Electric Lights On Chimney Rock

Chimney Rock Beautifully Lighted; Making it Popular by Night as Well as by Day; Unprecedented Crowds.

The stars in the skies winked and blinked in astonishment the other night when they saw rival stars just a little below them on Chimney Rock attempting to outshine them. The electric lights there had been switched on for the very first time for the very first time since Time itself began electric lights were shining in that land of mystery and sheer charm called Chimney Rock, and the effect was weird and very beautiful indeed.

The restaurant pavilion on the

Where Electric Lights Make Stars Jealous.

rock overhanging nothing but atmosphere was brilliant with many soft lights, the many paths, the very bowels of the monstrous rock itself was illuminated with little globes of light. The effect, seen from the highway, may not be described. There is but one thing to do—go see it. The memory of it all will stay with you during the coming years.

It's something new in the world—night life at Chimney Rock, where dances are held each week night, where the dull roar of Broad river comes up to you mysteriously, and where man-made stars now rival those ancient lights in the skies above. But what do those who once lived there, and who, perhaps, still linger near that Rock—what do they think of this turning of a primitive wilderness into a great white way, where summer folk motor and dance so high in the air?

BAPTISTS TO GATHER IN HENDERSONVILLE

Intercessional Conference in Hendersonville Sept. 4 to Plan For 75 Million Dollar Campaign.

(By Rev. T. W. Chambliss in Biblical Recorder)

The Baptist 75 Million Campaign is of God—so believe the Baptists who were present at the Southern Baptist Convention when the campaign was planned. Thousands of other Baptists who were unable to be present at the Convention believe the same way and feel that the determination of Southern Baptists to increase their gifts to Kingdom causes until the minimum shall reach fifteen million a year is an answer to the prayer that has gone from thousands of earnest hearts for years—a prayer for larger effort on the part of Southern Baptists.

Launching the Baptist 75 Million Campaign means that there must be seasons of intercession—intercession for the manifest presence of God's power in the hearts of the people and within the lines of every Baptist church. This is true in North Carolina, and knowing the need, Director Walter N. Johnson and Organizer W. R. Cullom have made their plans for forty-six intercessional conferences, in forty-six communities for the specific purpose of gathering together North Carolina Baptists at points within easy reach and in the conferences intercede with God and confer with one another concerning the work to be accomplished during the next four months.

It is desired that every individual Baptist shall be urged to attend one of these conferences. Attend the conference nearest and most convenient but be sure and attend one. It is hoped that business men, those men who are making North Carolina great, will leave their business one day and pray with their fellows and confer with each other concerning the King's business.

THACHER MEDICINE CO.
Chattanooga, Tenn., U. S. A.

Mrs. Parula Franke, Longview, Tex., expressed appreciation of STELLA-VITAE in these words: "I cannot say too much for this wonderful medicine. I had taken other female medicines for two years with no good results. I am truly grateful for the good STELLA-VITAE has done me."

"Rat-Snap Beats the Best Trap Ever Made," Mrs. Emily Shaw Says
"My husband bought \$2 trap. I bought a 50c box of RAT-SNAP. The trap only caught 3 rats but RAT-SNAP killed 12 in a week. I'm never without RAT-SNAP. Reckon I couldn't raise chicks without it." RAT-SNAP comes in cakes. Three sizes: 25c, 50c, \$1.00. Sold and guaranteed by Burkmyer Brothers, Hendersonville Hardware Co., Bland Hardware Co. and Hunter's Pharmacy. 7-7-4tc

Titan 10-20 Kerosene Tractor

THIS tractor is designed and built to operate from start to finish on low-priced kerosene (coal oil), or distillate. It does more than simply run on kerosene—it delivers its full rated horse power or does any kind of work within its capacity on any kind of oil fuel above 39 degrees Baume.

What This Means to You
It means that at the present prices of gasoline and kerosene in this locality you will save fully one-half your fuel costs over a tractor of equal horse power operating on gasoline.

At Drawbar and Belt
A Titan 10-20 will furnish dependable power in all seasons. For field, road, or belt work it can be used day and night if the case demands. It will do this work at the least possible expense because it operates on low-grade fuels.

It is worth your while to examine the record of the Titan 10-20. Find out what it is doing for others and then apply that to your own case. Then give us your order so that you can get delivery of your tractor when you want it.

Worry

over his inability to stave off business failure, caused Brown illness and subsequent death.

Now Mrs. Brown is moving out of the little home, because she is unable to keep up the payments.

And she will be obliged to find employment in order to take care of herself and the two children.

If Brown had carried his loan with us, the property would have been deeded to his widow at his death.
