WOMEN AS LOGICAL CAMPAIGN LEADERS

American Matrons Have Keen Sense of Necessity of Clean Up and Paint Up.

POINTERS ON WHAT TO DO

Chairman of Woman's National Bureau Offers Excellent Suggestions on How to Obtain Desired Renovation.

Here are some pointers for women who would regenerate their community with a real Clean Up and Paint Up campaign, as suggested by Mrs. Clarence J. Baxter, State chairman of civics and health, Missouri Federation of Women's Clubs and chairman of the Women's committee of the National Clean Up and Paint Up campaign bureau, St. Louis:

Ten Good Suggestions.

1. Take away all the ashes and trash from your back yard immediately. Send your rubbish to the dumping ground.

2. Suggest to several men with teams that they drive through the alleys with a sign, "Clean Up Wagon" on their wagons; also a bell calling attention. People are only too glad to pay such a man for hauling their trash away.

3. Burn all rubbish that will burn. Clean your vacant lots and alley ways.

4. Make your street and parking look as trim and well kept as possible.

5. Refrain from throwing old paper, banana and orange skins into the streets.

6. Plant some grass and flower seeds to make your home beautiful.

Use Plenty of Paint.

7. If your store front is dingy, paint it. Nothing will do more to improve the appearance of a town than the liberal use of paint.

8. If there are unnecessary, unsightly, sheds in your back yards; tear them down. They detract from the beauty of your home and the town. Open spaces and fresh air are better.

9. If your walk is an eyesore to those travelling over it, repair it or build a new one.

10. Clean out the alleys back of the business houses at once.

By all means do your part to help make your town cleaner and more attractive.

In these days of patriotic service we should "Keep the Home Fires Burning"—the fire of community life and spirit and efficiency, and all the activities that promote cheerful and pleasant and healthful surroundings in American homes and communities. Cleanliness, Thrift and Civic Pride are the essentials for homes and towns beautiful, and safe from the ravages of disease and fire and storm and sun.

It is our patriotic duty to promote conservation and production in every possible way—to conserve civic ideals as well as health and property; and to increase commercial and industrial, as well as food production, that all may be enabled as well as urged, to "save for our country's needs."

This cause is too big for any mere "week." The need is too immediate for any delay. The work comprises too many phases of community effort for any single group or interest to assume its conduct.

An immediate and continuous and thorough campaign that represents and enlists every interest and organization, every man, woman and child in the community, in a crusade of Cleanliness, Thrift and Civic Pride and their practical application in every way, is needed.

THIS YEAR "FOR THRIFT'S SAKE" CLEAN UP AND PAINT UP.

Such a crusade is annually conducted in 7,000 cities and towns enlisted in the nation-wide Clean-Up and Paint-Up Campaign, that reduced Cincinnati's fire insurance cost over \$160,000 in one year, that planted nearly a million "Thrift Gardens" in the nation last year, and that, by a score of other practical and popular activities, has made thousands of communities and hundreds of thousands of homes "better places in which to live."

The co-operation of the whole community is necessary, from this moment and throughout the campaign; and we especially urge the utmost effort in giving the campaign a good start by making the Opening Week a completed success, a big community event. This will be

OPENING WEEK.

Help to make our community recognized as in the forefront among happy, healthy, thrifty, prosperous, and beautiful American communities.

Respectfully submitted, THE COMMITTEE.

CITY AUTHORITIES AID IN CLEAN-UP DRIVE APR. 15-20

In keeping with the observance of clean-up drive throughout North Carolina next week, Hendersonville will lay stress on Monday and Tuesday, on which days the city authorities will provide a wagon for removing light rubbish.

When interviewed in this connection, Mayor C. E. Brooks stated that the wagon would be furnished to haul off light materials, such as papers, small collections of trash, tin cans, etc. Mayor Brooks said the wagons would not haul heavy materials, such as ashes and other collections of this nature, which the owners of the premises should remove at their own expense.

Mayor Brooks requests that the garbage be placed in boxes or other receptacles on the edge of the street so as to facilitate removal with as little trouble as possible. Persons living other than in thickly settled localities are requested to telephone 112 or leave a message at the city hall for the wagon in order that they may not be overlooked.

The municipal authorities and the people of Hendersonville and surrounding country are being appealed to by the state insurance department

and the state health department to join effectively in the observance of "Clean-Up Week," April 15-20, during which time, throughout the state there is to be a general clearing out from residence premises and places of business and factories and shops of all waste material and debris that might harbor disease germs, start a preventable fire or help along a fire that might start from other causes, fire prevention and better health conditions being the two chief objects of the movement for a 1918 Spring clean-up week.

Insurance Commissioner James R. Young and Secretary W. S. Rankin of the state health department, ask that the municipal authorities not only help in arousing the people to thorough observance of the week in cleaning out their premises, but that they see to it that there are ample facilities provided free of cost to the people, for removing the trash and waste material from the streets as fast as the people clear it from cellars, attics, closets, out houses and back yards.

MR. PHINIZY FOUND DEAD AT FLAT ROCK

Leonard Phinizy was found dead in a bath room at his summer home in Flat Rock Saturday night. The coroner's jury returned a verdict of "death from unknown causes."

Mr. Phinizy was 62 years of age. He was a well known capitalist of Georgia, and for more than twenty years had owned a summer home at Flat Rock. He was in apparently good health when he left Atlanta last week. A telegram received in Augusta from Mrs. Phinizy Saturday night stated that death was due to heart failure.

Surviving are his wife; one son, Lieut. Jack Phinizy, now in France; and two daughters, Mrs. Fielding Wallace of Augusta, Ga., and Mrs. David Black of Atlanta, Ga.

\$39,500 In War Savings Pledged On Friday Night

A large and enthusiastic gathering assembled in the City Hall last Friday night to hear F. H. Fries, president of the Wachovia Bank and Trust Company of Winston-Salem, and Robert N. Page, former Congressman. The speakers came here to advocate the War Savings project; and their advocacy was forceful and effective.

The program consisted of prayer by Rev. A. W. Farnum, music by the Blue Ridge School and the Hendersonville and Tuxedo quartets, and addresses by Messrs Fries and Page. The speakers dwelt with emphasis on the grave seriousness of the crisis which confronts this country, the danger of delay, the terrible consequences which would attend a failure on our part to win this war, and the great advantages of the War Savings plan from the standpoint of business interest as well as patriotism.

Volunteers were called for to join a "limit club,"—a club of those who will promise to buy during the present year the maximum amount of War Stamps which the law allows any one person to hold that maximum amount. An effort was made to get promises aggregating \$20,000; but in a short time that was nearly doubled.

Those who attended the meeting came away with an increased appreciation of what this war really means.

When you sit down to dinner, for God's sake remember the starving thousands "over there."

Contributions for this sale will be greatly appreciated, and may be sent to Mrs. R. P. Freeze, or Mrs. Lila Ripley Barnwell.

"CAN THE CAN!"—DO IT NOW!

Five Wagonloads of Cans Gathered by Children of the Riverside School in the Salt Lake City Clean-Up and Paint-Up Campaign.

One of the important features of every Clean-Up and Paint-Up campaign is the collection of germ-breeding tin cans. Many campaign committees lay especial emphasis on this phase of the work.

In Brookfield, Mo., the campaign manager told the youngsters they would be admitted to a special movie matinee upon presentation of "ten reasonably clean empty tin cans, strung on a string."

Woodward, Okla., tried a similar plan—a matinee ticket in exchange for six cans. Two big loads were thus collected.

Abraham Lincoln once said: "I like to see a man proud of the place he lives in." Who wouldn't be proud of a clean, healthful home town? CLEAN UP AND PAINT UP.

"OVER THE TOP!"
