INTERURBAN MOTOR CAR SCHEDULE TO ASHEVILLE

Brownlow Jackson, S. Maxwell and Mr. Cody Order Cars for Regular Schedule Between Hendersonville and Asheville.

Hendersonville people are to enjoy a daily, all-year-round interurban passenger service between this city and Asheville.

Attractive 24-passenger cars have been ordered and when they arrive a schedule that will be in keeping with the demands of the traveling public will be inaugurated.

Brownlow Jackson, Sylvester Maxwell and a Mr. Cody of the Sawyer Motor company of Asheville are promoting the enterprise which will be extended next summer so as to provide a regular car service from Hendersonville to Bat Cave and Chimney Rock.

The promoters are not certain as to a schedule, but it will be in keeping with the demand and additional cars will be purchased if necessary.

This will give a convenient schedule, which, in addition to that of the Southern railway, will make a trip between Hendersonville and Asheville possible at almost any hour of the day.

WILSON ASKS FOR WAR ON AUSTRIA-H.

Washington, Dec. 4.—A definite statement to the world of America's war aims and of the basis upon which peace will be considered was made today by President Wilson in an address to Congress in which he urged immediate declaration of a state of war between the United States and Austria-Hungary—Germany's vassal and tool. As to Turkey and Bulgaria—also tools of the enemy, he counseled delay because "they do not yet stand in the direct path of our necessary action."

To win the war, the President declared in emphatic and ringing tones is the immediate and unalterable task ahead. He urged Congress, just beginning its second war session, to concentrate itself upon it.

The President sharply dismissed the possibility of premature peace sought by German intrigue and debated here by men who understand neither its nature nor the way it may be attained. With victory an accomplished fact, he said, peace will be evolved based upon "mercy and justice—to enemy and friend—with hope of a partnership of nations to guarantee future world peace."

The war will be deemed won, he declared, "when the German people say to us through properly accredited representatives that they are ready to agree to a settlement based upon justice and reparation of the wrongs their rulers have done." Terms of peace, he added, would not include dismemberment, robbery or punishment of the enemy, but would be based on justice, defined briefly as follows:

"Freedom of nations and their peoples from autocratic domination, repression to Belgium, relinquishment of German power over the peoples of Austria, Turkey, the free Balkan states, as well as evacuation of Prussian territorial conquests in Belgium and Northern France."

Emphasizes U. S. Purpose.
Emphasizing the purpose of the United States not to interfere in the internal affairs of any nation, the President asserted that no wrong against the German Empire was intended and that there was no desire to rearrange the Austro-Hungarian empire. He said when he spoke eight months ago of the right of nations to free access of the seas he had Austria, as well as the smaller and weaker nations in mind.

EARLY ADV. COPY.
Advertisers are requested to prepare copy for Christmas advertising in the Hustler next week as early as convenient so as not to delay publication and thereby guarantee to their announcements the desired attention in their preparation.

MORE PIGS TO BE IMPORTED

The demand for pigs proved so great when the 140 purchased by Brownlow Jackson, R. C. Clark and J. Mack Rhodes recently arrived from Kentucky that Mr. Jackson will leave this week for Tennessee to purchase a larger number than before, provided he can find pigs smaller than those purchased the first time.

There was no trouble experienced in disposing of the hogs. The demand was great, even greater than had been anticipated, hence the attempt to purchase others in order to conserve the big corn crop injured by frosts and to reduce the cost of living.

Mr. Morris and Mr. Clarke will be associated with Mr. Jackson in the enterprise.

RILEY JUDGMENT AFFIRMED BY THE SUPREME COURT.

Verdict for \$1,000 for Wrongful Imprisonment and \$500 for Slander Affirmed.

Raleigh, Nov. 29.—Lou M. Riley vs. W. H. Stone, from Greensboro, was the most notable appeal disposed of by the Supreme court this weekly delivery day, the court affirming the lower court in a judgment for \$1,000 for alleged wrongful imprisonment and \$500 for slander, this case growing out of the arrest of the young woman on the charge of having taken goods from the store of the defendant as a clerk, without making the proper charges for them. The case was removed from Guilford to Chatham county for trial and has been a hard fought legal battle.

Judge Walker wrote the opinion for the court holding that while there is strong evidence that the girl did take articles from the store without charging them repeatedly the proceeding against her by the proprietor of the store was improper and the charges of larceny of the goods was very improperly conducted, leaving the case in that shape that constituted the liability for both the false imprisonment and the slander. The justice finds that there was evidence of malice, the opinion saying "the defendant did not act with the best motive, but from a bad motive of spite or malice."

The court says the "proper thing to have done was to have secured a warrant of arrest at the beginning, if the defendant thought that the evidence already accumulated was sufficient to show guilt on her part. The case would have then been tried on its merits, and involved simply the question of her guilt unmixing with malice or other elements calculated to prejudice the defendant in any controversy with her. They ordered her to appear at the police court Monday morning, which she did not do, but they took no further steps to prosecute her, why does not appear unless the defendant's confidence in his case had abated." In conclusion the court says the girl may be guilty of the things charged by Stone notwithstanding the verdict of the jury but the court must accede to the verdict. And there were malice and false imprisonment in the conduct of the case against the girl.

REMEMBERED THE POOR.

The Epworth League of the Methodist Sunday school of Hendersonville remembered the inmates of the county home on Thanksgiving with a nice dinner.

Members of the league took a collection of toothsome cables to the county home and the inmates were delighted over the gift and kind remembrance.

DANGEROUS HUNTERS.

E. W. Ward of Brickton was in town Monday, when he informed the Hustler that hunters in his section were dangerous. He had lost a nice calf through reckless shooting and Noah McDowell had one dangerously injured by a bullet shot wound.

This shows the recklessness of hunters when they get excited over game.

NEW PASTOR POUNDED.

Members of the East Baptist church pounded their pastor and family at their home, the house of Mrs. D. J. Fetter, on Tuesday night of last week. The visit of quite a number of his congregation was altogether a surprise and those in the party wound heavily with those things which go to make an inviting table.

Mr. and Mrs. Blackburn have two children living with them.

BOARD OF TRADE RED CROSS TO PLAN BANQUET SEEK 600 LOCAL NEW MEMBERS

REJUVENATION PLANNED AROUND FESTIVE BOARD.

Officers to be Elected About First of Year; Subjects of Advertising, Street Lighting and Roads Before Board of Trade.

The board of trade in monthly session on Tuesday night discussed more adequate street lighting, community advertising and road matters and decided to have a banquet for the purpose of adding renewed life to the club work.

K. G. Morris reported that the matter of street lighting was brought before the board of City Commissioners but that the board could not see its way clear to make an appropriation for street lighting under the present budget. The club proposed to install the lights if the city would furnish the electricity.

The club decided to proceed with the installation of Main street light fixtures at a cost of about \$400. Hope is entertained of help from the city later in the way of maintenance. The light committee will solicit funds for the fixtures. It was reported that T. L. Durham, W. A. Smith, R. M. Oates and C. F. Bland had promised to donate an arch each at a cost of about \$50 each.

Miss M. Carson Horne applied for membership and was unanimously elected.

F. A. Ewbank had no definite report to make for the committee on advertising. He asked about the financial status of the club and was definite in the statement that he didn't want to proceed until it could be paid for. No one was able to state definitely as to what the advertising tax from the city would amount to. The funds for advertising will have to be raised before the literature is printed.

George Kershaw was before the club with a county map, advocating the use of road maps of Henderson county in connection with its advertising campaign. Other methods of advertising were discussed. The matter of advertising and the raising of funds for such was left with the advertising committee with authority to proceed. Secretary A. S. Truex was added to the committee on advertising. Messrs. Hawkins, Bailey and Morris will represent the Board of City Commissioners in the matter of advertising.

A communication was read from the Raleigh Board of Trade calling attention to the new road law requiring signs at all road crossings. The matter will be referred to County Attorney O. V. F. Blythe with the request that he take it up with the Board of County Commissioners.

Dr. L. B. Morse said that he had talked with Road Engineer P. F. Patton and did not get definite information as to when attention would be given the Reedy Patch road. Dr. Morse reported that he approached as the Bat Cave bridge from Asheville-Charlotte highway was a disgrace and would work to the injury of Henderson county until given attention. J. F. Justice and Brownlow Jackson will be requested to take the matter up with the State road authorities.

Secretary Truex announced that the next meeting would be an annual one and that officers would be elected. The question of a get-together banquet was raised. One lone voice took the position that it would be patriotic to fall in line with other cities and eliminate banquets at this time when food conservation is stressed. This view didn't appear very sensible to others and it was decided to have a banquet at the Kentucky Home. Dr. L. B. Morse, K. G. Morris, Clarence Latham, J. D. Duff and N. M. Hollowell were named as a committee to make arrangements for the banquet.

BLUE RIDGE SCHOOL 'IN ACCREDITED CLASS'

The Blue Ridge School for Boys of Hendersonville has been retained on the list of schools accredited by the Southern Commission for 1917-18.

This interesting information was received by the Blue Ridge School for Boys. This is quite an honorable recognition and one of which all schools similarly recognized justly feel proud. This is the fourth year of this institution. It received the same recognition last year.

JOHN GLENN MOVING.

John Glenn is moving his stock of merchandise to Brevard.

RESULTS

The jewelry firm of W. H. Hawkins & Son on Nov. 22 advertised EXCLUSIVELY in the Hustler some 100 piece dinner sets for \$25.

The advertisement demonstrated the pulling power of business announcements in the Hustler.

The supply of dinner sets was immediately exhausted and the demand could not be supplied.

What the Hustler did for this firm it will do for others. It goes into the best homes and carries with it more Henderson county news than can be found in all other publications.
