### BRYAN'S RESIGNATION CAUSES SENSATION.

(Continued from 1st Page.)

and your eagerness to take advantage of every great opportunity for service has been an example to the rest of us; you have earned our affectionate admiration and friendship. Even now we are not separated in the object we seek, but only in the method by which we seek it.

"It is for these reasons my feeling about your retirement from the secretaryship of state goes so much deeper than regret. I sincerely deplore it. Our objects are the same and we ought to pursue them together. I yield to your desire only because I must, and wish to bid you God-speed in the parting. We shall continue to work for the same causes even when we do not work in the same way.

"With affectionate regard, Sincerely yours, 'WOODROW WILSON.' Secretary Bryan said at his home when told of the formal announcement of his resignation:

"In view of the announcement of my resignation, I will say that letters being made public therewith state my reasons, but I will have a more complete statement that will be given out when the American reply to the German note

is sent, which probably will be tomorrow. "My resignation takes effect as soon as the note has been forwarded." Mr. Bryan added that he probably would remain in Washington for a while.

### MILLS RIVER RIPPLES.

Children's Day was observed Sunday, June 6, at the Methodist church. Quite an extensive program was rendered. Beginning at 11 o'clock exercises by the children were given which showed considerable preparation. The program was supplemented by the choir and a special quartette from Fruitland. Dinner was served on the grounds at noon. The afternoon was featured by addresses from several visitors and those of the immediate community. A very large crowd was in attendance and many could not hear the parts of the program as there was not room for all in the church.

On Wednesday of last week there were two funerals at the Presbyterian church. Mr. W. B. Allison was buried the morning and Mrs. T. L. Holden in the afternoon.
