

HENDERSONVILLE AN EDUCATIONAL CENTER

A town grows or doesn't grow, very largely, as its educational facilities are good or indifferent. One of the reasons for Hendersonville's consistent growth is the quality of its schools—both public and private.

A recent pamphlet on this subject issued by the board of trade, says:

Hendersonville is steadily developing into an educational center. The city school system is well organized and has an excellent corps of teachers. The high school is on the accredited list of southern high schools, and its graduates are admitted, without ex-

amination and without condition, to the freshman class of the University of North Carolina, which according to the United States Bureau of Education, is one of the four universities in the South whose standing is equal to that of the great Northern Universities.

The public schools of the county are steadily improving. New buildings are constantly being erected; a steady gain is noted in the qualifications of the teachers and the length of the school terms.

There are a number of private schools in the city and county. Fruitland Institute and the Farm School at Naples are rendering a valuable

service which is greatly appreciated by parents of very limited means. Those whose means are greater are attracted by the exceptional advantages offered by the exceptional advantages offered by the Fassifern School for Girls (in Hendersonville) and Blue Ridge School for Boys (just outside the city limits). Both these institutions are on the accredited list, and are attended by students from a number of states. The Carolina Military-Naval Academy, a mile or two outside the city limits, is a new institution which opens this year. It is under practically the same management as the Georgia Military Academy.

MRS. COLT'S FINE ADDRESS

One of the most sincere addresses of welcome made to the women's convention last week was by Mrs. L. M. Colt, president of the Hendersonville club. Mrs. Colt's delivery was splendid.

The address follows: "As president of the Woman's club at Hendersonville it is a pleasure for me to extend to you greetings in their behalf.

"We most cordially welcome you. "We welcome you for the benefit it will be to us, for we know it means advancement and progress in all lines of future club activities.

"It will also be an education to the general public, giving them a higher appreciation of this great organization. It will acquaint them with the endeavors that are being put forth not only along the lines of education and culture but along those border lines which deal with civic betterment and social service.

"We are glad to welcome you to this part of the state. We are proud of these beautiful mountains, its health giving atmosphere, its pure waters and magnificent flowers—all typical of our goodness to a favored people. We want you to enjoy them with us.

"In behalf of the committees who have prepared for this convention, I bid you welcome and assure you they will gladly assist in every way to make your stay with us a pleasant one, and we will feel amply repaid for all our efforts because of the pleasant acquaintances we shall have formed. Again I bid you welcome—welcome all."

MORE MILES ON GOODRICH

Goodrich Victory announcement of more mileage adjustment on Goodrich Tires—fabric 6000, Silvertown—Cord 8000 miles—has made a decided hit with every dealer and automobile owner in this territory, according to

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. E 78

The "Simple Life" in a Bungalow

Cook this summer on a New Perfection Oil Cookstove. It will save you the time and care of many needless household tasks. With this stove you can keep your bungalow kitchen-and-dining room clean and cool—no bother with coal or ashes—no odor, smoke or soot. The long blue chimney insures the intense white flame—one scientific

ally correct—that can be regulated high or low at will. The New Perfection cooks efficiently, dependably—means meals on time and gas stove comfort. All sizes. Don't let this summer find you using the old-fashioned coal range. See your dealer today. Aladdin Security Oil is the best kerosene for all purposes—obtainable everywhere.

NEW PERFECTION OIL COOK STOVES

the Hendersonville Auto Co., agents for the Goodrich Rubber Company of this city.

He further stated that— This new adjustment stands back of all Goodrich Tires, including tires already purchased, in the hands of user or dealer.

Fix these new Goodrich Adjustment figures firmly in your mind—6000 miles for SAFETY TREADS—8000 miles for SILVERTOWNS—instead of the 3500 and 5000 miles respectively heretofore in force.

Goodrich Tires in actual usage on road and pavement are today unfolding such matchless mileage, regularly in excess of adjustment basis, that Goodrich knows it has the strongest, most durable tires the rubber industry has produced.

The Goodrich adjustment mileage is increased because Goodrich knows the mileage in its tires, and it wants to give every motorist a share in their economy, and all-around benefits.

Go to a Goodrich Dealer and buy four Goodrich Tires—sure that with fair and square usage a Safety Tread will render you at least 6000 miles; and a Silvertown Cord at least 8000.

The newspapers, as usual, formed the backbone of this very unusual announcement and the comments by everyone who has read this advertisement that it is all that a 100 per cent effective advertisement should be. The B. F. Goodrich Company believes in newspaper advertising, and is now conducting one of the most effective as well as result-bringing campaigns that is now appearing in the newspapers on Goodrich Safety Treads, Goodrich Silvertown Tires and Goodrich DeLuxe Truck Tires.

ADMINISTRATOR'S NOTICE

Having qualified as the Administrator, C.T.A., of the estate of Susie Vida McCullough all persons indebted to the said Susie V. McCullough should immediately make settlement of such indebtedness to the undersigned; and any and all claims which may be outstanding against said estate must be presented for settlement to the undersigned at Citizens National Bank within 12 months from the date of this notice otherwise it will be pleaded in bar of their recovery. This May 5, 1919.

C. S. FULLBRIGHT, Administrator C. T. A.

GROW SUGAR BEETS

The possibilities of the sugar beet industry in Henderson county are at last to be given a systematic try-out, according to the address of Victor J. Garvin made before the board of trade and published in The Hustler. The article should be read and carefully considered by every farmer in the county, after which it would seem to be the part of wisdom to call at one of the banks here and secure a portion of the free seeds Mr. Garvin says is there for distribution.

Where the sugar beet comes in there poverty among the farmers flees out the window. The market is certain the price is fixed and high, and the crop is a soil renewer. It is believed the sugar beet will grow here and if the farmers will cooperate this year and demonstrate that it will grow here, there is an excellent chance of a million-dollar beet sugar factory being built in Hendersonville, and the placing of more than half a million dollars in circulation.

By all means go to one of the banks and secure some of the free seeds. They are good for the table and for stock and may be the starting of a great industry here.
