FIRST FLOOR ENGAGED BY FIVE CONCERNS

Second Floor to Make Two Modern Apartments; Building Material on Ground; Work Begins Soon.

Brownlow Jackson will begin the erection of a brick business block of 80 feet in front of the postoffice within the next few weeks. Material is being placed on the ground.

The building will be on the lot occupied by the Marlboro Villa, which has been purchased by J. O. Bell and will be moved to his recently acquired lot formerly occupied by the greenhouse.

Mr. Jackson was fortunate enough to rent the entire lower floor before placing any material on the ground. The second floor will provide two modern and attractive living apartments.

The first floor will be occupied by Dr. Robert Sample, Miss M. E. Woodall, Western Union Telegraph Company; Smith, Jackson, Morris Company; Smith, Shipman & Arledge and J. O. Bell, nearly all of whose leases cover a period of five years.

The new business block will have a frontage of 80 feet and a depth of 54 feet. Erection will begin soon and the work completed as early as practicable.

The new series of building loan opened Saturday with the sale of 1,150 shares, representing a maturity value of \$115,000.

The series which opened six months ago was the largest in the history of the Laborers Building and Loan Association but the series which opened last Saturday was twice as large as the last.

The sixth series has matured as a result of which shareholders were paid \$12,300 in cash and canceled mortgages.

The present series will be held open a few days to accommodate those who want to get in on the popular series.

The building and loan has a splendid record in accommodating people in building homes and making regular and systematic savings.

GARDNER AND BRITT MAKE STRONG ADDRESSES HERE

One of the publicity features of the campaign for the school bonds was the educational rally Friday night, when a representative gathering at the city hall heard Lieutenant Governor O. Max Gardner of Shelby and ex-Congressman James J. Britt of Asheville.

The speakers were introduced by E. W. Ewbank, who presented Mr. Gardner as the next governor of North Carolina.

The speakers were heard with much interest and they delivered unusually strong educational addresses.

Mr. and Mrs. A. J. Draper, who have been spending the season at their home near Lake Kanuga, left last week for their winter home in Charlotte.

Mrs. Cora Thornton, who spent the summer with friends and relatives in Virginia, has returned home.

Landslide for \$30,000.00 High School Bonds; 289 Votes for Bonds, Only 26 Against

The cause of education and the desire for improved educational facilities triumphed in Hendersonville Tuesday when the citizens rolled up an overwhelming vote of 289 for the issuance of \$30,000 worth of bonds with which to purchase the Noterman property and remodel the building for high school purposes. The opposition to this progressive step crumbled to the insignificant vote of 26.

There was a registration of 476. The advocates of bonds recognized the fact that the registration would bear purging but in order to carry the bonds it was necessary to vote a majority of the registration, thereby overcoming the indifference and those openly against the issuance of bonds. City officials and the school trustees

recognized considerable opposition to the bonds and in addition to a publicity campaign of printer's ink and public speaking, waged a strong campaign of personal endeavor. Many of those who favored the bonds and who have a great deal to do with controlling elections, all political faiths, met at the city hall Monday night and organized for hard work on Tuesday. No stone was left unturned. Many a voter was given a ride in automobile to the voting place. Every effort was made to get out the indifferent vote. The light vote during the morning looked a little discouraging but later the advocates of bonds took hope and felt confident of victory before the final vote was counted.

Those in opposition to the bonds

made a flurry for a meeting at the court house Monday night, turned on the lights and rang the bell, but failure to rally a crowd resulted in naught.

Various arguments were used by the opposition. Some wanted a school building in the eastern part of the city; others wanted enlargement of the present plant; some objected to what they considered an exorbitant price for the Noterman property and others objected because of their peculiar nature that opposes progressive measures.

The purchase price of the Noterman property on which the city has an option is \$23,500. The remainder of the \$30,000 bond issue (\$6,500) goes for remodeling and equipping.

SIXTH COMPANY WILL BE REORGANIZED MONDAY NIGHT; COUNTY HONORED

Henderson County Allotted One of Four Companies of North Carolina; Lieutenant Wiltshire Griffith Calls Meeting.

Hendersonville has been allotted one of the four companies of National Guard Coast Artillery to be organized in North Carolina. This is quite an honor for the town and a reflection of the good record made by the Sixth Company, which was composed of some of the county's finest specimen of young manhood.

Authority to organize a company of Coast Artillery has been received and a meeting of all those interested in the re-organization of a National Guard Company, will be held at the City Hall Monday night, September 29.

It will require 100 men between the ages of 18 and 45 years to form the company. All men with previous service in the army, navy or marine corps during the war may enlist in the new company for a period of one year, provided they enlist before January 1, 1920.

The usual two weeks encampment will be held each summer and the act of 1916 allows 25 percent of regular army pay to all enlisted men for attendance at armory drills and full pay during the encampment.

This is a very interesting service and affords a chance for service to your country as well as yourself.

Don't forget the time and place, Monday night, September 29, at 8:30 o'clock.
