LOOKED LIKE MOVIES; ALMOST LET HIM DIE

Looked Like Movies; Almost Let Him Bridgeport, O., Sept. 21.—Because spectators thought they were witnessing a movie stunt an unknown man, with cork legs, nearly lost his life here when he fell from a bridge over Wheeling Creek into the backwater of the Ohio river. His head stuck in the mud and the legs floated away. When it was realized that the man needed help rescuers pulled him out in a semi-conscious condition.

If the suggestions of the Food Administration are followed Brer Rabbit will have a prominent place on bills of fare in North Carolina this fall and winter.

Take This to Yourself Mr. Farmer

If you produce 40 bushels of corn to the acre your cost per bushel is less than that of your neighbor who raises only 20 bushels.

Therefore, you could sell more corn for a dollar than your neighbor.

The same principle applies to shoes.

Roberts, Johnson & Rand make more shoes than any other manufacturer. The more they make the less they cost to make. This saving goes into extra quality.

There are lots of good shoes, but—

"Star Brand Shoes Are Better"

Made in all styles, grades and sizes—all prices—for men, women and children.

Every pair is made of honest leather. No substitutes for leather are ever used.

We have a big stock of the Genuine "Star Brand" Shoes, with the maker's name on the sole and their star on the heel.

Don't just go into any store and ask for them, but come to us.

PRESIDENT GRANT'S NAME—SAKE SERVES AS PRIVATE.

U. S. Grant Fourth, Harvard Graduate and Former "Doughboy," Gives County Best in Ranks.

U. S. Grant, fourth, great grandson and namesake of the great Union general and former president of the United States, is serving as a private in artillery at Camp Wadsworth at Spartanburg.

Young Grant graduated from Harvard in 1915 an entered a Wall street office. When the war broke out he enlisted in the Seventh New York Regiment, infantry, but later decided that he would like the artillery better and got a transfer. His tentmates did not know for days after he joined them that he was a grandson of the famous general, for he never speaks of his ancestry. He is a wholesome, hard working boy, and does not see anything strange in the fact that he is a private. He says the army did not appeal to him as a profession and that he expects to go back into business after the war is over. His father is a college professor in California. Several of his cousins hold commissions in the army, but U. S. Grant 4th, seems content seems content to do his bit in the ranks and his commanding officers say he is doing it well.

Sheep Conference to be Held at Asheville Saturday, Oct. 6.

Asheville, N. C., Sept. 18.—A sheep conference will be held at Asheville Saturday October sixth under the auspices of R. S. Curtis, animal husbandman, agricultural department, West Raleigh, and the Asheville Board of Trade. Prominent speakers will be present to explain the cost of sheep raising, manner, methods, etc., and the attractive profits at present high prices.

People of Hendersonville and Henderson county interested in sheep raising are cordially invited to attend. The mountains of Western North Carolina are especially adapted to shepherding, and with wool at 60 to 80 cents a pound, and an eight months old lamb worth ten to fourteen dollars, our farmers will do well to get a few sheep for their farms. Men who have several hundred acres has now a fine opportunity for large profits.

STATE NEWS

Salem college opened its 116th annual session last Thursday.

Charlotte has a rubber factory, the J. D. Tire Company, that has a capacity of about 400 tires per day.

W. A. Ramsey, baggage master many years between Salisbury, Greensboro and Goldsboro, dropped dead in Selma Thursday night.

The Farmers' Union of Robeson county last week passed a resolution endorsing President Wilson's war program.

The 12th annual session of the Universalist churches of North Carolina opened in Durham last Thursday with more than 60 delegates in attendance.

Frank McDonald, superintendent of a sawmill at St. Paul, near Fayetteville, had both legs cut off in an accident, last week.

Dr. W. G. Gobel, of Spencer, has received a distinctive honor in being chosen one of the instructors at the Medical College of Virginia, at Richmond, his alma mater.

Beginning Monday, September 24, a series of 12 community fairs are being held in Gaston county, this being the largest number of community fairs to be held this year in any county in the state.

High Point will enforce the compulsory school law. The last legislation changed the ages from 8 to 12 to 8 to 14 years and children between these ages must attend school at least the first six months of the term.

Charles A. Rendleman, formerly of Salisbury, but for the past 15 years business in Jacksonville, Fla., was drowned near that city, according to information recently received in Salisbury.

The Raleigh city commissioners have just disposed of \$50,000 street improvements bonds at a premium of \$161, the purchasers being Frederick E. Nolting company and the Old Dominion Trust company of Richmond, Virginia.

A gift of \$10,000 has been received by Biddle university, at Charlotte, to be applied to the \$150,000 endowment fund which it is hoped to raise as a memorial to the university's fiftieth anniversary. The gift comes from a man and his wife of California.

Hickory dedicated its high school building Friday night, which was featured by an address by Dr. J. Y. Joyner, state superintendent of public instruction. This makes the third modern school building for white children in Hickory and a new building was erected last year for the negro children.

Officers Richard Boger and Vance Hallman passing through Burke county in an automobile last week saw a

suspicious path leading into the woods and following it only a short distance led them to a plant with three moonshiners busily engaged who were taken unawares and are now the guests of Uncle Sam.

Close to 500 university students in uniform filing out to the Emerson athletic field at 8 o'clock each morning afford a striking evidence of the interest that is being taken from the start in the new courses in military training at the university. Drills are entered upon with much zest.

Lock T. Overcash, of Barber, who was to be a member of the quota sent from Rowan county to the draft army did not show up there for roll call last week. Instead there came a certificate from Dr. G. A. Brown to the effect that Overcash had had two fingers shot off with a shot gun and would have to be excused.

Students of Mitchell college, Statesville, are preparing to do their bit for their country in case they are needed. They will have military training in their course this year. The training will include the military drill and setting up exercises, as nearly like the exercises of the regular army as possible. Exercises will be held every Tuesday and Friday afternoon, under the direction of Mrs. Augustus L. Philbrick. More than sixty young ladies have already volunteered and more are expected to join.

John Long, shot and possibly fatally wounded, Miss Nellie Ball, daughter of Dave S. Ball, a wealthy farmer of the Bahama section of Durham county, last Friday. Mad because of words with Miss Ball's father and her brother Long is alleged to have shot from ambush while the young lady was bending over a spring to lift a pail of milk. The bullet entered her back, passed through a small part of her body and shattered the left arm muscle. Poses searching for him were instructed by their leaders to "Get him dead or alive, better dead."

The advent of the Catawba Valley Power company into Morganton has revolutionized manufacturing interests in that community and has proved a source of much saving to many plants and institutions. The North Carolina School for the Deaf is operated and lighted by power from the electric company and represents a saving of from \$10 to \$20 a day in comparison with last year when the school generated its own current and operated the plants by steam.

A transmission line is to be built to the State hospital where it will bring about a much larger saving than at the school for the deaf. Furniture companies, cotton mills and other manufacturing establishments have adopted the use of electricity in running their plants. The town is also using current from the new company at a saving of something like \$200 a month.

UNORGANIZED MILITIA IS NOW CALLED INTO SERVICE.

Gov. Bickett Will Draft 5,000 Men Between Ages of 31 and 45.

Raleigh, Sept. 25.—In a proclamation issued tonight Governor Bickett invokes the active service of the "unorganized militia," as constituted by an act of the last general assembly ratified March 6 and consisting of all male citizens of the state between the ages of 18 and 45, the call including those 31 to 45. The governor proposes to draft 5,000 men from this unorganized militia, with not less than 25 men to any county and bigger companies for the large counties. The regulations for the selective draft are to be immediately framed and the draft accomplished with the least possible delay in all the counties. Conditions now prevailing in the state, the governor declares, make this move necessary at this time. The plan is one that was worked out by direction of the governor some days ago and approved by the state council of defense. Among the conditions that are speeding up the formation of the militia companies are the crimes committed the past few days in Wake, Vance, Harnett and Durham counties, all of

which stirred hundreds of people to mob violence if the criminals who committed the outrages can be gotten at.

The state prison here is the "place of safety" to which criminals are brought to keep mobs from them and a particularly large special military force is contemplated for Raleigh and Wake on that account to deter combinations of mob movements from different counties to force even the state's prison under some circumstances.

Already there is formed a formidable special company of selected citizens here for service of this sort to be ready for any emergency. The organization was perfected tonight in the state house with Adj. Gen. Lawrence W. Young and Maj. W. F. Moody directing the movement. The men were called to the service through special letters and telephone the past few hours and they are understood to be ready for any emergency.

The proclamation of Governor Bickett follows: "Whereas, it has been made to appear to me that conditions now prevail within the State for the use and service of an active force for the maintenance of peace and order; whereas, the companies composing the organiz-

The Citizen is informed that government surveyors are at work on a large area of unimproved land between Southern Pines and Fayetteville and that Uncle Sam's agents are getting options on the lease or purchase of 175,000 acres of land for the purpose of making a big permanent training camp for soldiers. The story goes that the purchase of this land means the expenditure of about \$2,000,000, while the annual rental would amount to the tidy sum of \$200,000. It is estimated that this great camp would mean the expenditure of a million dollars a month. That would mean considerable to Southern Pines. It is said that something like 100,000 acres are now under option and that the matter will be decided within the next two weeks. The camp would come within four miles of Southern Pines and the other end would be about the same distance from Fayetteville.—Sandhill Citizen. With rabbits commended as war diet to release beef and pork for export for the Allied armies in Europe, Chatham county should certainly come into its own.

WANTS One Cent a Word Each Insertion **WANTS**

WANTED—ORES AND MINERALS—I would like to get in communication with owners of lands on which there are known to be deposits of Iron and Copper ore and other minerals. Give acreage, general description distance from railroad, and what road facilities. If properly presented, I can interest people to come here and invest in mineral lands and their development. Address: "Minerals," P. O. 978, Asheville, N. C. 9-20-3tp

FOR SALE—One mule 2 1-2 years old. Cheap. A. J. Neely, R. 2. 9-27-3tp

TEACHERS' MEETING.
The Henderson County Teachers' Association will hold its regular monthly meeting in the graded school building on Saturday September 29th. Miss Elizabeth Kelly of Raleigh, who is supervisor of the Adult Illiteracy Department of the State, will address the teachers. Miss Kelly is an attractive speaker and it is hoped that all the teachers of the county will avail themselves of the opportunity to hear her on this important subject. Visitors are especially welcome. GUSSIE DOTSON, Secretary.

THE SHEEP AND THE DOG.

The Atlanta Constitution and the Asheville Citizen are engaged almost daily in an effort to head off the wool famine. They are urging sheep raising for which both North Carolina and Georgia are peculiarly adapted. These propagandists find that the only obstacle is the sheep killing vagabond dog. The farmers believe that there is a fortune in sheep but legislative dog obsession stands in the way of their sheep opportunity. Many are going to try it anyhow but in the meantime mossback legislatures are unceremoniously invited to contemplate the fact that they have done their bit as promoters of the wool famine. Wilmington Dispatch.

Men's work shirts 50c; Overallis \$1, men's suspenders 15c; Scout shoes for men and boys \$2.00. Glazener cuts the price and sells the goods. 9-20-3tc
