

Notice of Summons and Warrant of Attachment.

North Carolina, Henderson County in the Superior Court, March Term, 1919.

Joseph McCormack and C. P. Hayes, trading as Hayes-McCormack Company, vs. Chase & Company, a Florida corporation.

The defendant in the above entitled action will take notice that on the 8th day of January, 1919, a summons in said action was issued against the defendant by the Clerk of the Superior Court of Henderson County, North Carolina, in an action for damages—plaintiff claiming \$552.60 damages due on account of the breach of an express contract to ship plaintiff a car load of "orchard-run" oranges with a loss by decay of not less than 3 per cent, whereas the defendant shipped car of oranges in which 36 per cent was decayed,—said summons in returnable to the next term of the Superior Court to be held in Hendersonville, N. C., on the first Monday in March, 1919, and the defendant will also take notice that a warrant of attachment was issued by said Clerk of the Superior Court on the 8th day of January, 1919, against the property of the defendant which said warrant is returnable to the next term of Superior Court, for Henderson County, at the time and place named for the return of the summons, when and where the defendants are required to appear and answer or demur to the complaint, or the relief demanded will be granted.

This the 8th day of January, 1919.

GOOD ROADS

IMPORTANCE OF WAGON ROAD

One Drawback to Fall of Rain Is That Roads Are Made Impassable for Several Days.

But for one fact, all of us could rejoice in this rain, meaning as much as it does to the growing crops. The one drawback is the unfortunate fact that the rain will make the roads almost impassable for several days. But the rain is not to blame for this state of affairs. We are. We ought to have roads on which the only effect of rain would be to wash them clean—just as it does with the city pavements. And it's not for the joy-riders alone that we need such roads, says Wichita Eagle. If we had good roads, farmers, who can't work in their fields after a rain, could do their hauling on such days. Now the rain that prevents working the fields prevents hauling to market, except light loads, and at a prohibitive cost. The wagon haul of agricultural products is infinitesimal in distance, as compared with the rail and water haul, yet it costs actually more, according to government statistics. For the benefit of the farmer we need good roads.

MAINTAIN ROADS WITH DRAG

No Better or Cheaper Way of Keeping Highways in Good Order Than by Using Implement.

Road dragging is so simple an undertaking, providing the road to be dragged is first graded, drained and shaped properly, that a summary of its benefits cannot be presented too often, writes George B. Harrison in Farmers Mail and Breeze. Anyone can make a drag and even a boy can keep a piece of road in good shape with the proper instruction at the beginning. A 10-inch or 12-inch log between 8 and 9 feet long or two 3 by 12 planks with 2 by 6 reinforcing strips of the same length, four cross sticks, a chain, boards for the platform and a metal wearing strip are certainly procurable anywhere.

The theory in road dragging which has proved practicable for road improvement is to smooth and shape up the puddled earth of a road to fill the ruts and holes and force the water off the roadway. "Puddled" earth on a road is the wet earth which has been worked up by traffic so that it is dense and when compacted will not let the water seep away. If this compacting is done without any direction ruts and holes appear and hold the water and make a bad road. But if the puddled earth be spread smoothly over the surface of the road with somewhat of a rounded effect it dries firm and hard,

Road Drag Hitch.

and the water, instead of standing in the road and making the holes deeper, must run off to the side—and the traveler has a good road.

The road dragger, or "dragman," as he usually is called, is like a clay worker when he shapes up the puddled earth and smooths the road. He puts the surface in condition and gets the standing water off, and the roadbed dries in that condition instead of holding the water and letting the traffic work the ruts deeper. The dragman could not shape this up with dust any more than the clay worker could fashion his image with dry dirt. But if he gets out right after a rain, while the earth is puddled, he can work his road and the traffic will help him, for the water will be forced out and off the surface. That is why it is so important to drag when the roads are not too dry to puddle or compact. Perhaps the traffic is sufficient to cut up the road after it is dragged, and this discourages the man who does the dragging. But in that case he should follow over the road and do it again if necessary and win the fight for a good road. If he waits until the road is dry because the vehicles rut up his dragged road he will simply plane off the surface and not remove the trouble. If he drags a second or perhaps a third time he will work toward a hard surface, impervious to water and with a minimum of dust, which is the evidence of a well-dragged highway. Perhaps, if the vehicles cut a road when it is first being dragged, the drivers may be persuaded to drive by the side, if that is feasible, while the road is first drying out or freezing.

Follow the Good Road.
Follow the good road and it will lead to a good town and by many a good farm.

Dragging Public Roads.
It is not difficult to prove that dragging the public roads regularly at the proper time probably is the most economical method of highway improvement.

Road Dragging Is Ahead.
Even at maximum costs road dragging is ahead of other maintenance both as to results and for economy.

Use Full Width of Road.
Get the traffic to use the full width of the roadway.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Similar Cases Being Published In Each Issue.

The following case is but one of many occurring daily in Hendersonville. It is an easy matter to verify it. You cannot ask for better proof. C. H. Edney, blacksmith, Route No. 2, says: "Some time ago I had a lot of trouble with my back and kidneys. My kidneys acted irregularly and the secretions were highly colored and full of sediment and caused a scalding sensation in passage. My eyes would blur, I would get dizzy and my head ached a good deal and I felt tired and run down. Hearing of Doan's Kidney Pills, I got a supply and felt better right away. Continued use entirely cured me."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Edney had. Foot R-Milburn Co., Mfgs., Buffalo, N. Y.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady.
Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles... After about the second bottle I felt greatly improved, before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

"You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written glowing letters of the good Cardui has done them. It should help you, too—Try it."

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a vegetable liquid which cleanses the liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.
