

**OUTLINE OF BACCALAUREATE
SERMON BY MR. MOORES.**

The outline of the baccalaureate sermon, which was delivered by Rev. M. F. Moores to the Blue Ridge School for Boys at the Methodist church Sunday before last, is as follows:

Man is God's masterpiece. You can't be anything greater. "What is man that thou art mindful of him? and the son of man that thou visitest him? For thou hast made him a little lower than the angels, and hast crowned him with glory and honor." Jesus called himself the Son of Man. There was nothing on earth that could represent greatness in a larger measure. "The captain of our salvation was made perfect through suffering;" in this was the perfection of his manhood. Humboldt says, "The finest fruit earth holds up to its Maker is a finished man."

In the beginning God said, "Let us make man in our image" and He has been endeavoring to make men ever since. The ultimate reason for the existence the earth with every living creature, every flower that blooms, every blade of grass and every tree that buds is man, who is to glorify God.

God made some tall men under the ancient regulations of His people—Abraham, Moses, Daniel, Isaiah and many another, but today, after the crucifixion of their Savior, His people are scattered to the four corners of the earth and there is not a leader among them.

Greece at one time endeavored to make men. And she made men—Plato, the giant intellect of the ages, Aristotle, Herodotus, Demosthenes and others who still live, but she seems to have lost the power to produce men. The United States has always produced men.

But whatever nations may do, the question for you young men is, "What shall I make?"

Nebuchadnezzar made a city of splendor and beauty with its hanging gardens and its palaces, and with pride boasted of his achievements, but the soul of him had been drawn out into bitumen, and mortar, palaces and hanging gardens. He made a city but lost his higher self and nothing but the brute was left. Then he ate grass like an ox.

Another person of Bible record, instead of making a man, made a fool.

**CLIP THIS AND PIN
ON WIFE'S DRESSER**

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called *Freezone* when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says *Freezone* dries immediately and never inflames or even irritates the surrounding skin. A small bottle of *Freezone* will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women welcome this announcement since the inauguration of the high heels. If your druggist doesn't have *Freezone* tell him to order a small bottle for you.

**THICK, GLOSSY HAIR
FREE FROM DANDRUFF**

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of *Danderine*.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try *Danderine*. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of *Knawton's Danderine* from any drug store and just try it.

**LEMONS WHITEN AND
BEAUTIFY THE SKIN**

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

The soul of him was taken up in dirt, greater barns, and the thought of ease. Then God said "thou fool."

The ultimate reason for the existence of any city with its temples and palaces, its parks, or hanging gardens is man, and the ultimate reason for fertile soil and big barns and cattle is man, to glorify his Maker.

Nothing can keep you from making a man. Diocletian who became an illustrious emperor of Rome was born of parents who had been slaves in the house of a Roman senator. Maximian was born a peasant.

Daniel was a saint and a hero in spite of his enslavement at Babylon. He was a non-conformist. The three Hebrew children were non-conformist. Emerson says, "Whoso would be a man must be a non-conformist."

Think and do what is right without conformity to custom or conventional thinking. Conformity destroys individuality.

A real man is greater than his environment, and rises above it.

**COPY OF HENDERSONVILLE
PAPER PUBLISHED IN 1865.**

T. E. Osborne, of the Horse Shoe section, exhibited to the Hustler on Saturday a copy of the Hendersonville Times, published by Samuel P. Brittain on Feb. 2, 1865.

Those were war times and the Times sold for only \$20 a year.

A few news notes would restore to memory of older residents things of long ago, such as the marriage of Pinkney Johnson, now a resident of the Yale section, to Miss Julia Jones, by Rev. Mr. Burnett; and the wedding of G. W. Jones to Miss Elizabeth Cagle, by Rev. James Blythe.

W. D. Miller was commissary agent and he served notice in the Times that supplies were scarce and that the government would take possession of the surplus and that people should bring in all their products to Hendersonville and get the benefit of a local appraisal in value. Mr. Miller was the father of Davis, Tom and Will Miller, residents of this county.

NORMAN MILLER'S EQUIPMENT.

Norman Miller has installed new and modern machinery so that he may be able to compete with the shortage of labor and the increased demand of summer work.

The machinery in his cleaning, pressing and tailoring establishment is very unique within itself. It consists of a filter, which cleans the gasoline that is to be used. There are two cleaning machines, one cleans with steam, while the other one uses gas and a dry soap.

DR. E. E. BOMAR.

(From Biblical Recorder.)

We are delighted to know that our good friend, Dr. E. E. Bomar, has entered upon his work as pastor of the First Baptist church of Hendersonville. Dr. Bomar is a fine worker, a good preacher of the gospel, and a useful citizen of any community in which he lives. We extend him a hearty welcome to our State.

**WALTER SMITH DOING
WELL IN FRANCE.**

The following from Major Coe will be of interest to friends and relatives of Walter Smith:

Mrs. W. A. Smith,
Hendersonville, N. C.
My Dear Mrs. Smith:

Thought I would take a minute or two to tell you that the boy is doing fine and looking fine.

He is doing good work and making good in every way. Just recently been given two different, rather important missions, one of which took him to the south of France. On this mission he was required to act as his own interpreter and that he brought his outfit back in good time and in good shape speaks well for his ability to learn language.

He seems to have the perfect good will of the field officers of the regiment, which was evidenced by his advancement to master engineer, senior grade, and his more recent recommendation for a commission as second lieutenant in the regiment.

With best regards for Mr. Smith and the girls, I am,

Yours sincerely,
C. S. COE,
17 Engineers Reg.
Am. Exp. Forces, France.

SPEAKING AT EDNEYVILLE.

G. B. Hill, of Edneyville, was in the city Monday and arranged with E. W. Ewbank and Dr. C. Few to speak to the Edneyville Fair association on next Saturday night at the school building.

Dr. Few will speak on the importance of fair work and Mr. Ewbank will speak on the subject of farming.

METHODISTS AT RED CROSS.

The Hustler published two weeks ago the names of the ladies who are to have charge of the Red Cross rooms from time to time. Wednesday afternoon was left vacant for awhile. The Methodist ladies have taken it for their work period.

MANY LIKE THIS IN HENDERSONVILLE.

Similar Cases Being Published in Each Issue.

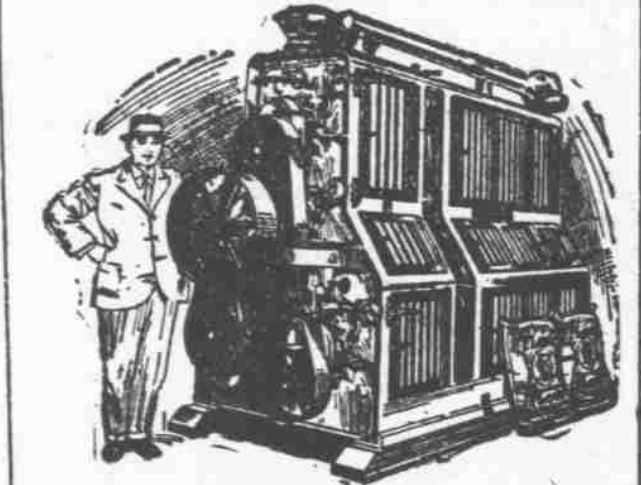

The following case is but one of many occurring daily in Hendersonville. It is an easy matter to verify it. You cannot ask for better proof.

C. H. Edney, blacksmith, Route No. 2, says: "Some time ago I had a lot of trouble with my back and kidneys. My kidneys acted irregularly and the secretions were highly colored and full of sediment and caused a scalding sensation in passage. My eyes would blur, I would get dizzy and my head ached a good deal and I felt tired and run down. Hearing of Doan's Kidney Pills, I got a supply and felt better right away. Continued use entirely cured me."

**WHOLESALE DRUG STORE
OPENS IN THIS CITY**

Hendersonville has a new enterprise in the way of a wholesale drug business. The W. R. Harrill company, incorporated, has opened business here in the rock building on the corner of First avenue and Main street. The following are the officers: W. R. Harrill, president and treasurer; J. O. Bell, vice president, and J. E. Jenkins, secretary.

Mr. Jenkins, who is in charge of the business here, will be aided by W. D. Webb, of Forest City, so that Mr. Jenkins may at intervals go out on the road as traveling salesman for the business.

Mr. Jenkins and family recently moved here and reside on Washington street. His family consists of his wife and two daughters, the Misses Lois and Leary Jenkins.

COLORED SCHOOL CLOSSES.

The commencement exercises of the colored school of Hendersonville were held on May 27 and 28. These exercises were considered by many who attended to be the best ever held by the school.

The exercises were featured by solos, duets, quartets, plays, recitations and declamations.

A strong educational sermon was delivered Sunday evening by the Rev. Beaty.

**WAR BRINGS HUGE DEBTS
TO MANY NATIONS.**

The London Economist for February places the total gross debt of Great Britain at 5,678,600,000 pounds (\$27,636,000,000).

The French minister of finance in presenting the budget for 1918 estimated the public debt of France on December 31, 1918, at 115,166,058,000 francs (\$22,227,000,000).

The public debt of Italy at the end of 1917 is estimated at about 35,000,000,000 lire (\$676,000,000).

The debts of the central powers are estimated as follows: Germany, \$25,408,000,000; Austria, \$13,314,000,000, and Hungary, \$5,704,000,000.

Our own public debt is now around \$8,000,000,000, but more than half of this amount has been loaned to the allies. It is estimated that of the total net expenditures of the United States for the fiscal year 1918, exclusive of our advances to the allies, more than one-half will be defrayed by taxation, according to the Treasury Department.—U. S. Publicity Bureau.

**Why Tolerate
a Hot Kitchen?**

Use a New Perfection Oil Cook Stove. It will do your cooking perfectly, give you a cool kitchen—and free you from the dirt, work and discomfort, from coal, wood, ashes and smut. The long blue chimney gets every atom of heat out of the kerosene and concentrates it directly on the cooking utensil or oven.

The New Perfection lights like gas and can be instantly and accurately regulated for any cooking need. It bakes, broils, roasts, boils or toasts to perfection—with no smoke, smell or dirt. And it keeps the kitchen cool.

Made in 1-2-3-4 burner sizes, with or without cabinet top and oven.
