor.

A HABITUAL ATTENDANT IN THE COURTS FEARS PUBLICITY MORE THAN THE POSSIBILITY OF BEING FINED. PUBLICITY IS THE PREVENTIVE OF VICE.

This HOME NEWSPAPER should receive the unalloyed support of every citizen who is anxious to uplift the morals of our community.

This newspaper works hand in hand with the churches in all worthy efforts to make this community a better place. It supports all movements tending to improve conditions.

The churches, the citizens and the press should co-operate in making this a clean town in which to live, in which to bring up our children.

Every one should read this newspaper. Every one should assist in ridding the town of all forms of immorality.

It would be easy to open a gambling den on the principal street of the town were it not for the publicity that would be accorded such an undertaking. Illicit selling of intoxicating liquors would be easy were it not for publicity. Other noxious forms of vice would thrive were it not for fear of publicity.

YOU CAN HELP MAKE THIS A BETTER PLACE IN WHICH TO LIVE, A FAR BETTER HOME FOR OUR CHILDREN, BY CORDIAL CO-OPERATION WITH THIS NEWSPAPER. YOU CAN POINT OUT WHERE VICE EXISTS. THIS NEWSPAPER WILL FOCUS PUBLIC ATTENTION TOWARD EVIL SURROUNDINGS. PUBLIC SENTIMENT WILL THEN BE AROUSED. NO INSTITUTION IS STRONG ENOUGH TO OVERCOME PUBLIC SENTIMENT. PATRONIZE THE HOME PAPER!

Merchants Association of Hendersonville

ASHEVILLE BIBLE CONFERENCE TO BE HELD ON JUNE 18-27.

The following program of the Bible conference to be held in Asheville has been received:

Plans have been perfected for the second Summer Bible conference to be held in the First Baptist church, Asheville, N. C., June 18-27, of this year. The success of the first conference held in 1913, the fact that Asheville is the logical and geographical centre for such a Conference and the great need of definite Bible study on the part of God's people, lend the inspiration for this second conference.

There will be five sessions each day; two in the morning, two in the afternoon, and one at night. At various times during the Conference, street meetings will be held with conference speakers to address them.

Rev. W. B. Riley, D. D., of Minneapolis, Minn., for eighteen years pastor of the First Baptist church of that city, is known throughout this country and England as a Bible Teacher and Evangelist-Preacher of great strength. During the past year he has been on a leave of absence from his church, conducting evangelistic campaigns throughout the United States and the Lord has richly blessed his labors. He will speak twice daily.

Rev. Millard A. Jenkins, D. D., a native of this section of the country is too well known to need any words of introduction. He is one of the most appealing speakers of our Southland and the Lord has blessed him with the message that will greatly interest and help those who attend the conference.

Rev. Arch C. Cree, D. D., of Atlanta, Ga., secretary of missions for the State of Georgia, will be here the first four days of the conference, speaking on special gospel themes. Dr. Cree was with us in the former conference and delighted our people very much by his earnestness and enthusiasm in the work.

Rev. J. C. Owen, returned missionary from China and now evangelist for the home mission board to our schools and colleges, will each day at four o'clock conduct a pastor's conference. Practical problems of the every day pastorate will be taken up and discussed. This feature of the conference, we believe will be a great benefit to the pastors who attend.

Mrs. W. H. Woodall, well known to this State and Tennessee as a Bible Teacher, will conduct each day at four o'clock a conference for women. Special study of mission work and soul winning will be the features of this conference. Mrs. Woodall is a woman of prayer and years of experience and we feel sure will be of great help to the women.

Altha Ira Ruby, director of music of this church, will conduct the congregational singing, assisted by a large chorus choir. There will be a special music service the first night of the conference, which will be inspirational and devotional, and we trust will strike a key of praise such as well characterize the entire conference.

Rev. Calvin B. Waller, D. D., has been for three and one-half years pastor of the First Baptist church of Asheville. During that time there have been five hundred and forty-six (546) new members added to the church without a revival. His work as pastor has been characterized by a great zeal for the salvation of the lost and he has kept the church in an almost constant state of revival. The plans for the conference have been perfected under his leadership.

BROTHERHOOD ENGINEERS FAVOR PEACE OF NATIONS.

Cleveland, O., May 28.—The Brotherhood of Locomotive Engineers Triennial convention went on record today as favoring "international peace between nations and the reduction of armaments to the basis of an international police force only."

L. J. LEDBETTER TELLS THE FARMERS WHAT THEY MUST DO

Says Must Mow the Briars, Destroy Sassafras, Fill Gullies, Cover Scalds or Darker Days Will Come.

At a meeting of the Farmers' union at Bear Wallow on May 20 L. J. Ledbetter delivered the following timely speech on the importance of greater activity and more improved methods among the farmers:

Brother President, Ladies and Gentlemen:
My remarks tonight will be rather a question to you. What is wrong with Edneyville township? It contains between twenty-five and thirty thousand acres of land elevated from nine hundred feet above the sea level to the top of the great, old Bear Wallow and Sugar Loaf mountains, whose summits loom up in the blue sky to more than four thousand feet.

Edneyville township has a climate that will grow fruit from the fig to the Siberian crab and flowers from the modest little violet and trailing arbutus on the road side to the ever blooming roses of our southern sister states. A climate and soil so well adjusted that of a great conflagration were to sweep our forests away they would rise spontaneous as if by magic to heal the scar, requiring no experts to reforest our lands. The axeman has piled his ax in our timber for bark and crosses ties regardless of the waste. No more will we ever see great sheds of bark at Bat Cave. No more will the road be lined with cross-ties, we have come to the end of the log.

As I look on the picture of Abraham Lincoln before me and the picture of Washington on my right, I think, could we call them, with Jefferson and Adams and our forefathers, back they could not bring prosperity in that line again in our time.

As I look out on these hills and mountain sides with great scaled spots, gullies, sassafras, brambos briars and worn out fields I think of Uncle Joe Freeman, Uncle Loss, the Sherrels, Keyse, Williams, Summers, Lydas, Edneys and all our forefathers who sleep in our cemeteries and how they helped with the plow share. They made corn until our land has blown and slipped away.

Here in our presence is a gentleman from Virginia driving a beautiful highway through this mighty gorge. Yet his men are fed on meat from Cincinnati, their bread was produced on the wheat fields of Tennessee. If I were to tell you that tomatoes would not grow here you would call me a liar, yet our stores are lined with tomatoes from Virginia and Florida. We have a fine climate for peaches but our stores are stocked with peaches from Rutherford and California. And so it is with sweet potatoes, cotton seed meal and hulls, guano, fertilizer and other acids to say nothing of the pea vines, clover and other things which are shipped here by the thousands.

Did you know we are living in one of the finest grass regions in the country? I tell you we must turn our attention to something more than a little growing of corn. Every little rill that's bearing away our alluvial soil must be made to do its part to help us.

We must uniform our land; beat up those boulders and build walls of them, and make our farms as green and pretty as a soap bubble with the seven primary colors in it. If we do not turn these hills and valleys into something more than corn growing the carriages and automobiles will be seen coming and going viewing the beautiful scenery (owned by great stockholders) while our little homes will pass one by one. Yes, we must wake up, mow down the briars, dig up the sassafras; fill up the gullies; cover the scaled spots and turn our country into green fields like a beautiful dawn or our beautiful township with its clear, blue skies will be owned by others and our dear, mountain children wanderers and vagabonds on the earth.

ON FRIDAY, JUNE 4th

We will Offer the Magnificent World Film Photo Play

Price \$35

In our long experience in the business, we believe this to be the best cultivator we have handled. Write for circular.

T. S. MORRISON & COMPANY ASHEVILLE, N. C.

RETIRED CAPITALIST ARRESTED FOR BLOCKADING.

J. A. Porter, of Asheville, and Wes Patton, Farmer, Charged with Making Whiskey.

Asheville, May 29.—J. Alex Porter, retired capitalist, was arrested here late yesterday by United States internal revenue officers, charged with operating a blockade distillery. At the same time Wes Patton, a farmer, was arrested in Haywood county charged with materials for making whiskey. The officers allege that the still was operated on the property of Porter at Blitmore, with his knowledge and consent.

The arrests were the culmination of an investigation lasting several months. It created a sensation.

During January Deputy United States Marshalls seized and destroyed an illicit still on Porter's property. At that time no arrests were made. The officers now claim to have unearthed evidence connecting Porter and Patton with it.

Porter and Patton both deny knowledge of the moonshining operations. Porter declares the first intimation he had that a still was located on his property was when it was seized and destroyed.

Porter is the father-in-law of Porter Huyler, wealthy New York candy manufacturer.

Surface Closet Users

This is to serve notice to those maintaining surface closets in Hendersonville within 150 feet of the sewer line that action will be taken to prosecute them in accordance with the city ordinance

J. FRANK CRANFORD
City Health Officer

The Democrat publishes on an average three times more county news than any other newspaper, but it costs no more.

At The Vista, Tuesday June 8th
