

THE MILITARY CENSUS QUESTIONS ARE NUMEROUS.

Very Probable That the Government Will Ask Same Questions as Are Asked in New York.

The New York State Mobilization Resource Bureau recently made public the list of 80 questions that every man in the State will be required to answer when he is enrolled in the State military census. Women will be required to answer similar questions in the census for them.

As the questions are doubtless very similar to those that will be asked in the Federal military census, under the selective draft act, or in a State census in co-operation with the Federal authorities, they are of general interest and as taken from the New York Times are reproduced as follows:

How many persons, including only mother, father, wife or child, sister or brother under 12 years of age, are dependent upon you for their entire support?

In what industry or business are you engaged? In what capacity or position? Exactly what work do you do? Are you particularly skillful in any line of mechanical work? If so, what line?

Are you in business for yourself? If not, what is the name of your present employer? What is your employer's business address?

Have you ever acted as agent or otherwise for any foreign country, manufacturer, dealer, or merchant?

Have you ever been in the military or naval service or had military or naval training at school, college, camp or cruise?

Do you claim exemption from military service? If so, upon what ground?

Can you operate an automobile? A motorcycle? A power boat. An airplane? A telegraph instrument? A

wireless outfit? A stationary steam engine? A steam locomotive?

Do you own any of the following: If so, how many of each? Automobiles, auto trucks, motor launches, boats, rifles, vans, heavy wagon or trucks, wireless outfits, draft horses, saddle horses mules?

ROCKEFELLER FOUNDATION BOARD MAKES APPROPRIATION.

Sum of \$475,000 Made Available for Medical Research and Humanitarian Working During War.

New York, May 3.—The Rockefeller Foundation announced tonight that it has appropriated \$475,000 to be spent in the United States for medical research and humanitarian aid as the beginning of its work in the war with Germany.

An additional \$400,000 will go to continue relief activities now being carried on abroad.

To aid the work of the Young Men's Christian Association in the training camps to be established for the army and navy \$200,000 has been appropriated by the Foundation. A budget of \$3,000,000 is sought by the National War Work Council of the Young Men's Christian Association. This work will be similar to that carried on by the International Committee of the Young Men's Christian Association in war camps abroad and in American camps on the Mexican border last year.

An appropriation of \$200,000 also has been made to the Rockefeller Institute for medical research for the Carrel hospital to be established during the next few months in connection with it. This model hospital of one hundred beds under the direction of Dr. Alexis Carrel, is to be used to teach the new methods of surgical treatment for infected wounds, worked out by Dr. Carrel and Dr. Dakin of France. American military surgeons

and doctors will thus have the benefit of the three years' experience in war surgery abroad.

The Rockefeller Institute received a further appropriation of \$60,000 for instructing military and other surgeons in new methods or diagnosis for the preparation of serums, similar to those it has sent abroad, for use in army camps, and for the purpose of finding improved methods of treating peritonitis and shock.

STILL ROOM FOR MEN OF THE RIGHT QUALITIES.

War Department Issues Appeal for More Men to Go Into the Training Camps.

Washington, May 3.—Although the full allotted quota of forty thousand men probably will be enrolled in the officers' training camps when they open May 15, there still is "plenty of room for men of the right qualities," the war department announced tonight.

In a statement, saying that each of the sixteen camps seemed assured of its full allotment of 2,500 applicants for commissions, the department appealed for further recruits among men of proven ability, and pointed out that the camps, while designated primarily to train officers for the great war army, would provide excellent opportunities for civilians to work their way into the line of the Regular army.

"The difficulties of Administration in the selection of candidates are being adjusted," said the statement. "The question of pay for the men in training is expected to be settled shortly by Congress, with provision for regular pay for reserve officers and \$100 a month for candidates. All men found fit for commissions at the end of the three months' course will be commissioned in the officers' reserve corps even if not immediately needed for the first increment of troops."

You Merchants WHO DON'T ADVERTISE

--Has it ever occurred to you that the most profitable sales are those you DON'T make.

--And that you really bear the expense of your Competitors Advertising by way of the sales he makes that you LOSE.

Persistent and effective Newspaper Advertising is the best investment a Merchant can make. It increases sales--lowers selling cost--assures profit.

Advertising is a SERVICE that business men may adapt to their means and their needs. Advertising in the French Broad Hustler presents the best service available in Hendersonville and Henderson county. Ask us how you may employ Hustler Advertising Service to your advantage--Put the responsibility squarely up to us.

These shirts cost \$12.00 per dozen at the factory.

H. PATTERSON

PRESIDENT IS AUTHORIZED TO TAKE ENEMY SHIPS.

Joint Resolution Gives Him Power to Put the Boats Into Service of the United States.

Washington, May 7.—The joint resolution, already adopted by the senate, authorizing the President to put into service vessels of the enemy in American ports, was adopted by the house today without a record vote after an all day debate.

The measure gives legal sanction to the administration's plan of utilizing the 96 war-bound German merchantmen as government vessels and putting them into the trans-Atlantic trade as part of the great commercial fleet relied on to break the U-boat blockade. Confident that Congress would approve the executive branch of the government already has begun repairing the damage done to the vessels by their German crews, and at least two are loading now at eastern ports.

TONOLINE IS BEAUTY AID. ANNOUNCES SPECIALIST

Mildred Louise, Talk of Interest to Women.

As health is a first aid to beauty this story, told by Mildred Louise, beauty specialist, of Boston, Mass., is of unusual interest.

"I can recommend no better health giver than tonoline," said Mildred Louise.

"I was for many months a victim of stomach trouble and nervousness. I had suffered terribly from pains that followed eating. Headaches also add to my worries. Poor digestion finally brought on nervousness.

"Relief came, however, when I took the advice of several women who said 'Take tonoline.'

"Not long after I started the tonoline treatment, my patrons began to mind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face.

"What tonoline really did for me I cannot say. I am so grateful that I am very willing to recommend tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common maladies—stomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood—and quickly restores proper action. Tonoline is being explained daily to many people at Hunter's Pharmacy.

Notice:—As tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase weight ten pounds or more. Although many reports are received from those who have been benefited by tonoline in severe cases of stomach trouble and nervous dyspepsia, chronic constipation, etc.
